

DR024

Installation Instruction

Please read this instruction manual carefully before installation and use.

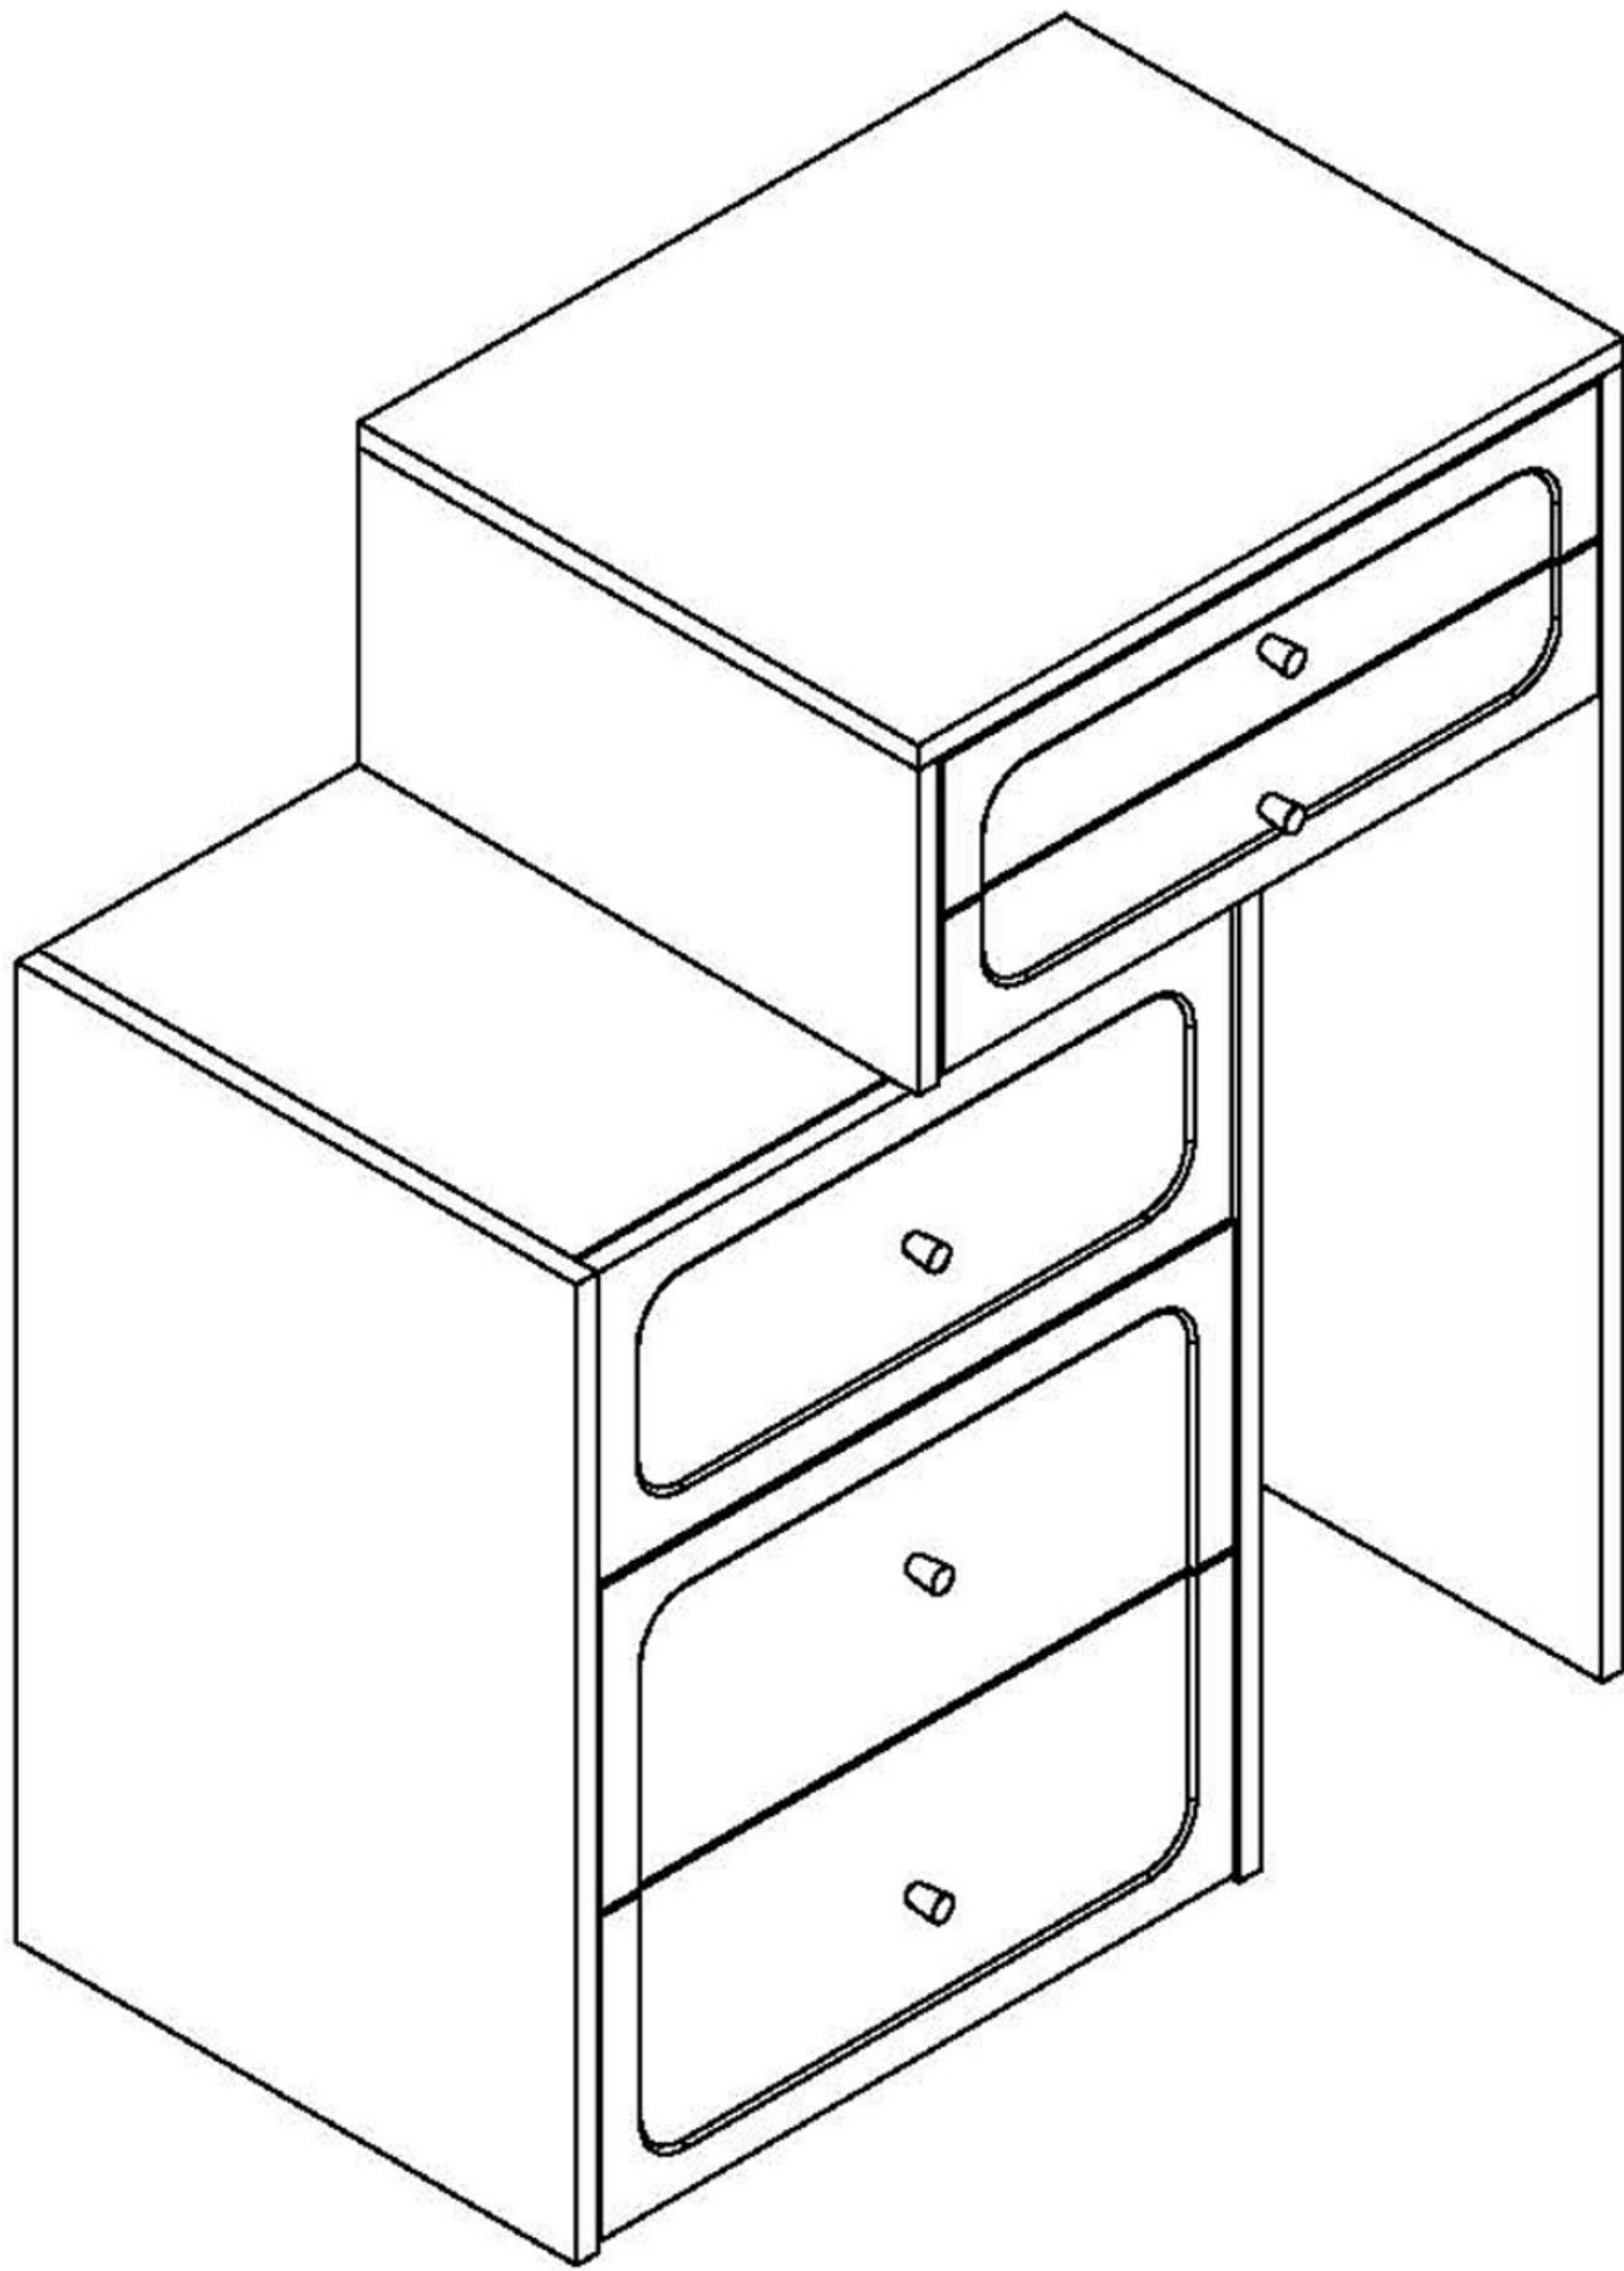

Assembly notes:

- 1. First, make sure that all panels and parts are not damaged or missing.
- 2. During the installation process, be careful not to bump or scratch the panel surface.
- 3. Please read the instructions carefully before installation and install in order.
- 4. Please use each screw accessory strictly according to the instructions.
- 5. The slide needs to be split into two parts when in use. For the splitting method, see the slide instructions.
- 6. Please keep the packaging box in case of any problems. You can check the product model and production batch number printed on the outside of the packaging box.

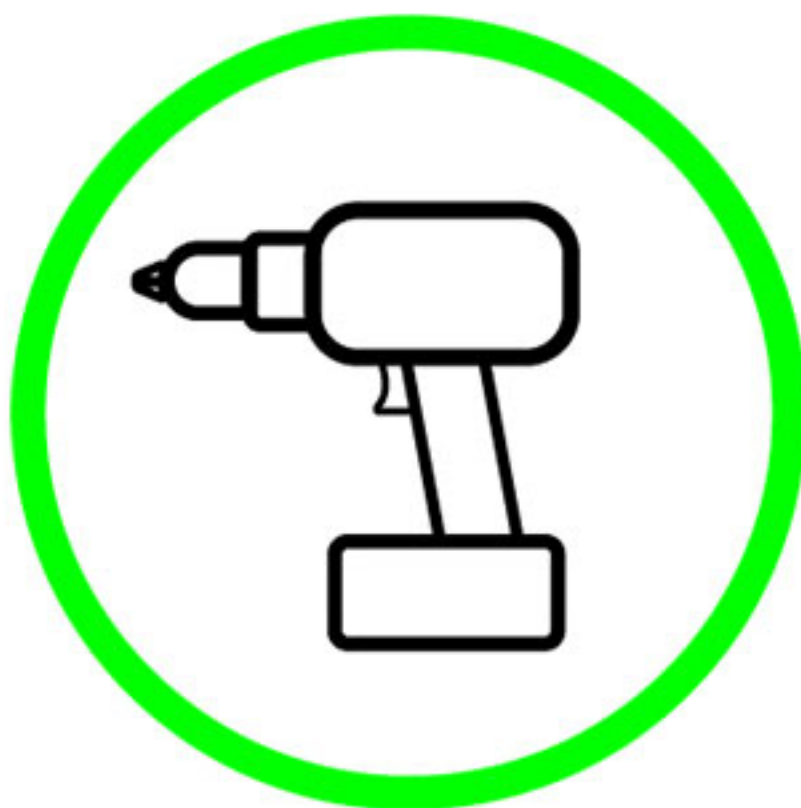

Precautions after assembly:

- 1. After installation, check whether all parts are installed and the locks are locked.
- 2. Check the overall stability of the cabinet to see if there is any vibration.
- 3. When using the lock, do not use excessive force to avoid damage to the lock. Just turn it clockwise until it cannot turn.

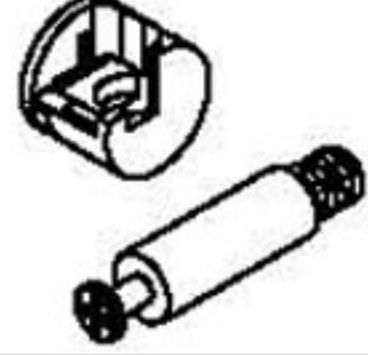

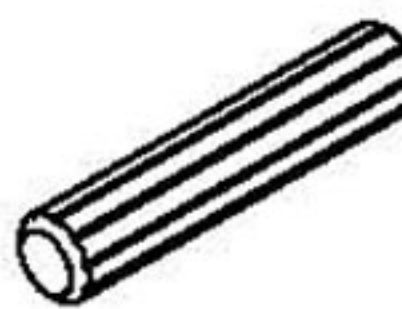

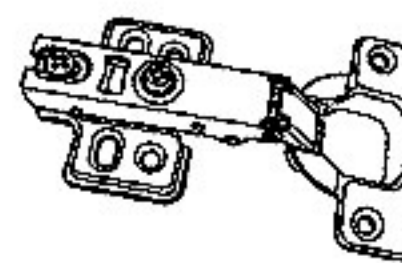

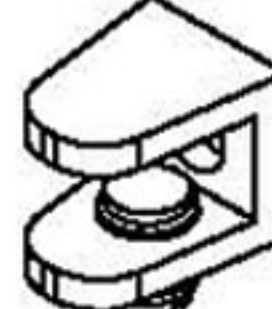

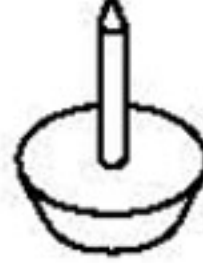

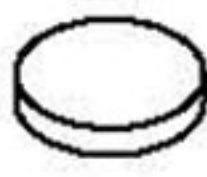

NOTE: ES001 - 3 Speed Portable Cordless Electric Screwdriver is highly recommended for installation.

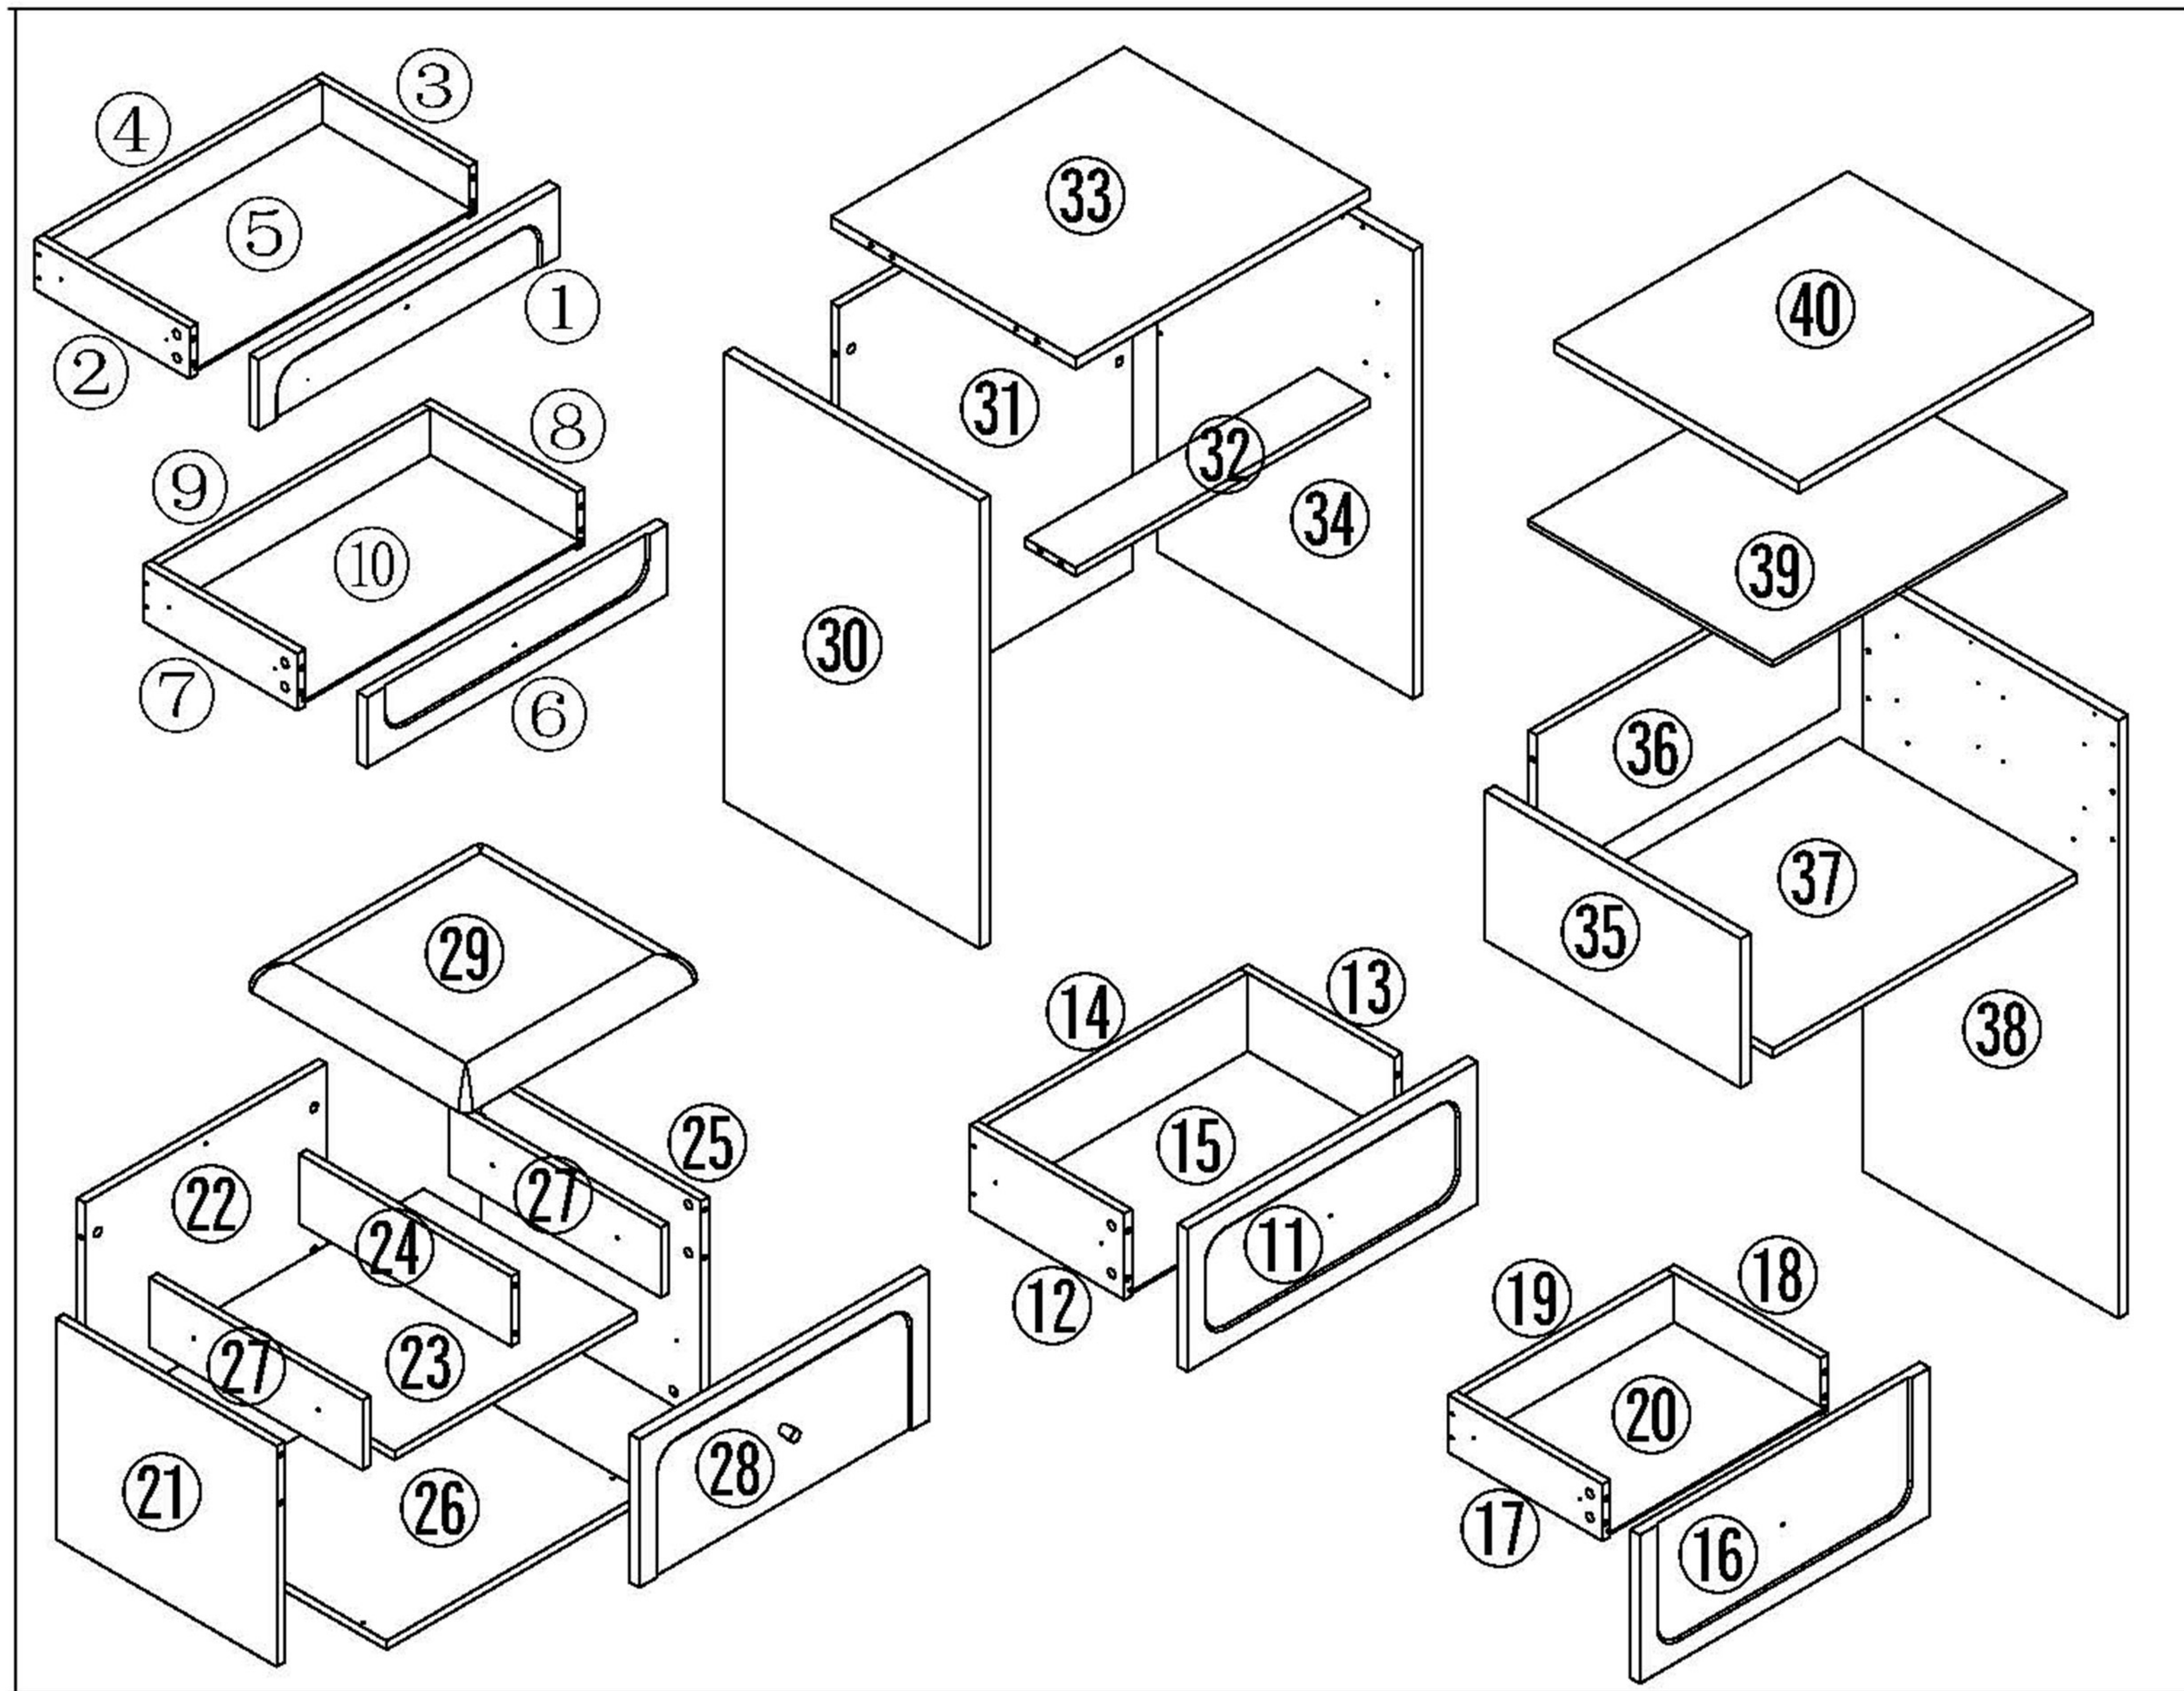

Scan the code to purchase ES001

Detailed description of the main components, please read carefully

H (Hinge) Installation Instructions

Install the hinge with screw **D**

Installation Guide: Threaded Rod, Latch, Pre-drilled Hole (A)

1. Screw the Threaded Rod into the Pre-drilled Hole
2. Insert the installed Threaded Rod into the corresponding hole of the other piece. Press Latch into the hole. Note that the cross arrow corresponds to the insertion direction of the Threaded Rod.
3. Use a cross screwdriver to tighten Latch clockwise. Be careful not to use excessive force.

I (Sliding Rail) Installation Instructions

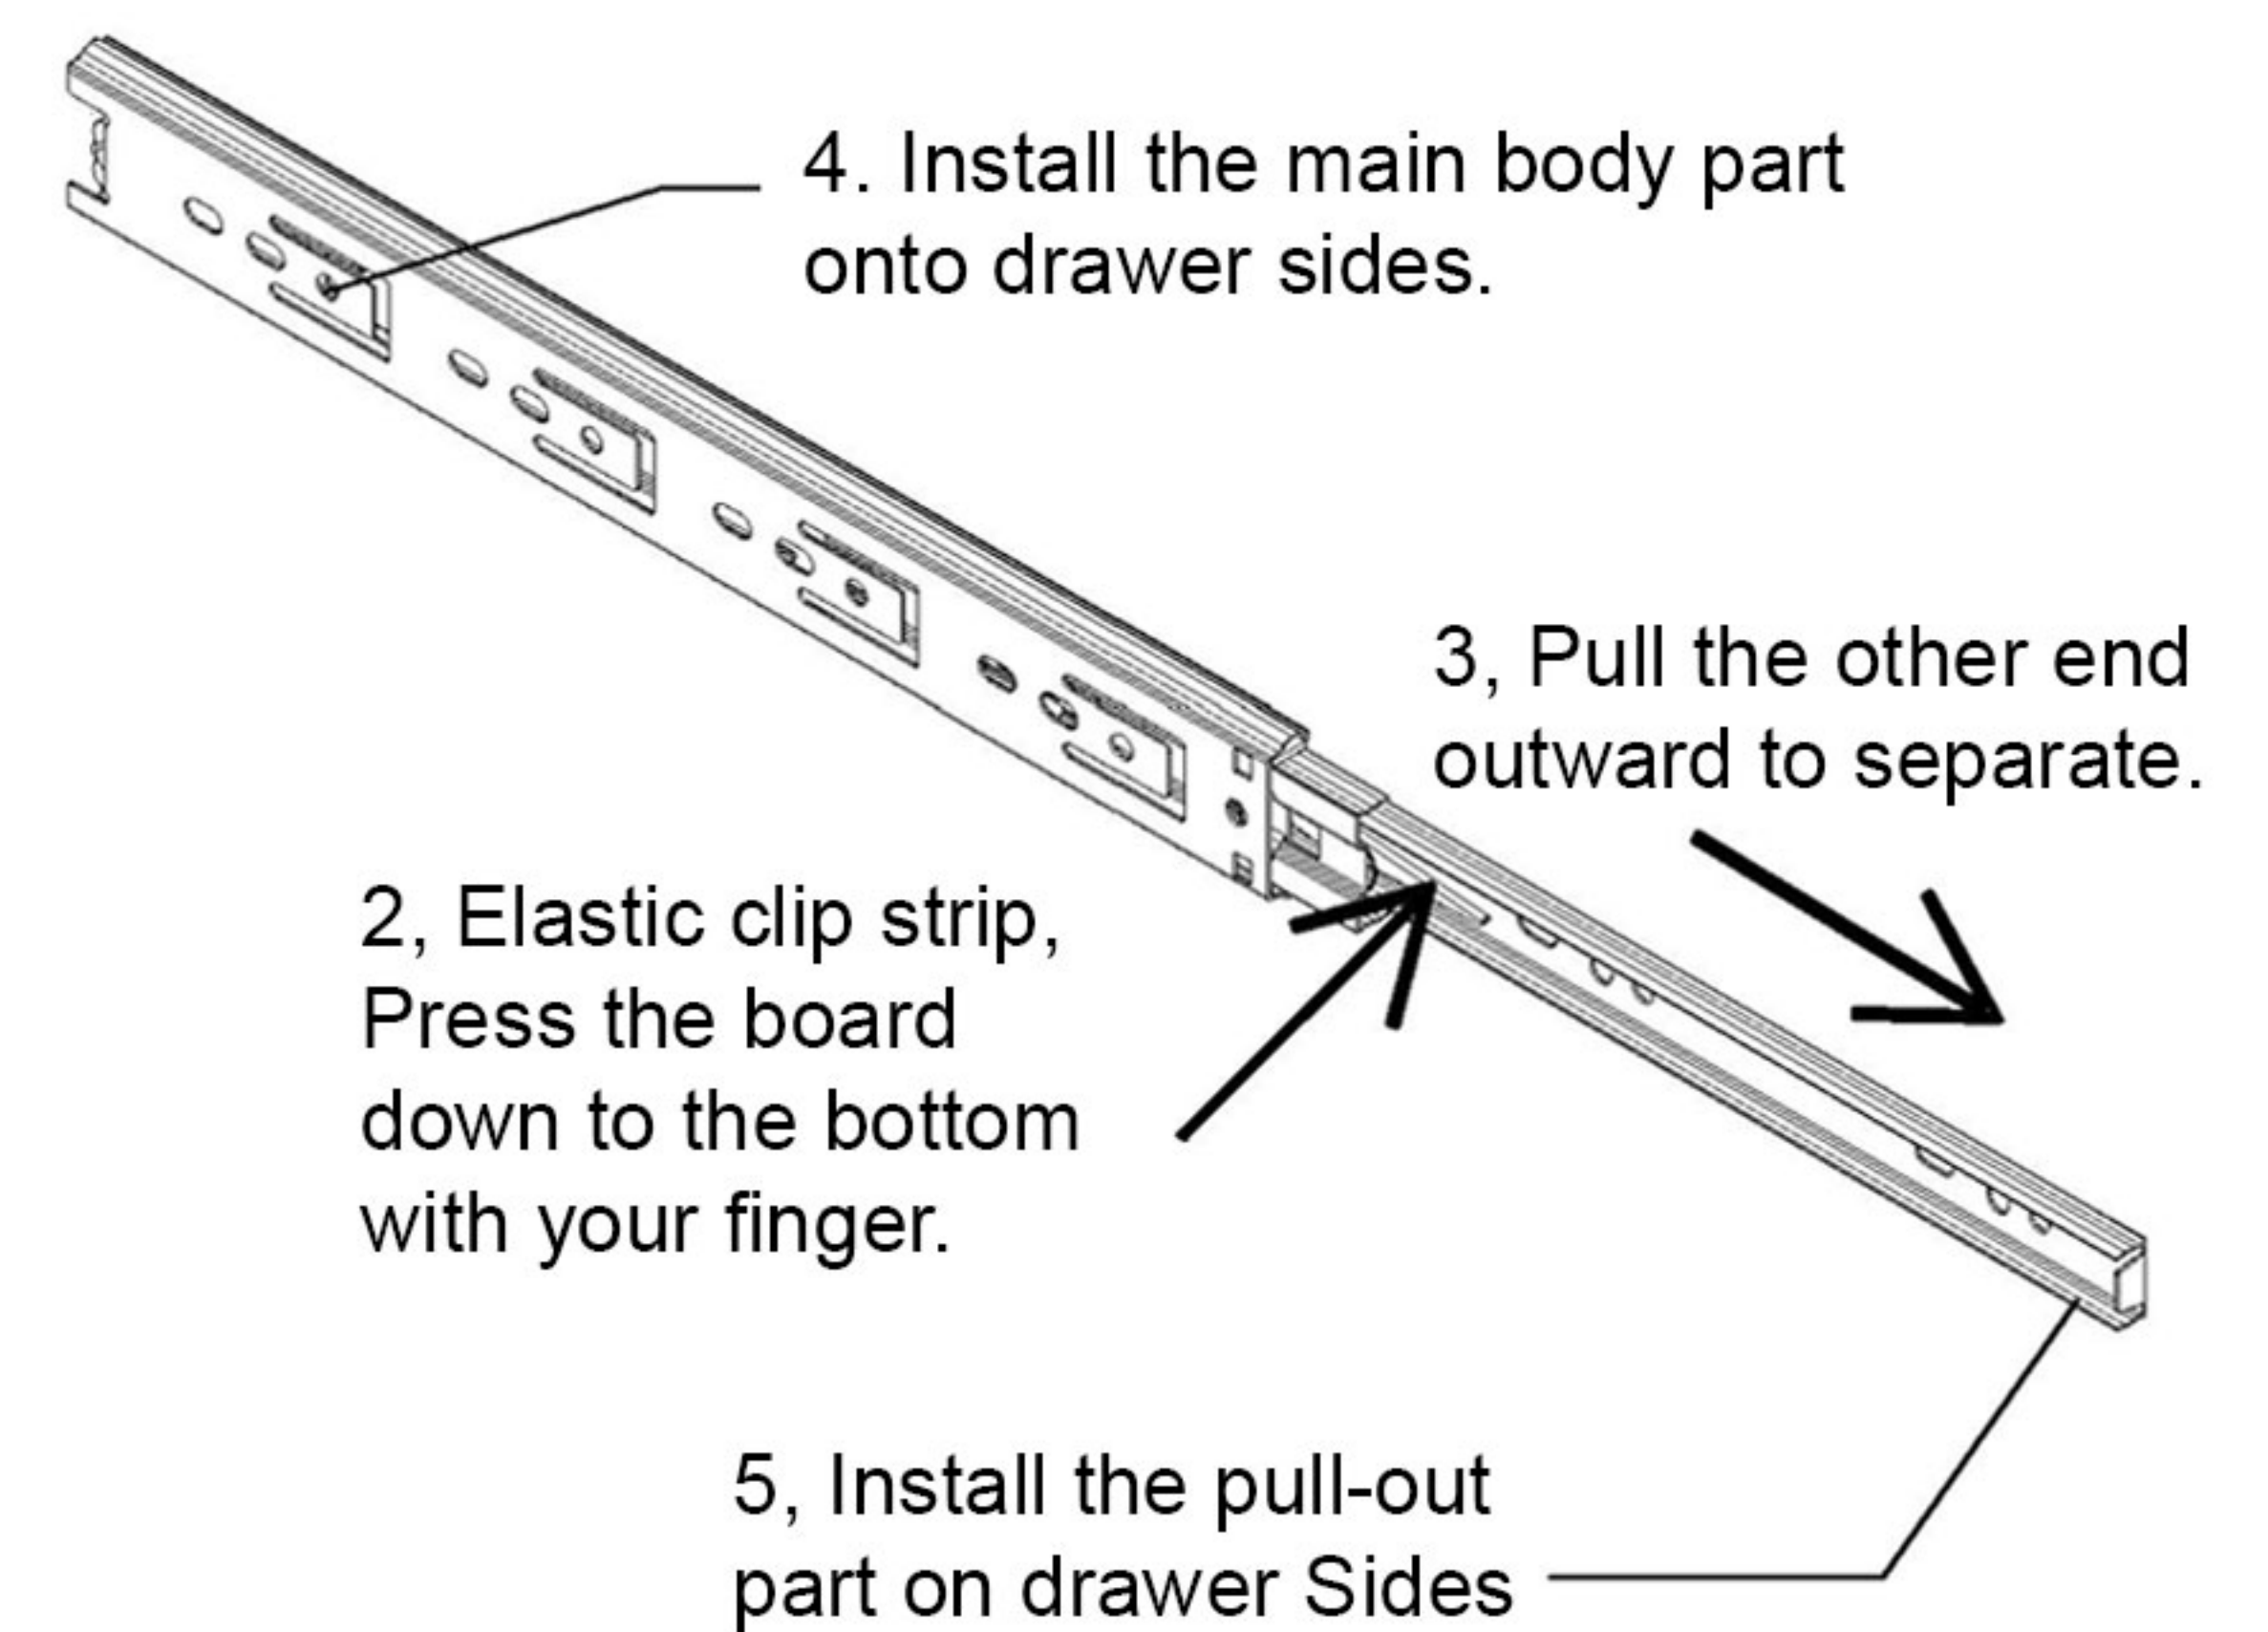

When installing I, use with screw D

1, Separate I (Sliding Rail)

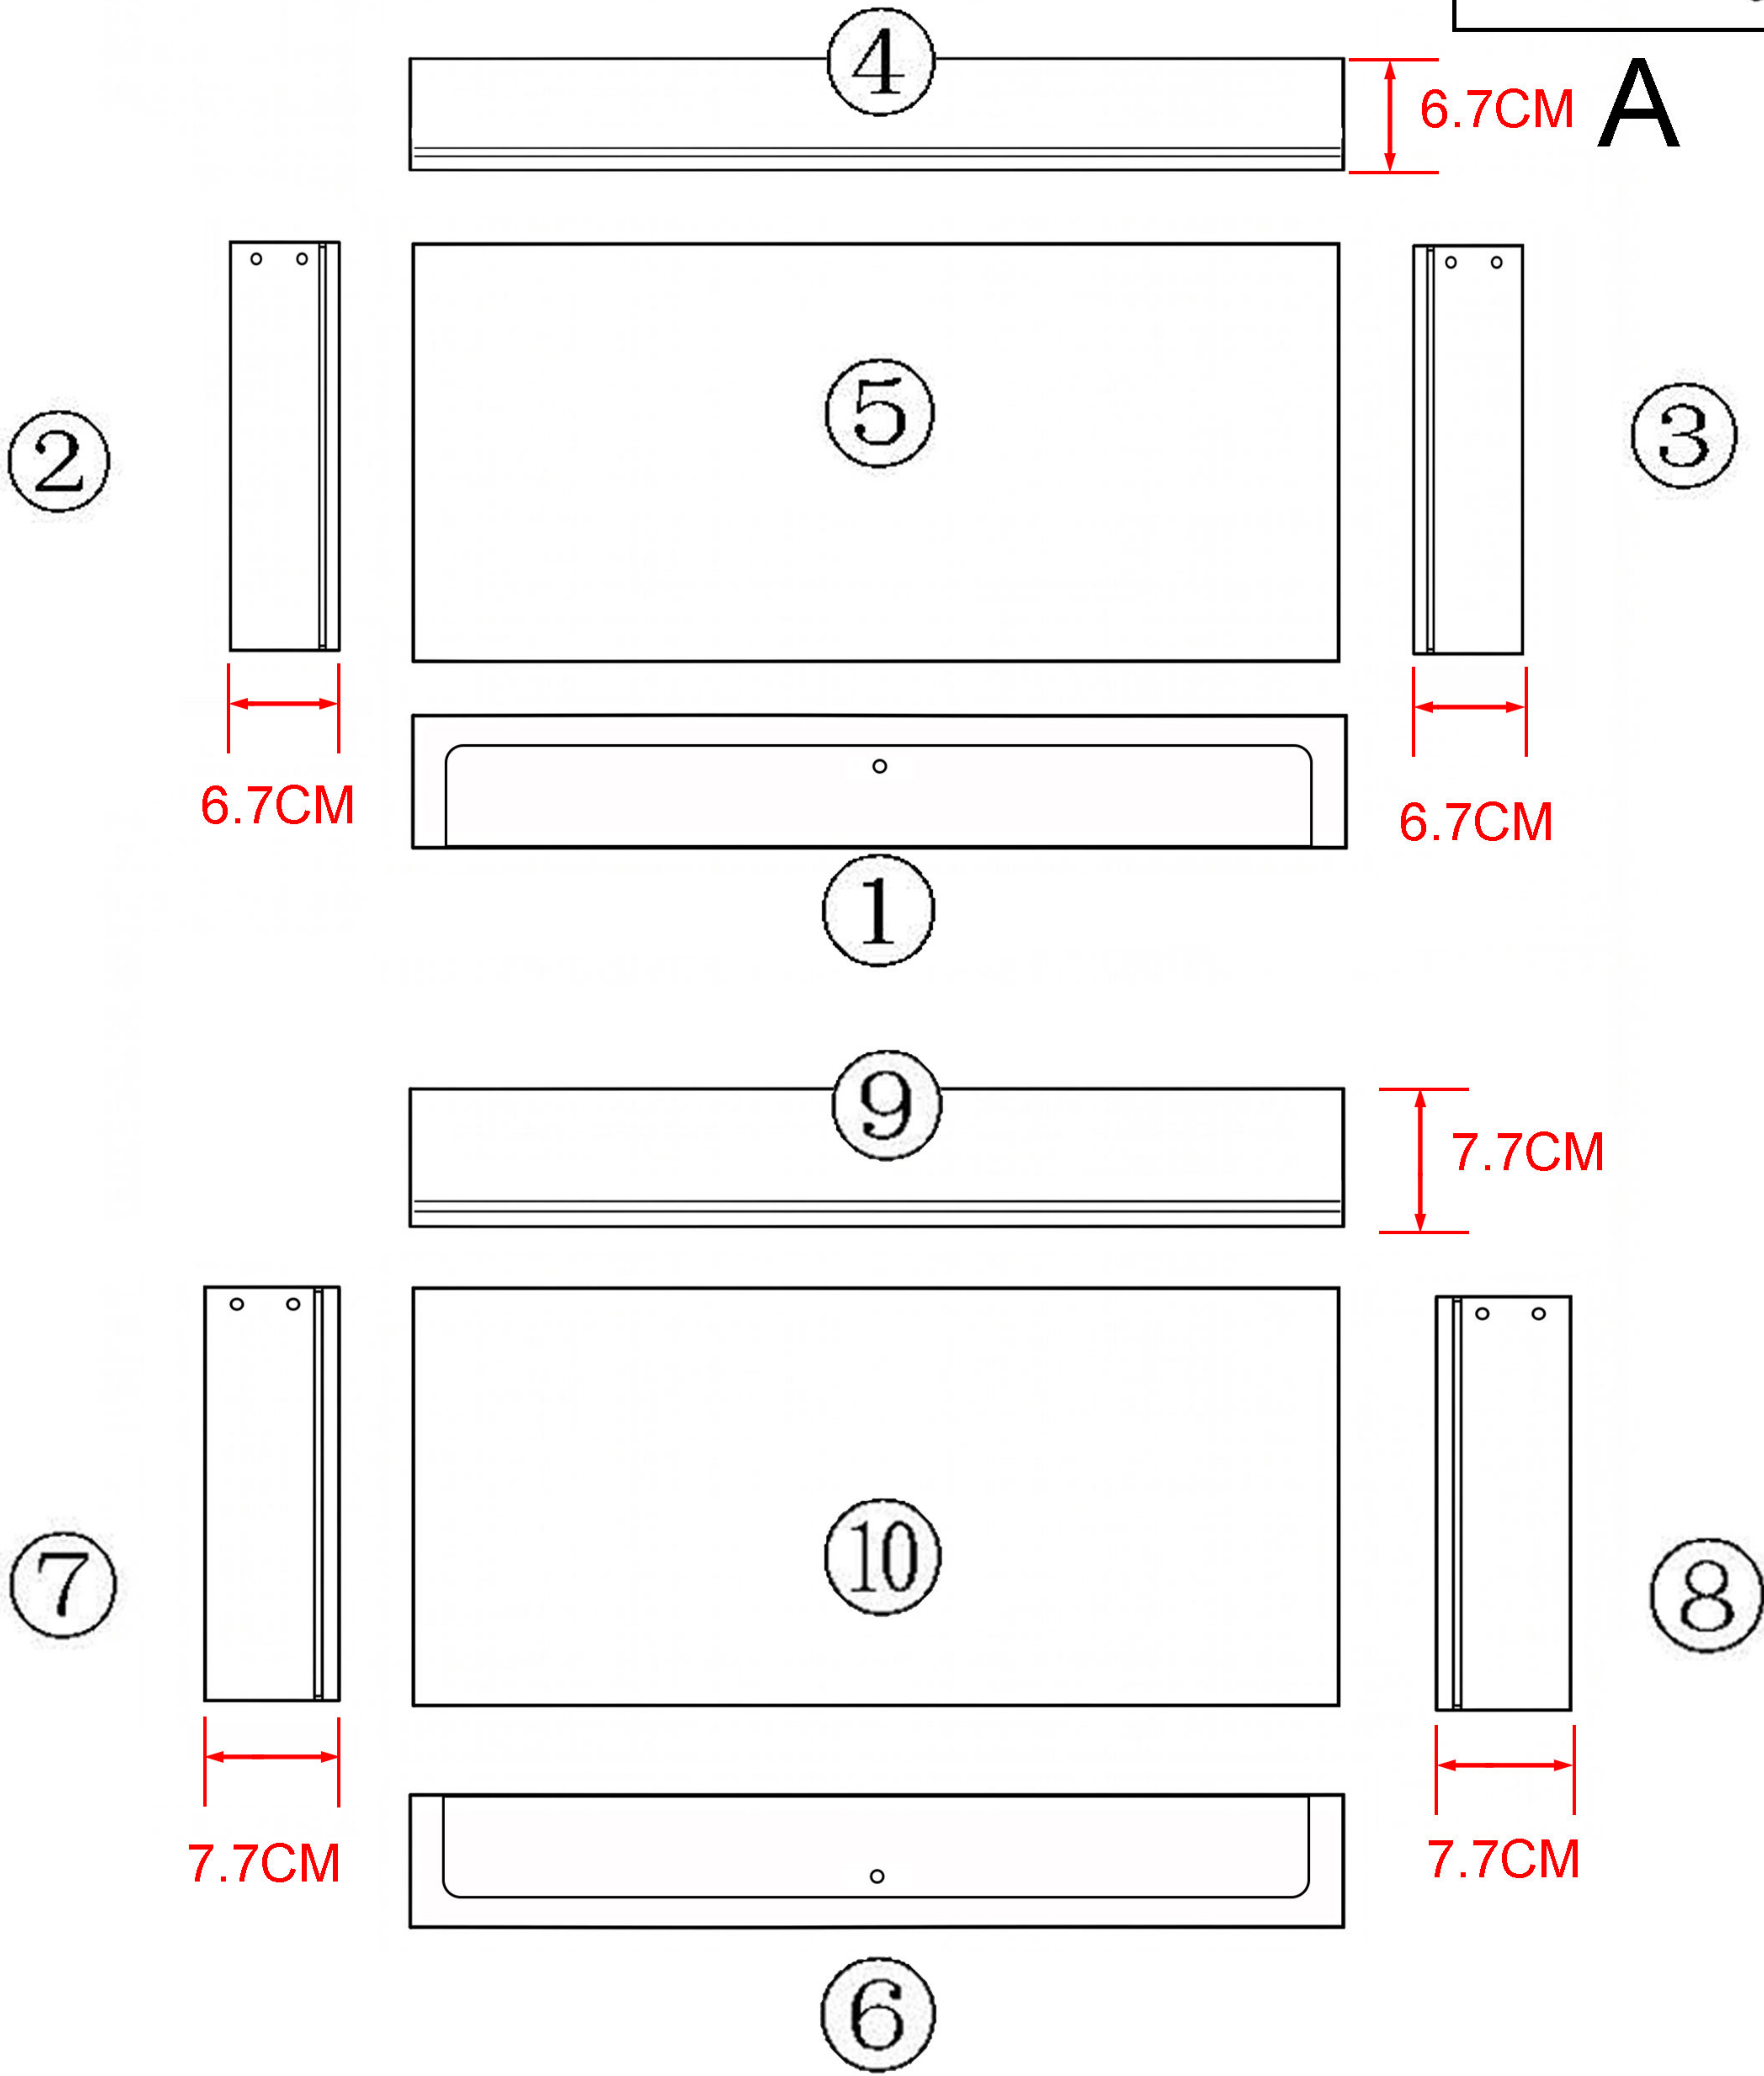

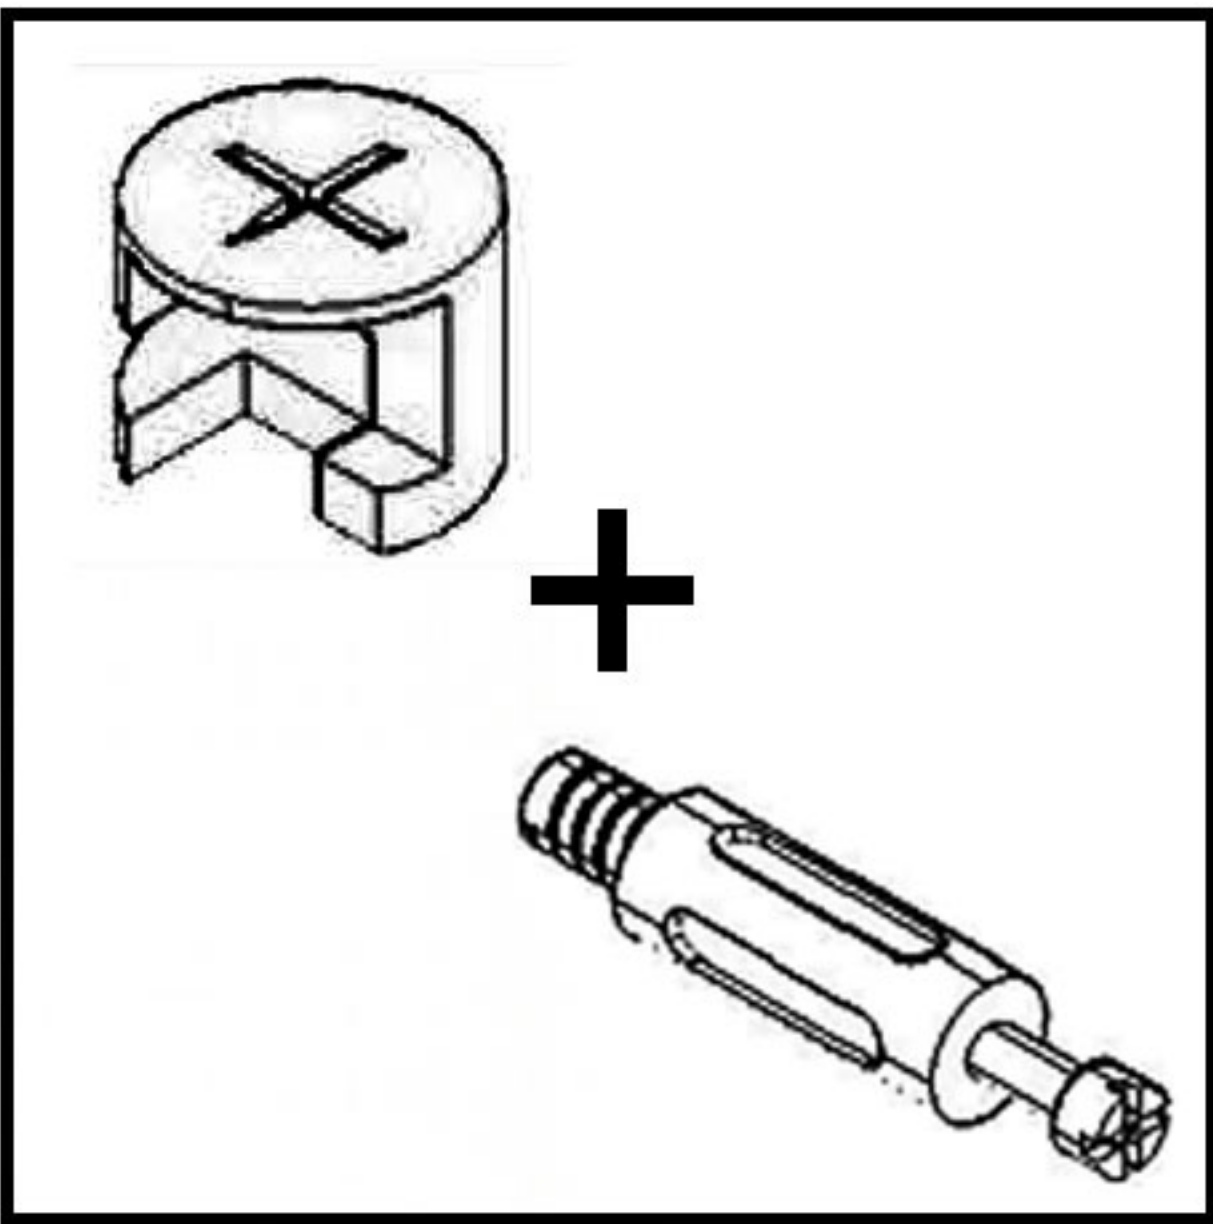

The main body part

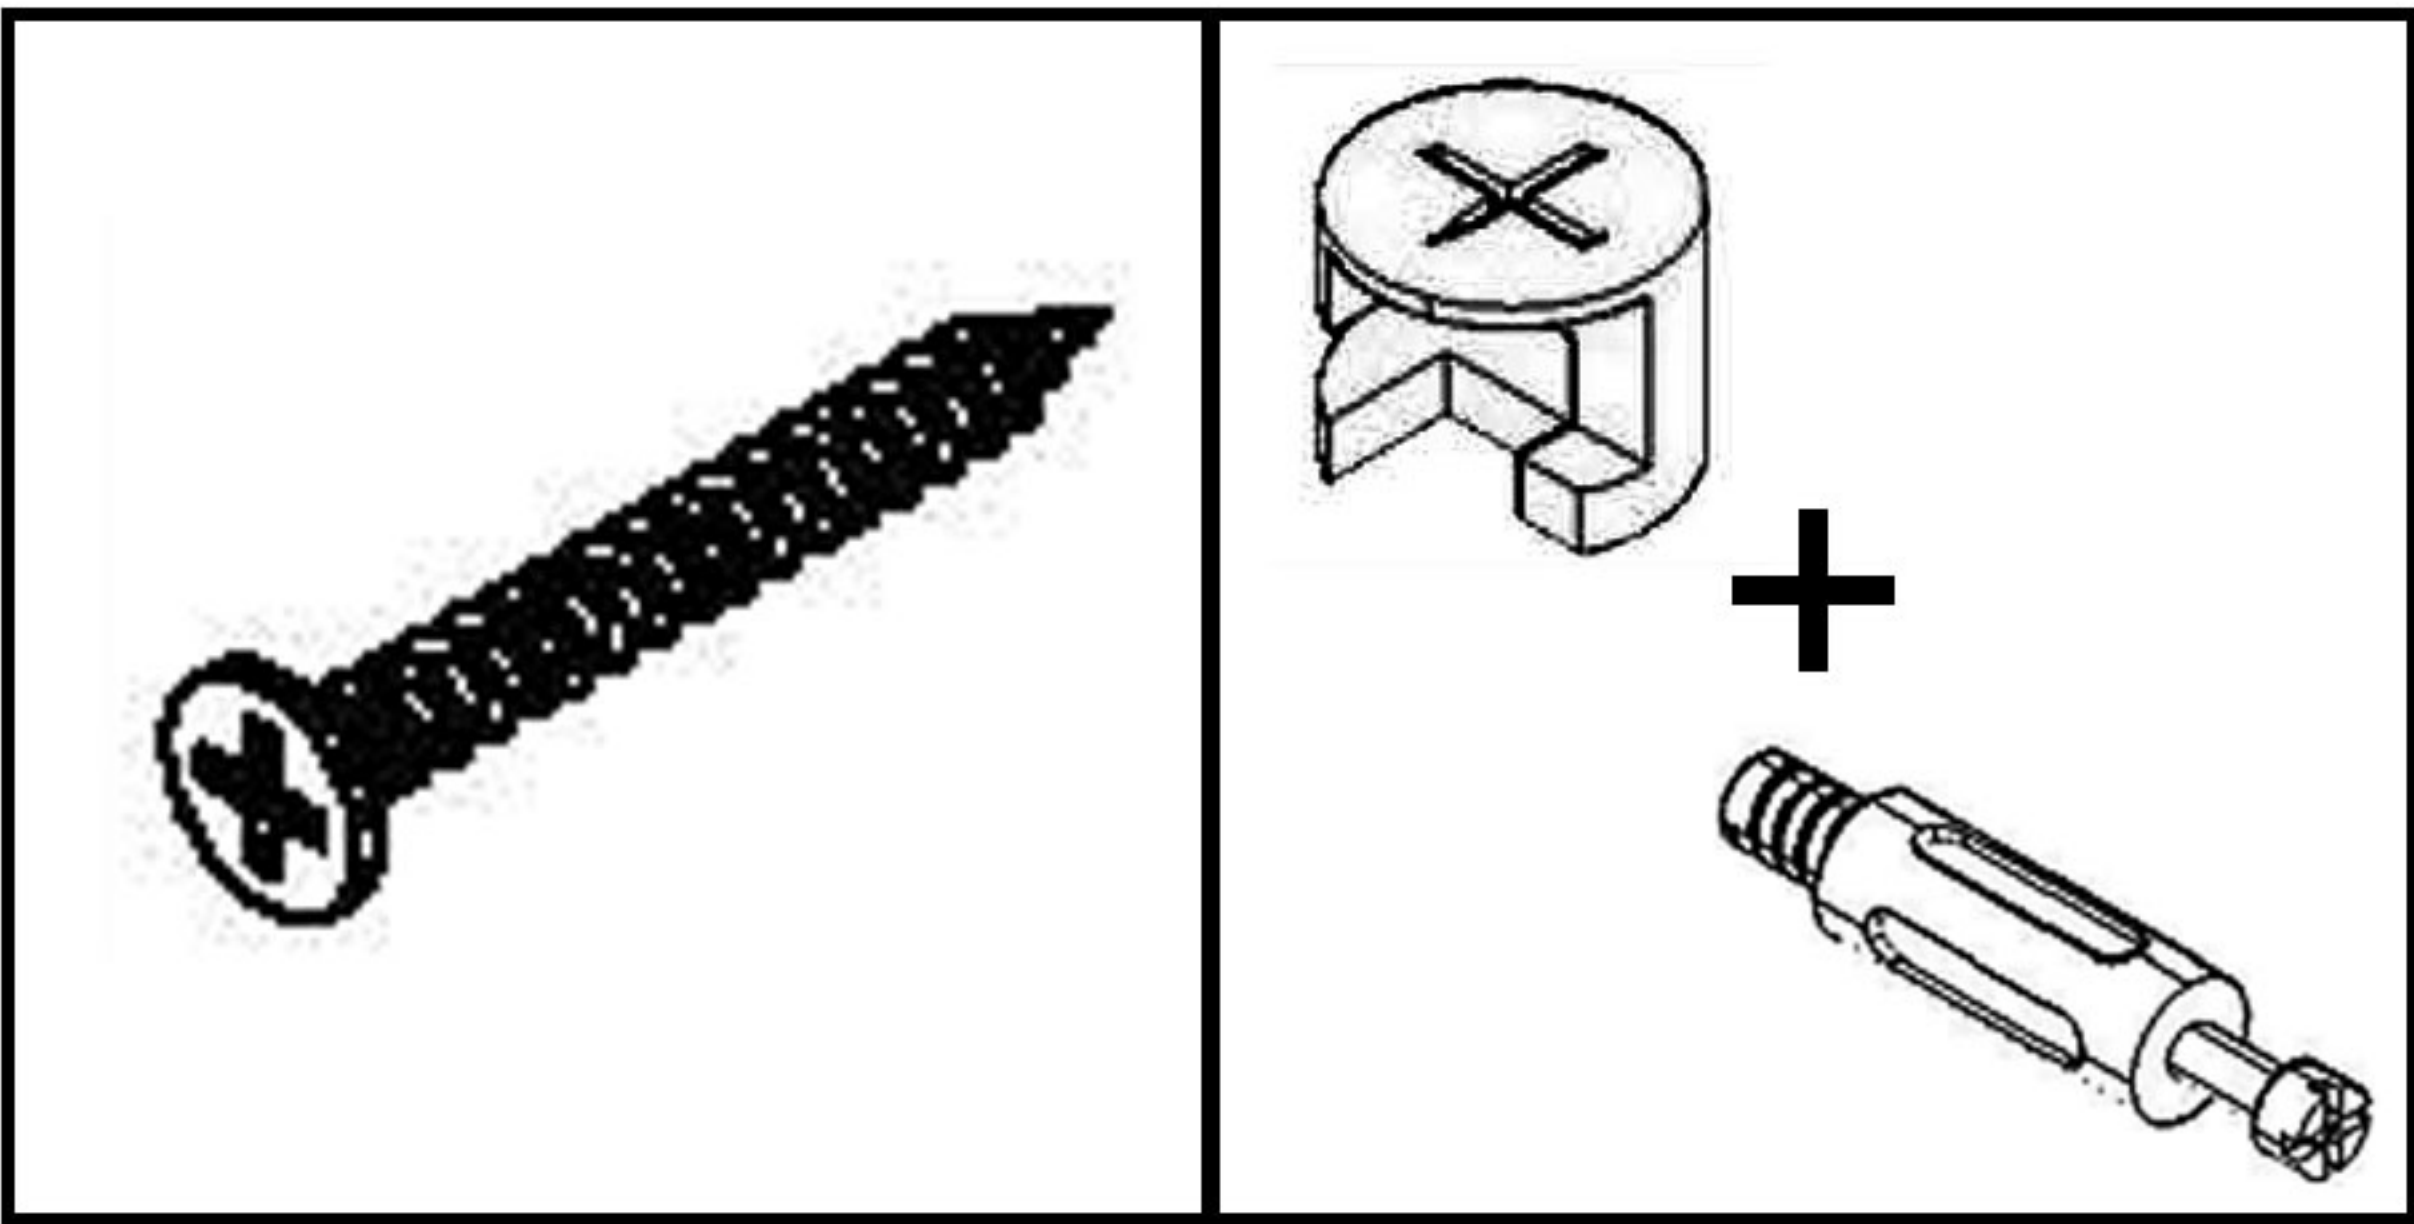

The pull-out part

Step 1:

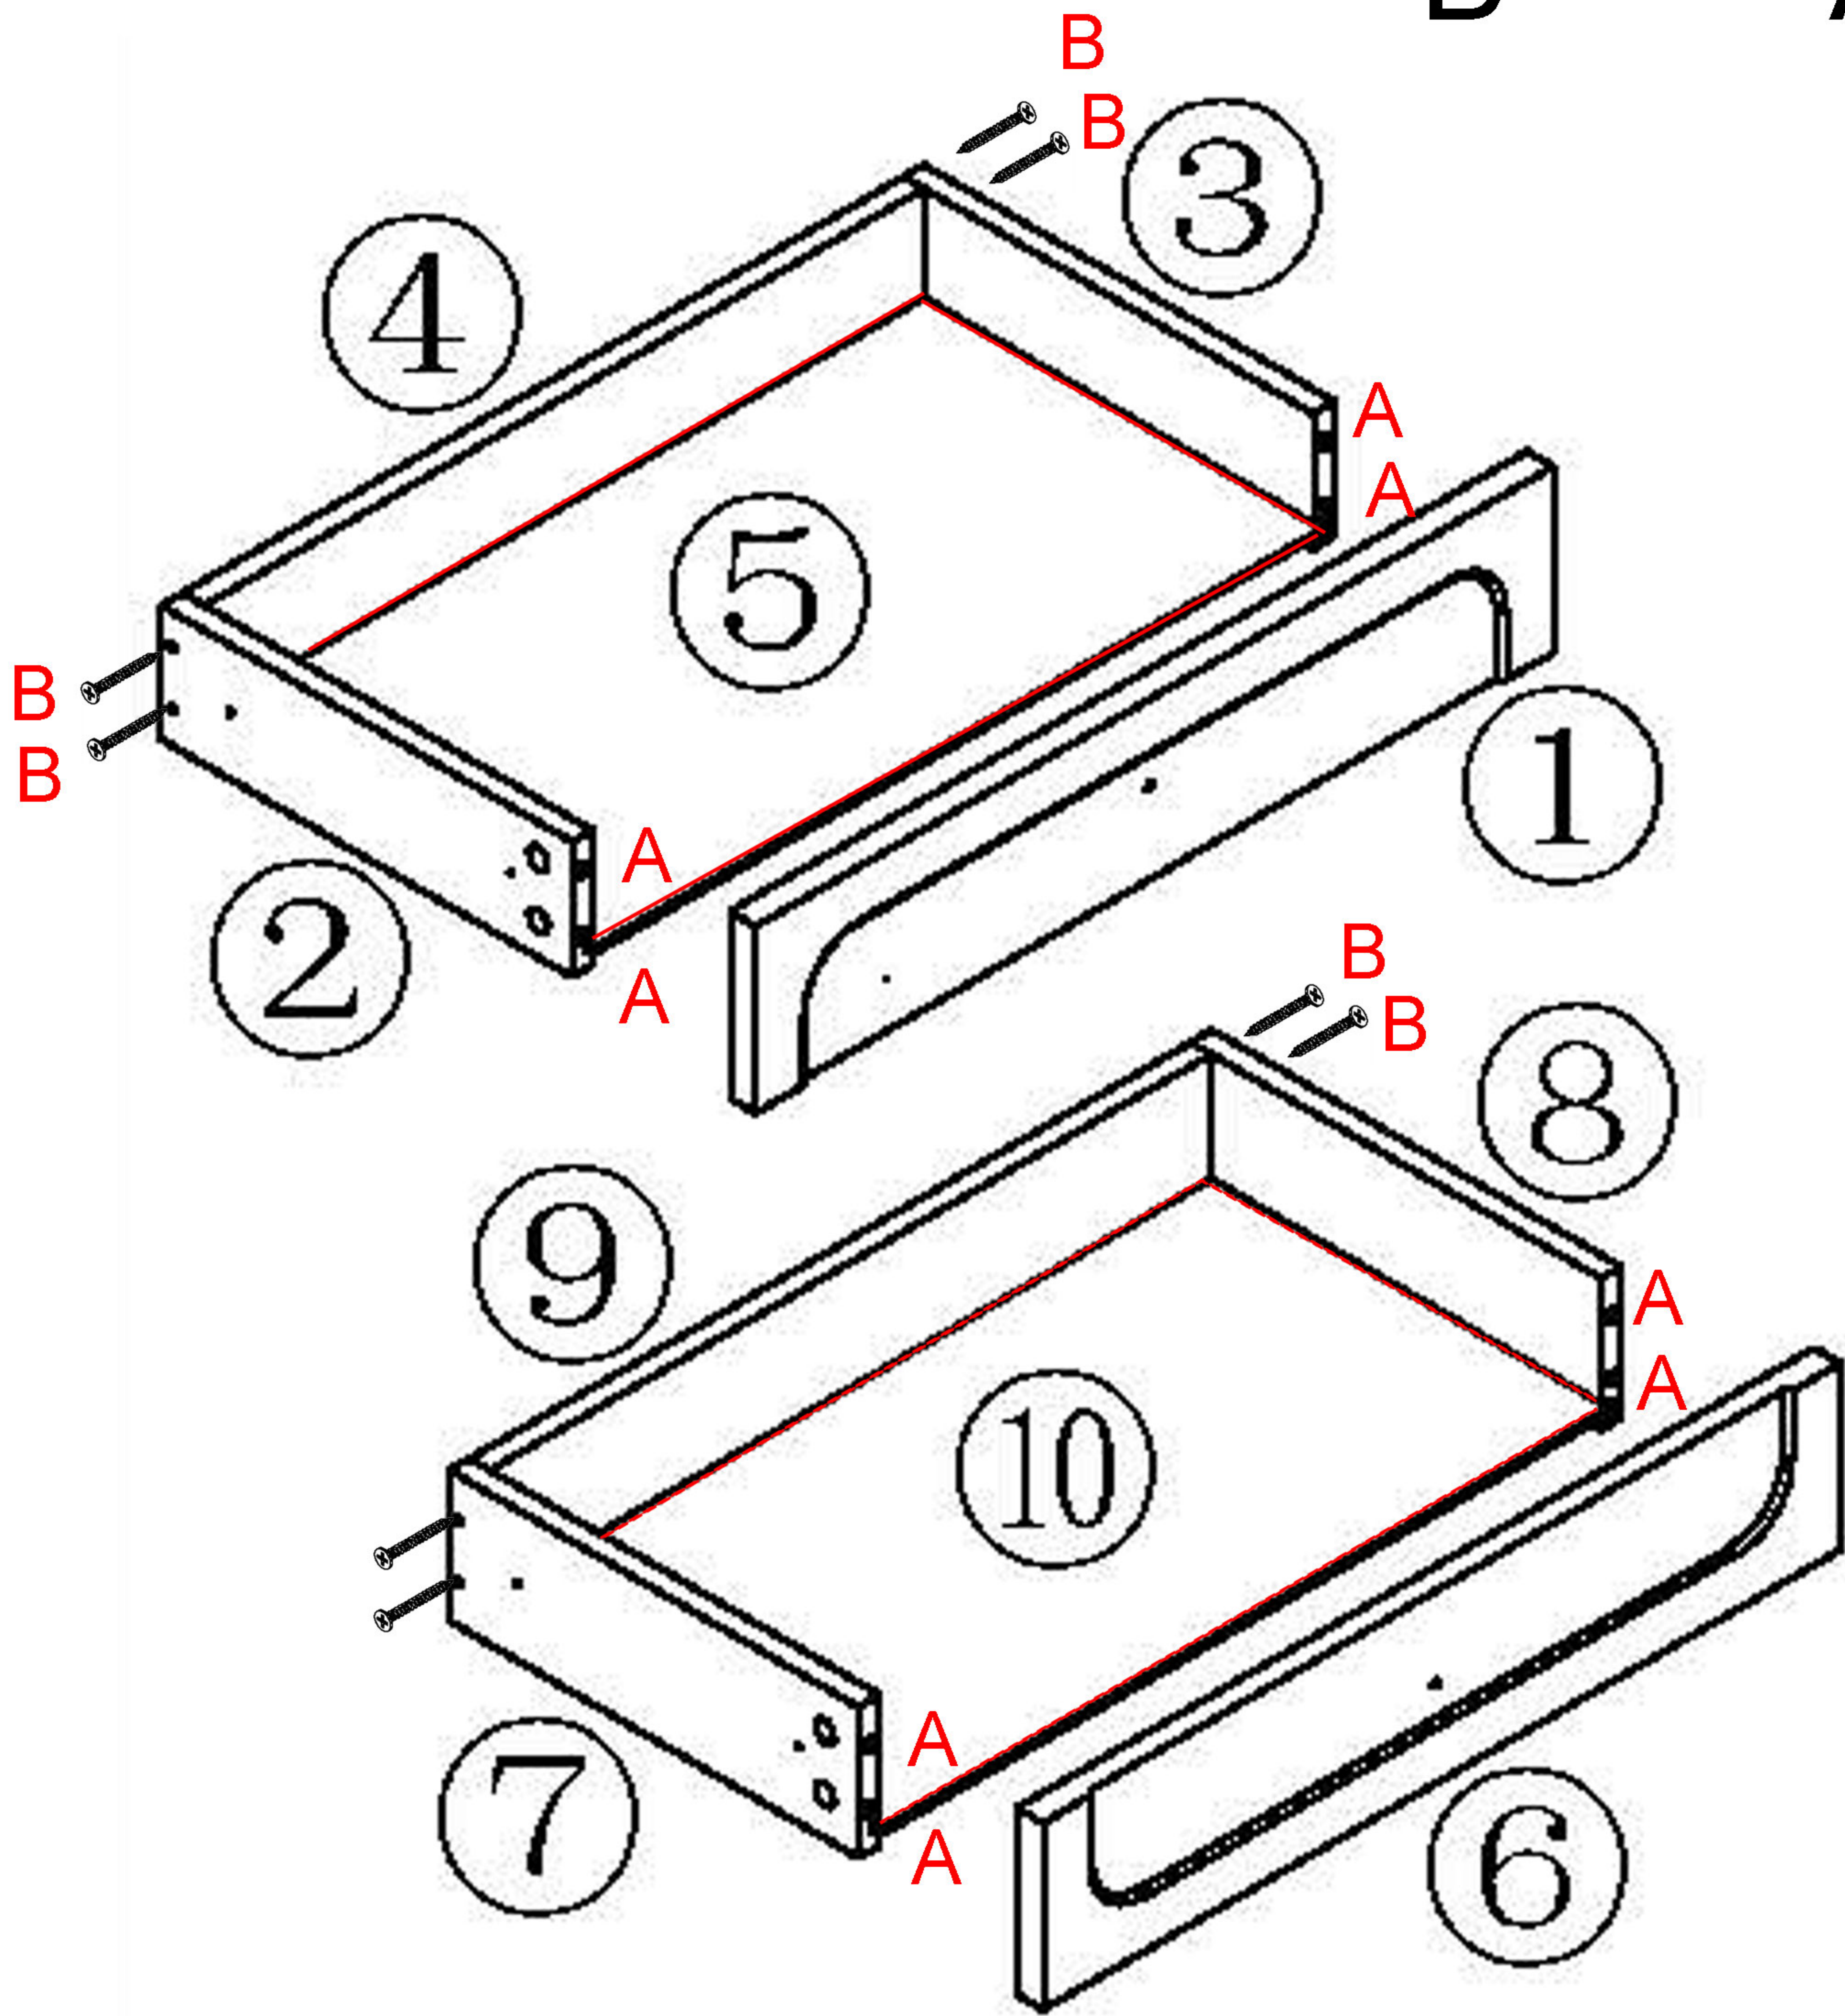

Step 2:

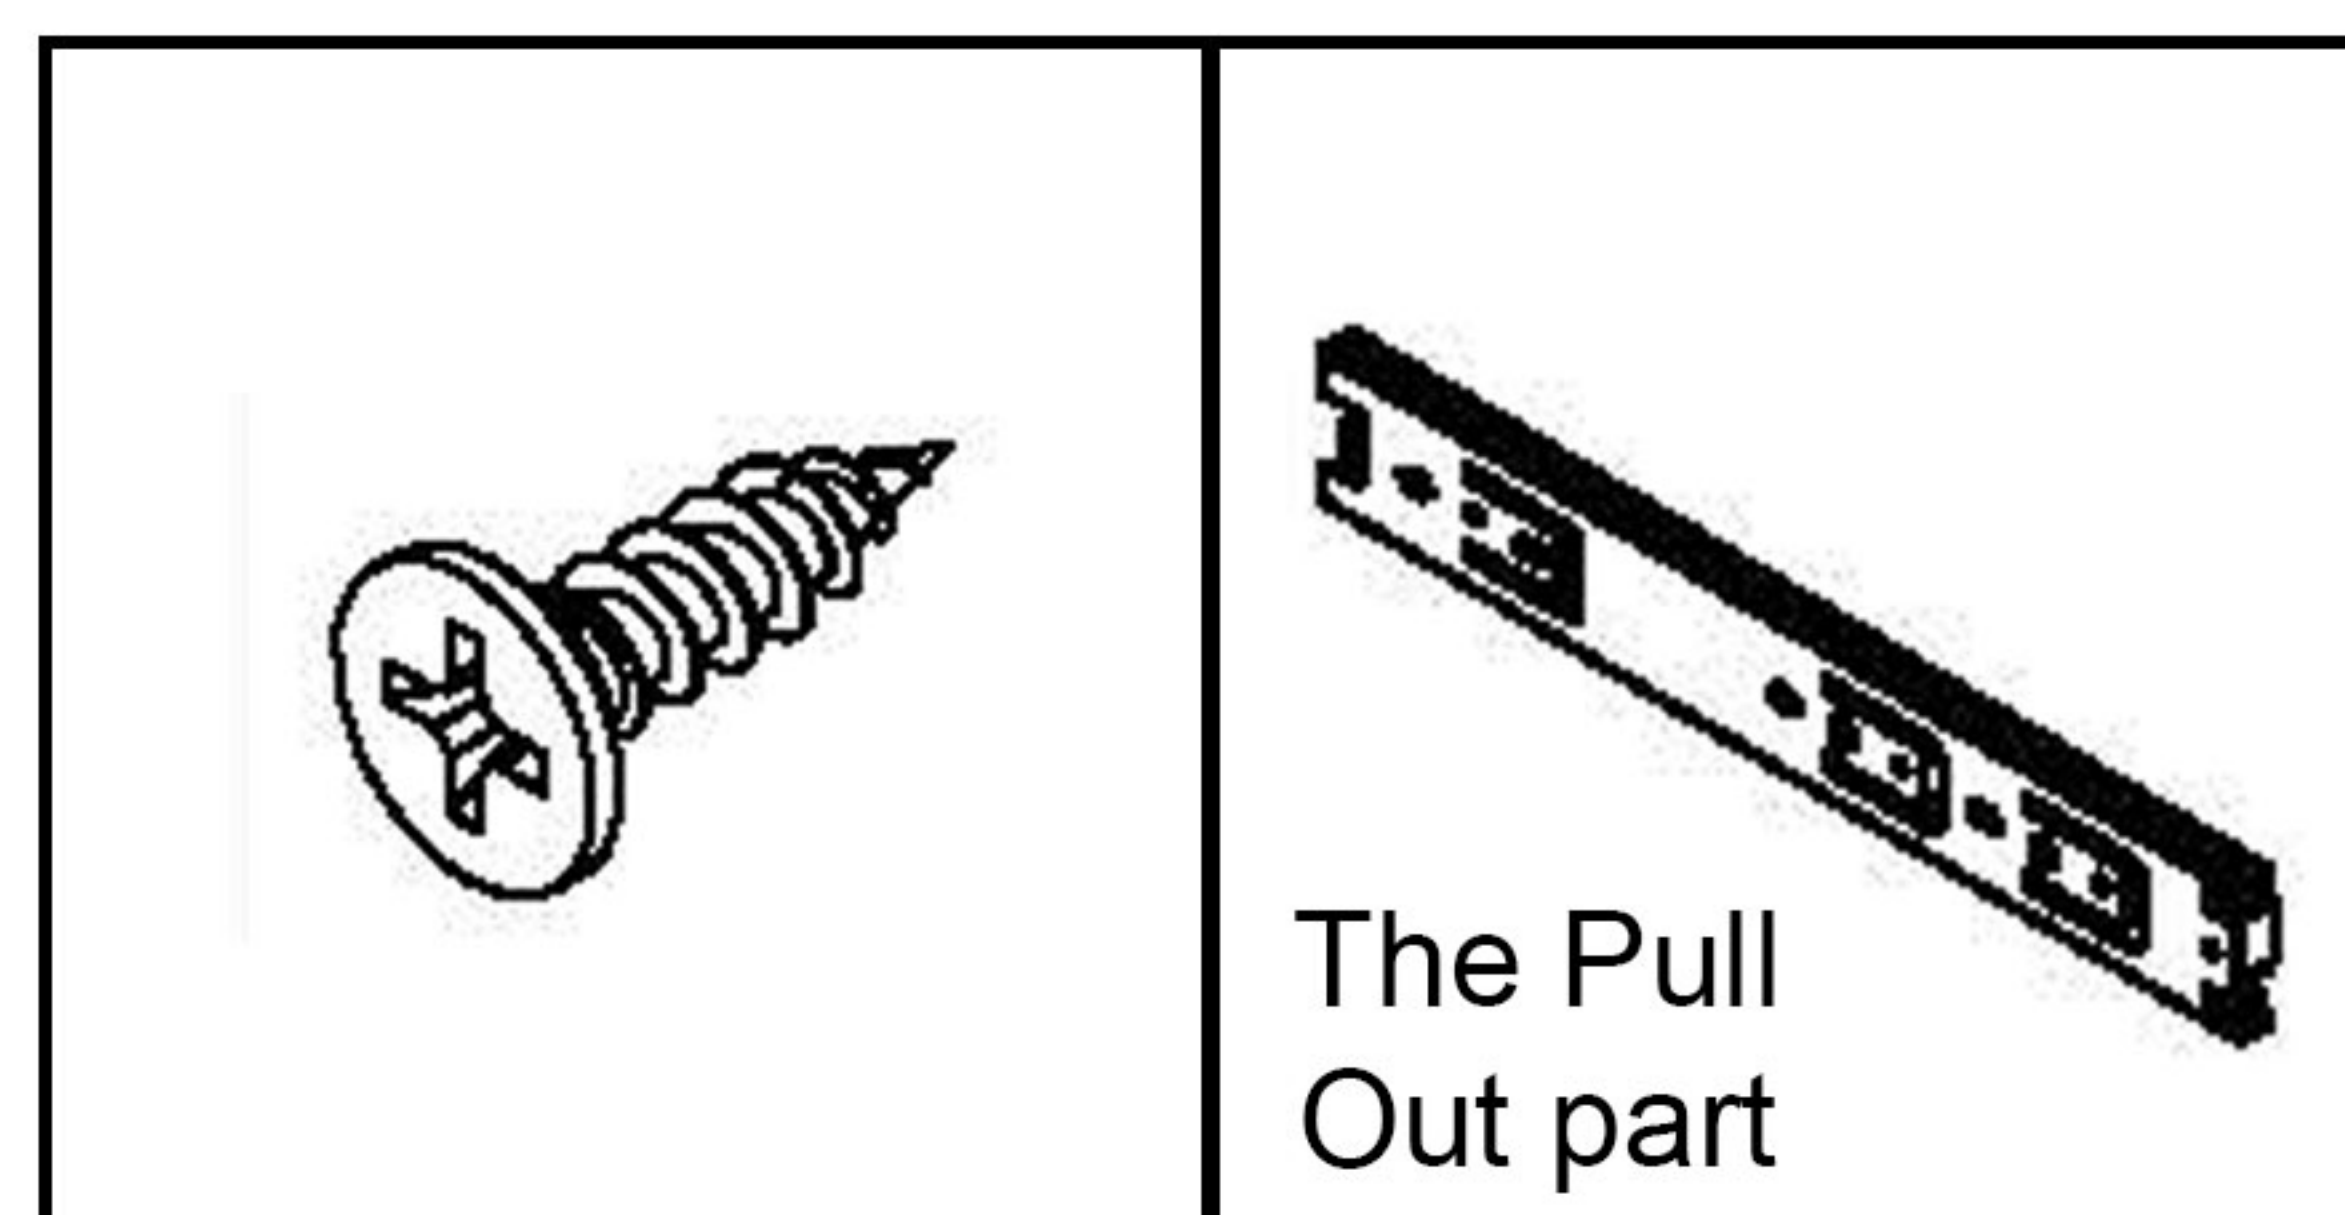

B

A

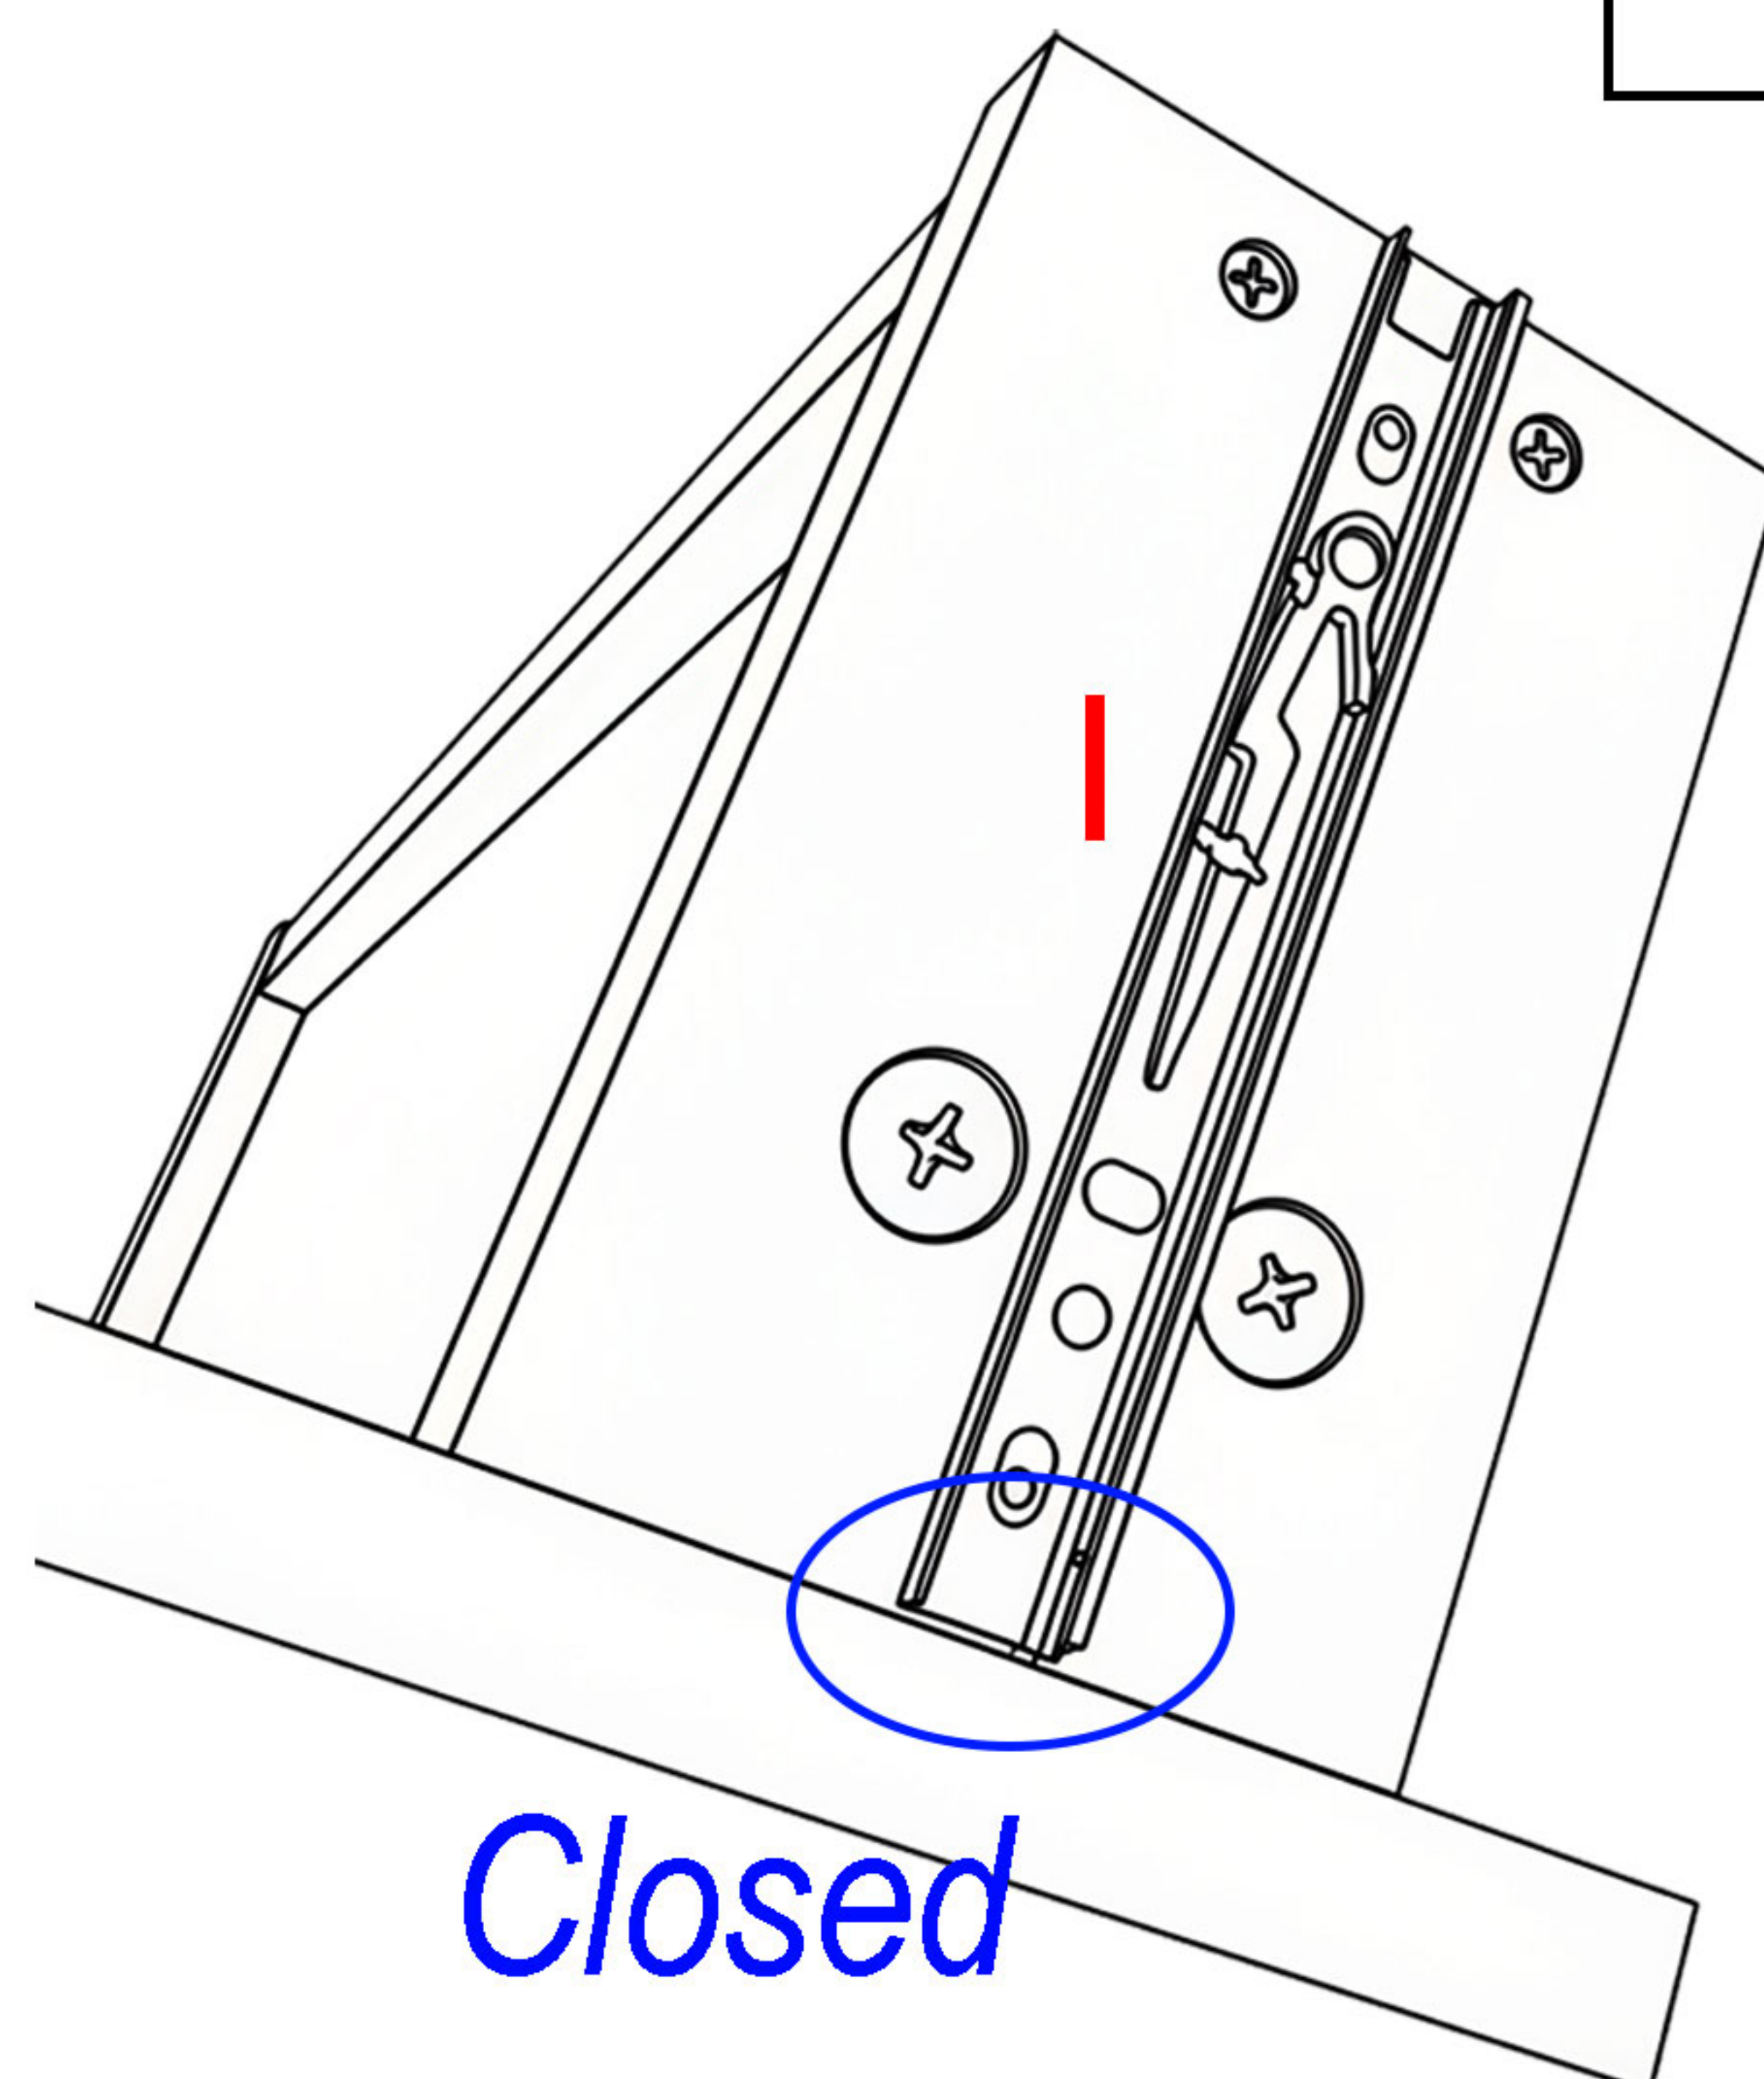

Note: Make sure all grooved edges are aligned in the same position. Pay attention to the panel orientation.

Step 3:

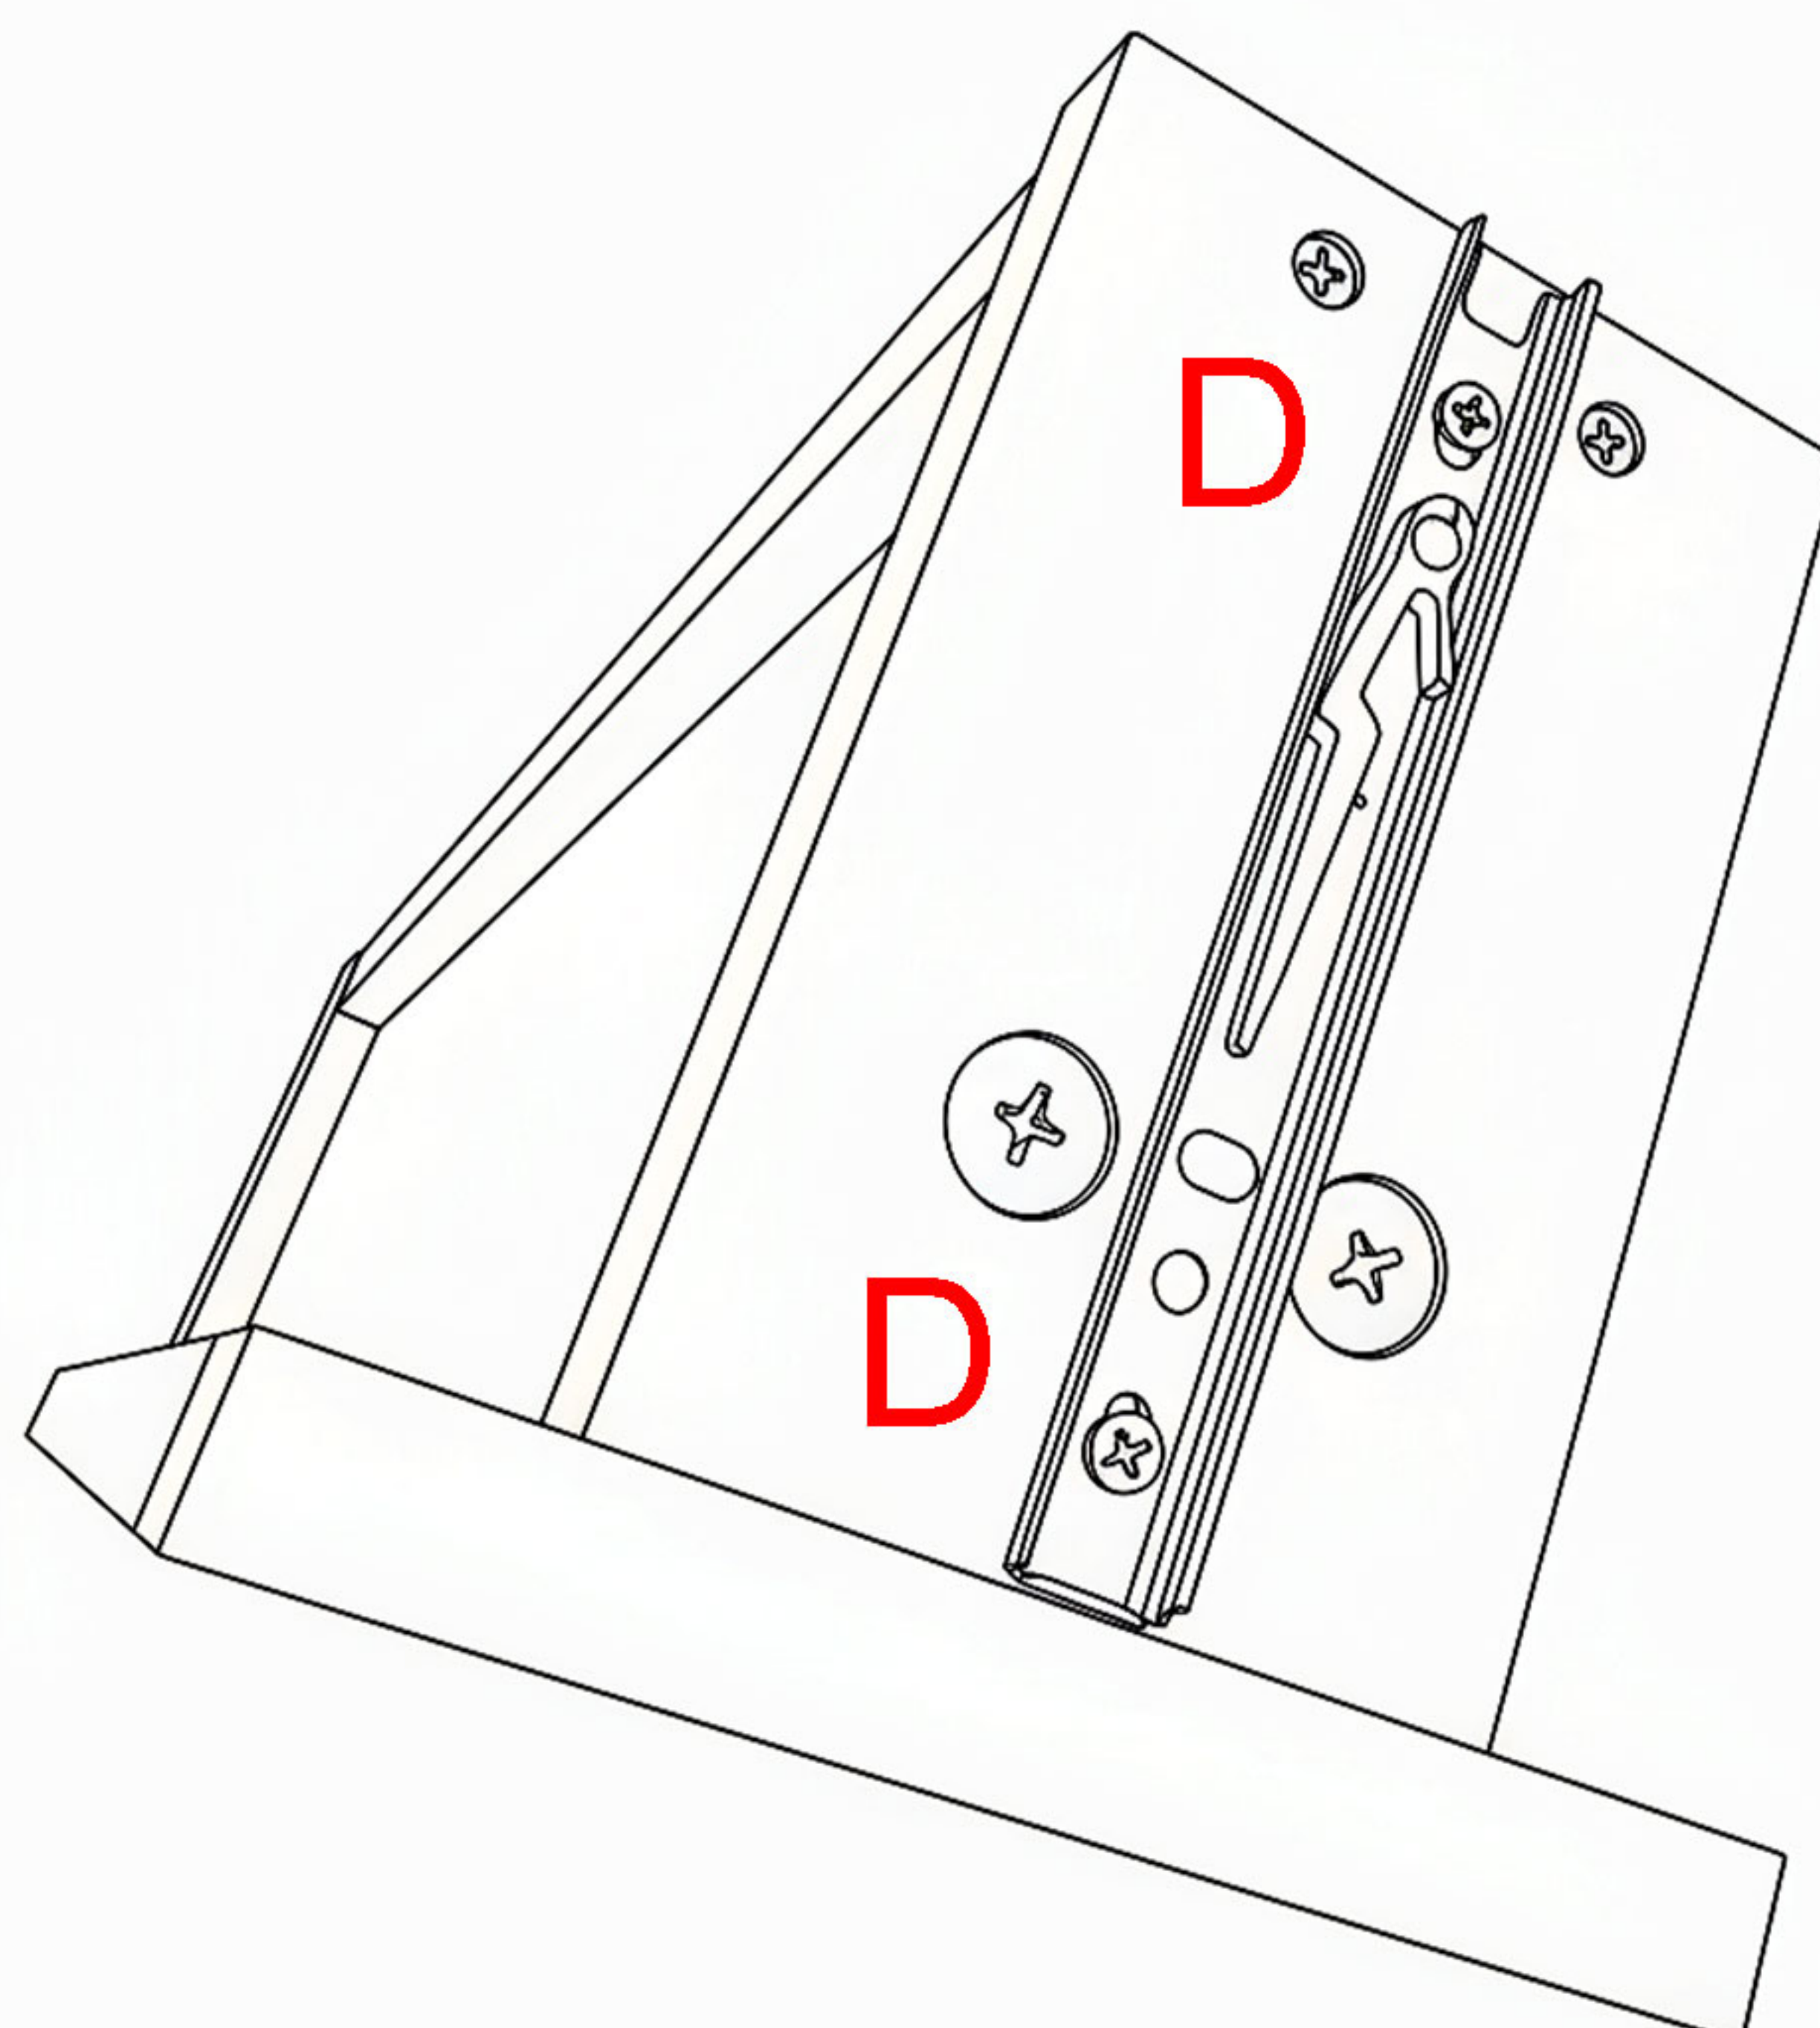

D

I

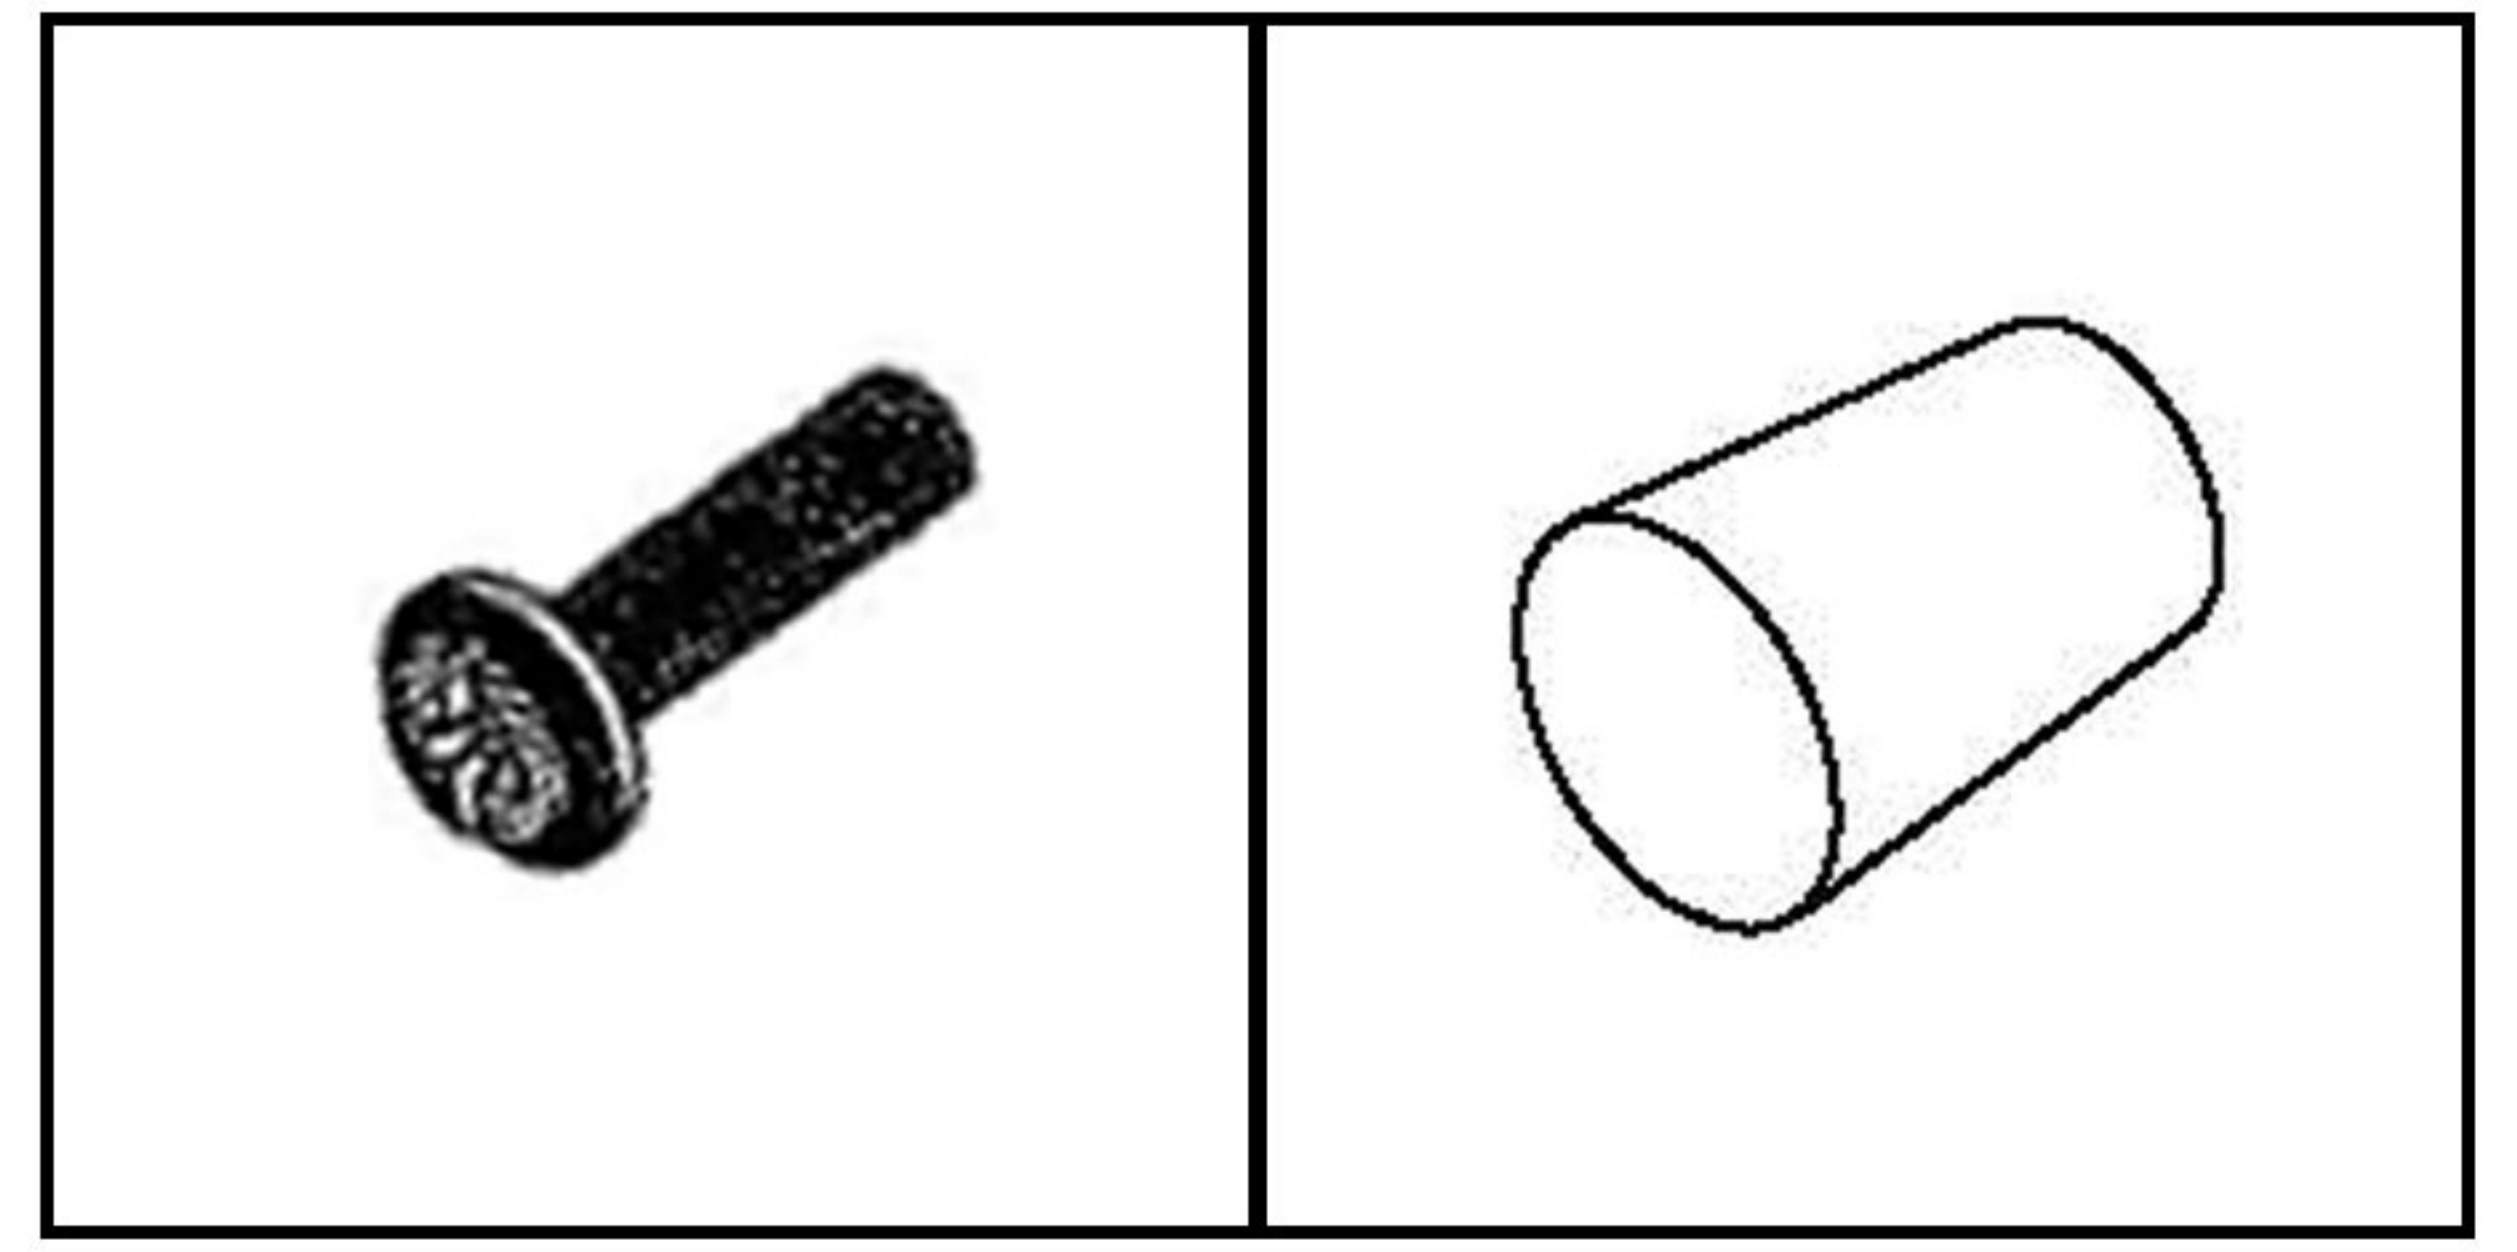

Closed

Note: The I pull-out part should be positioned with the closed side close to Drawer Front.

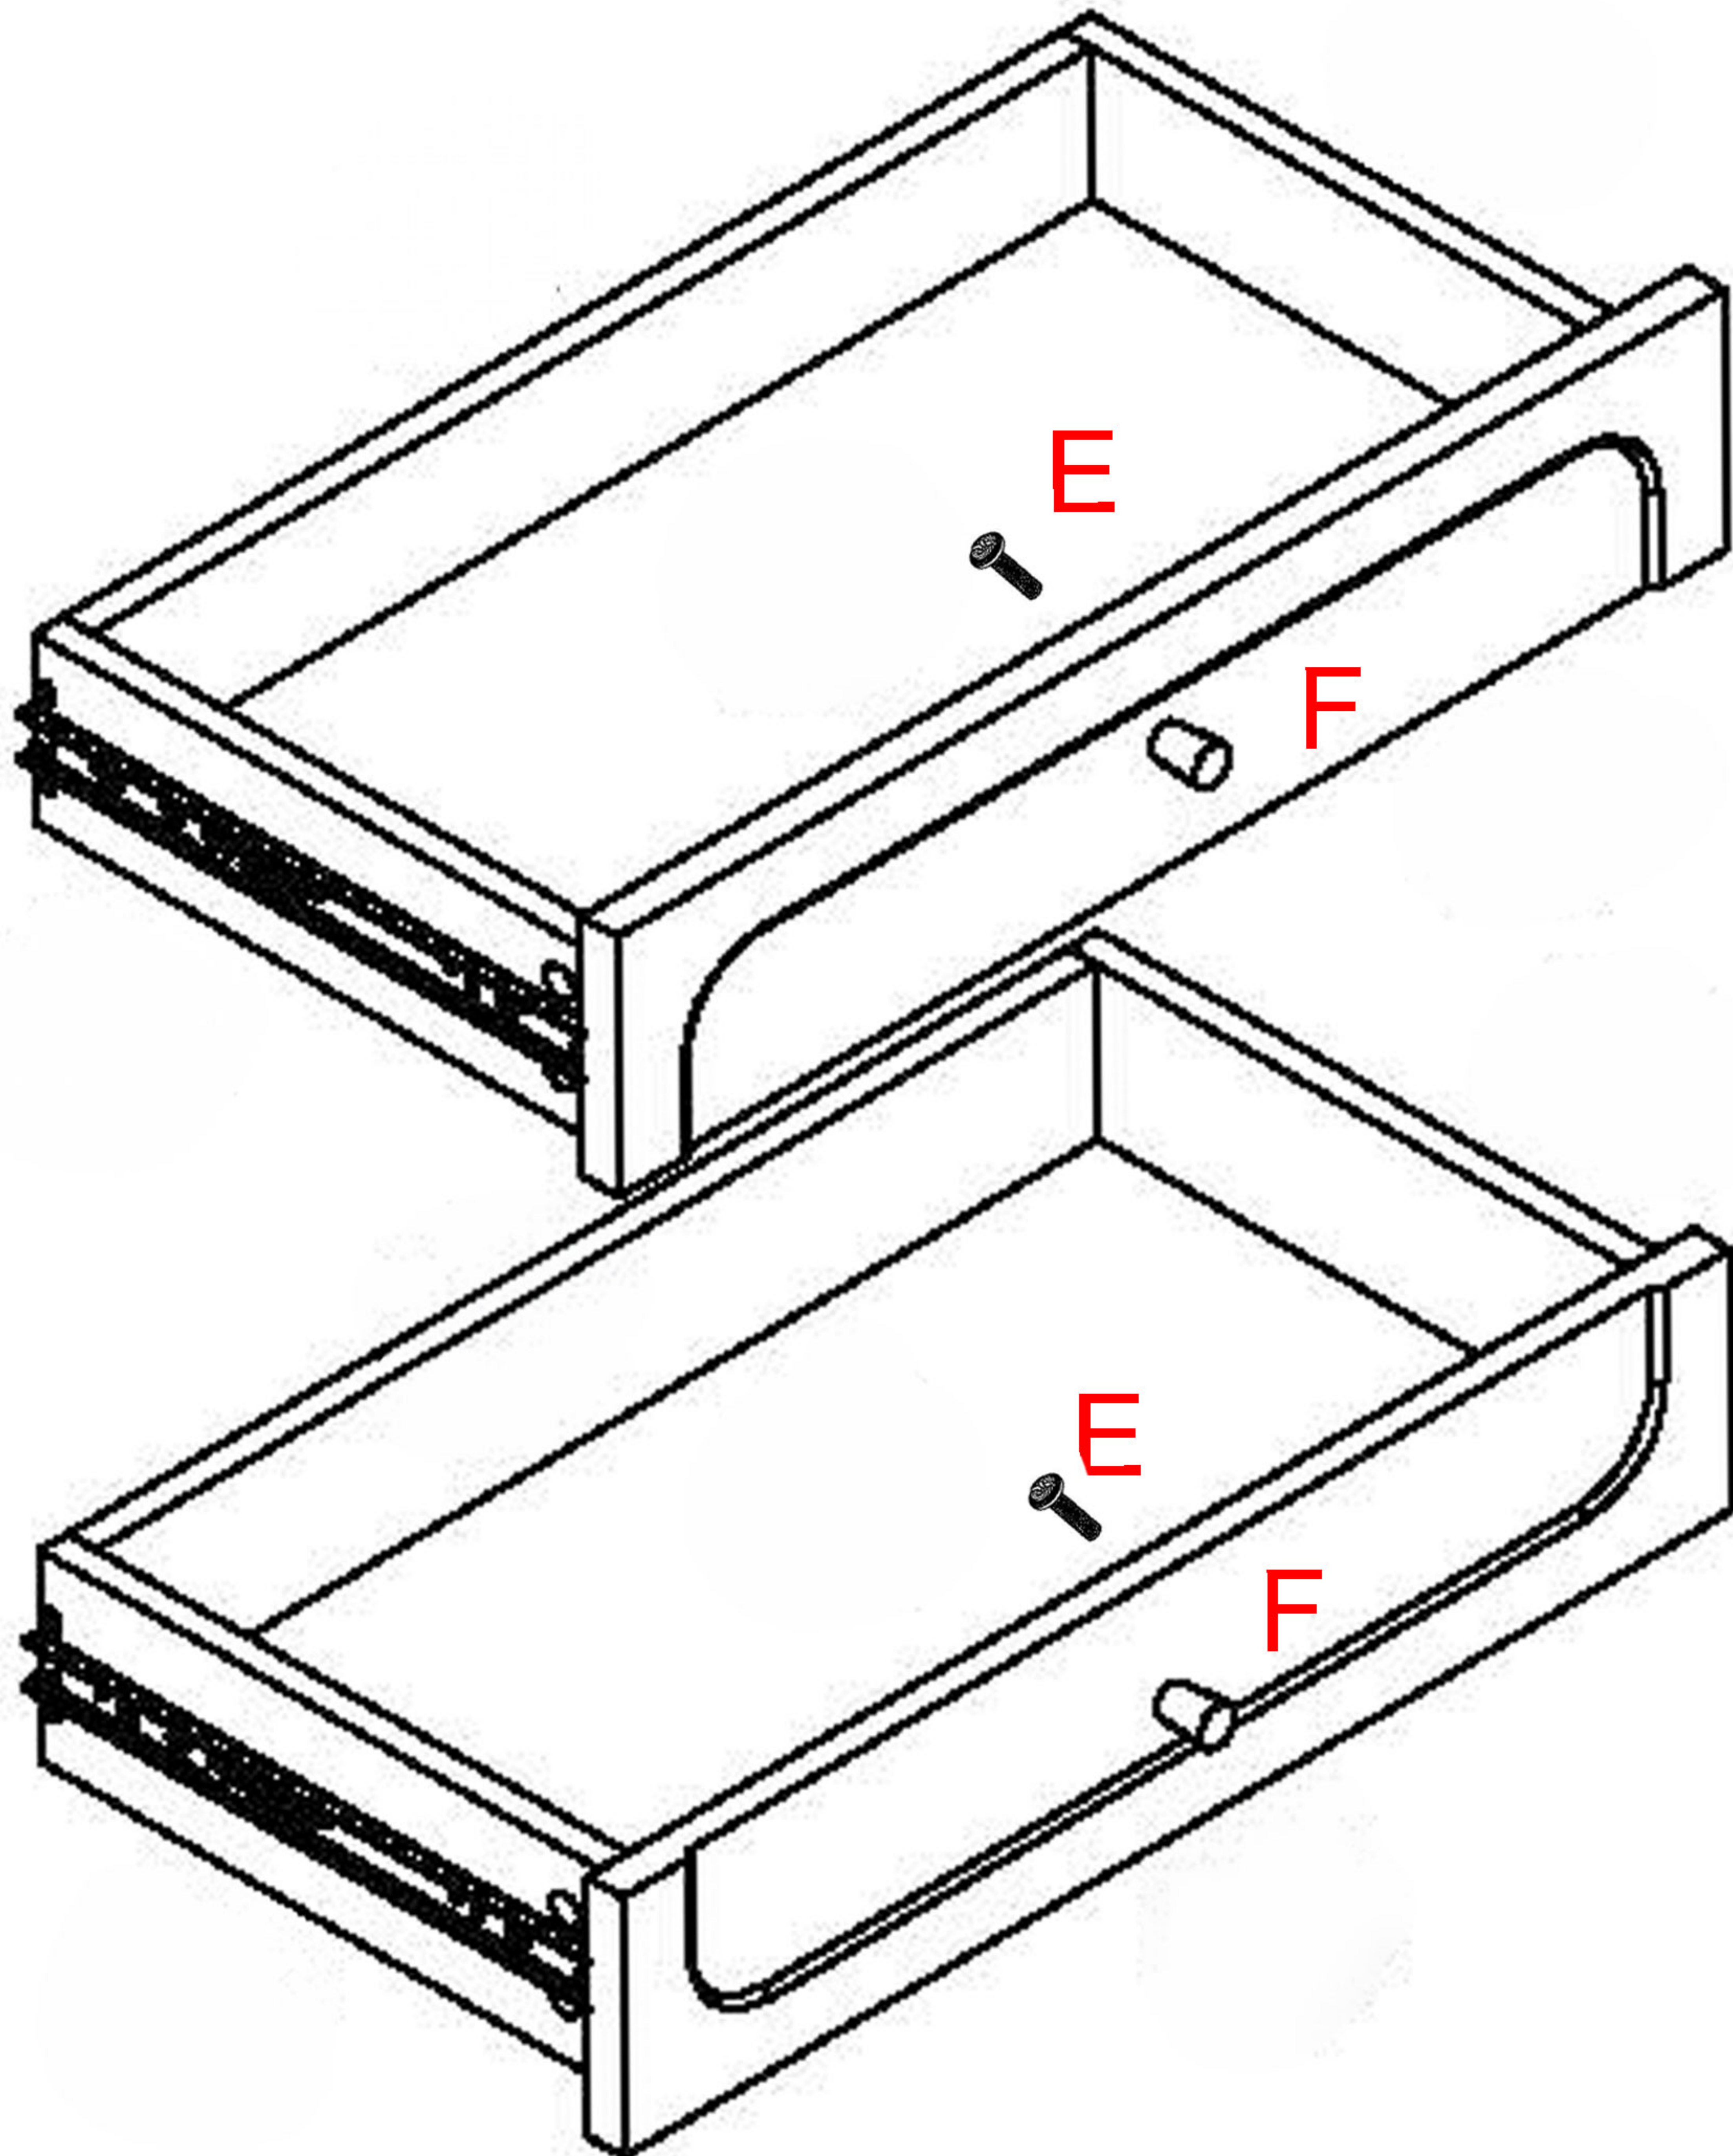

Then secure it with D.

Step 4:

Step 11:

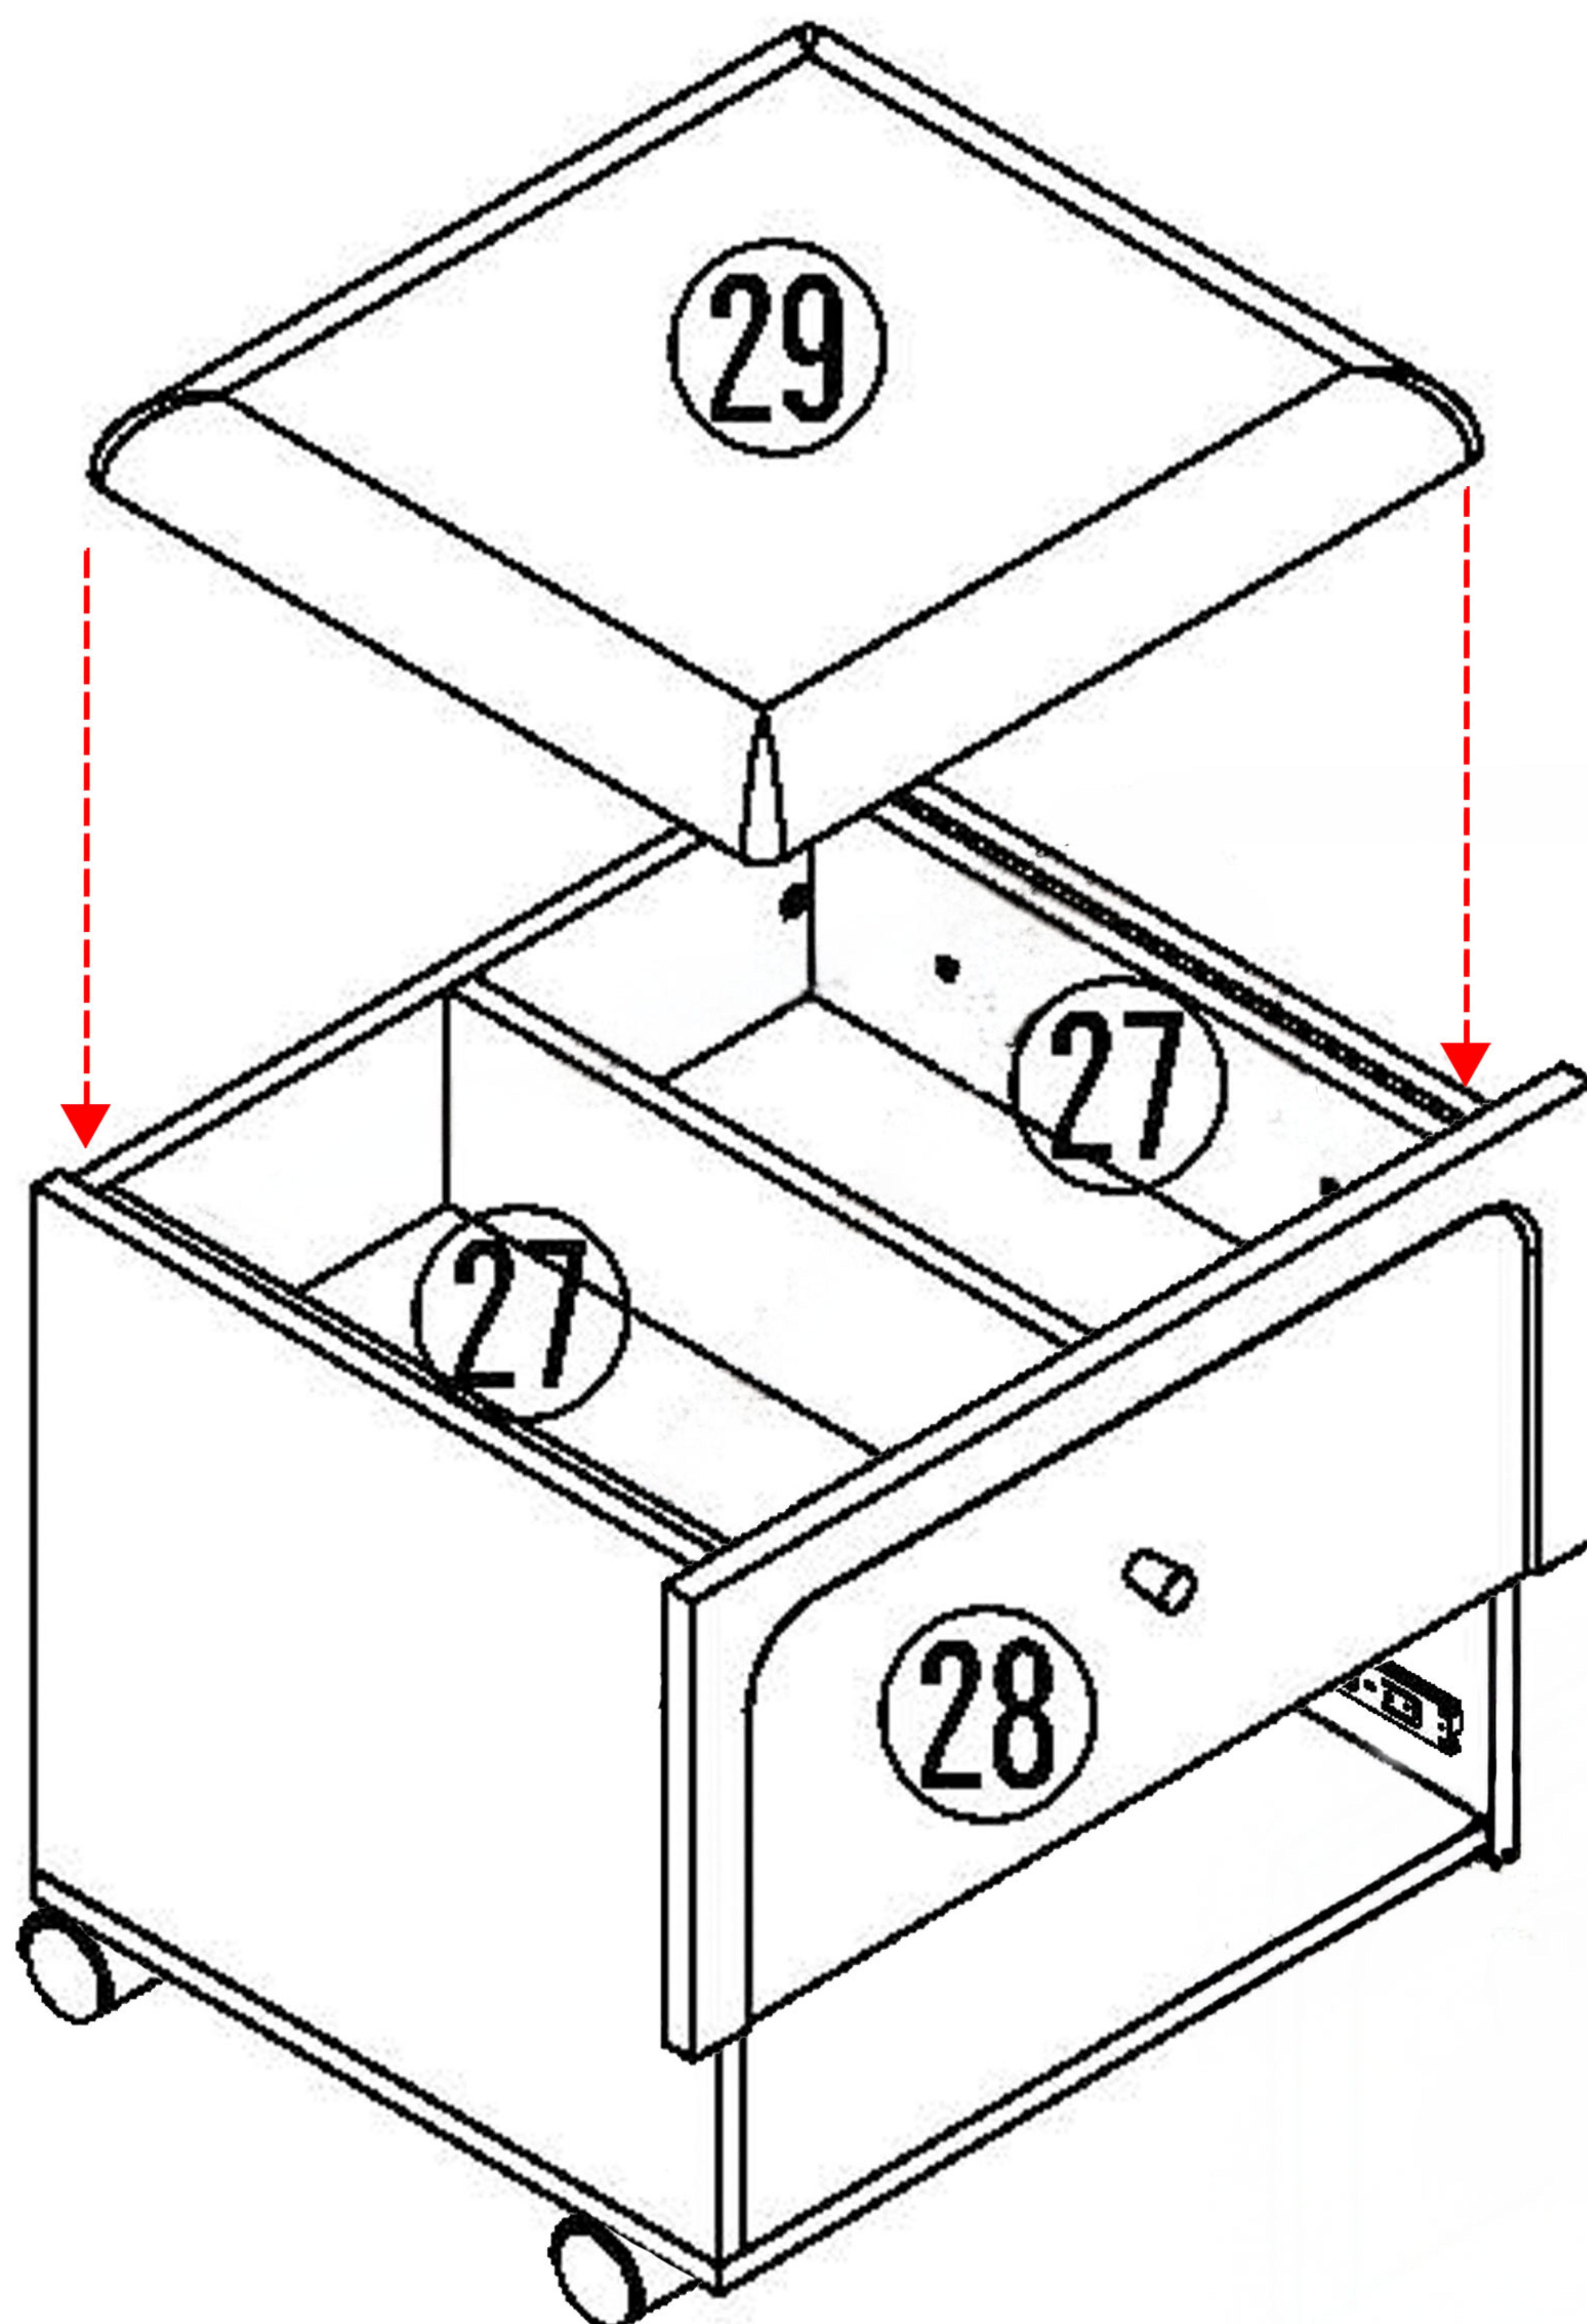

Step 12:

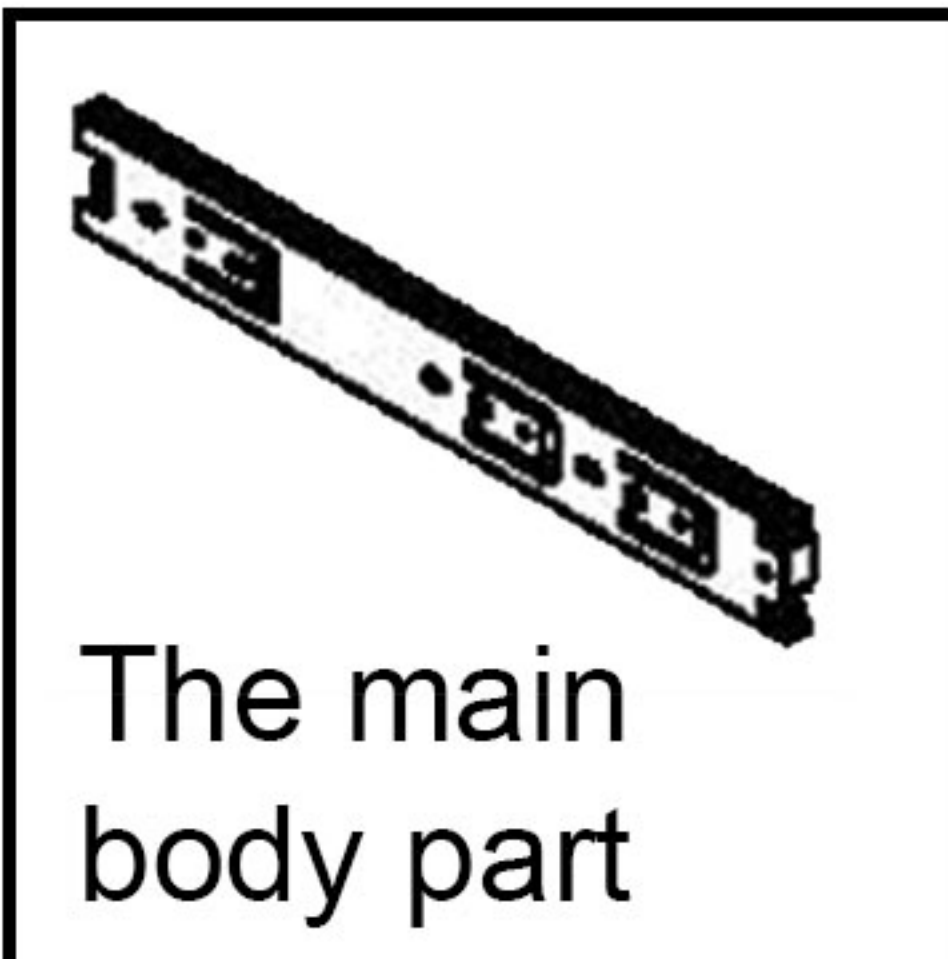

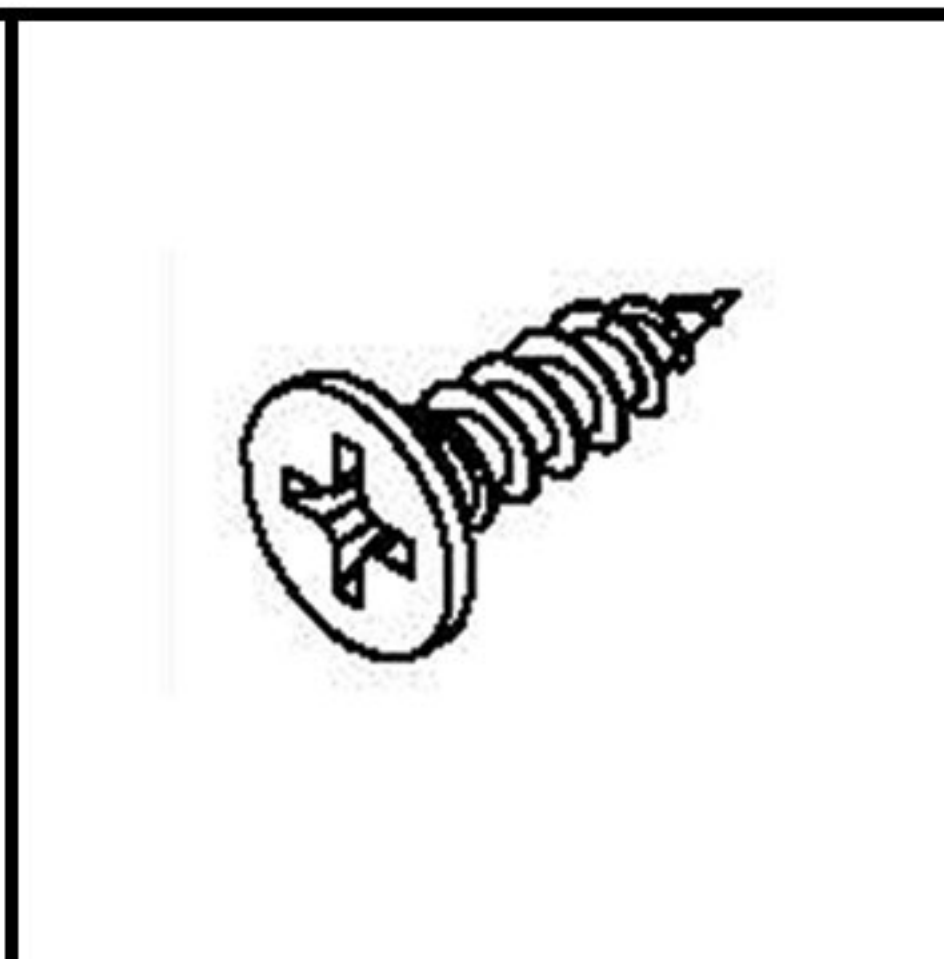

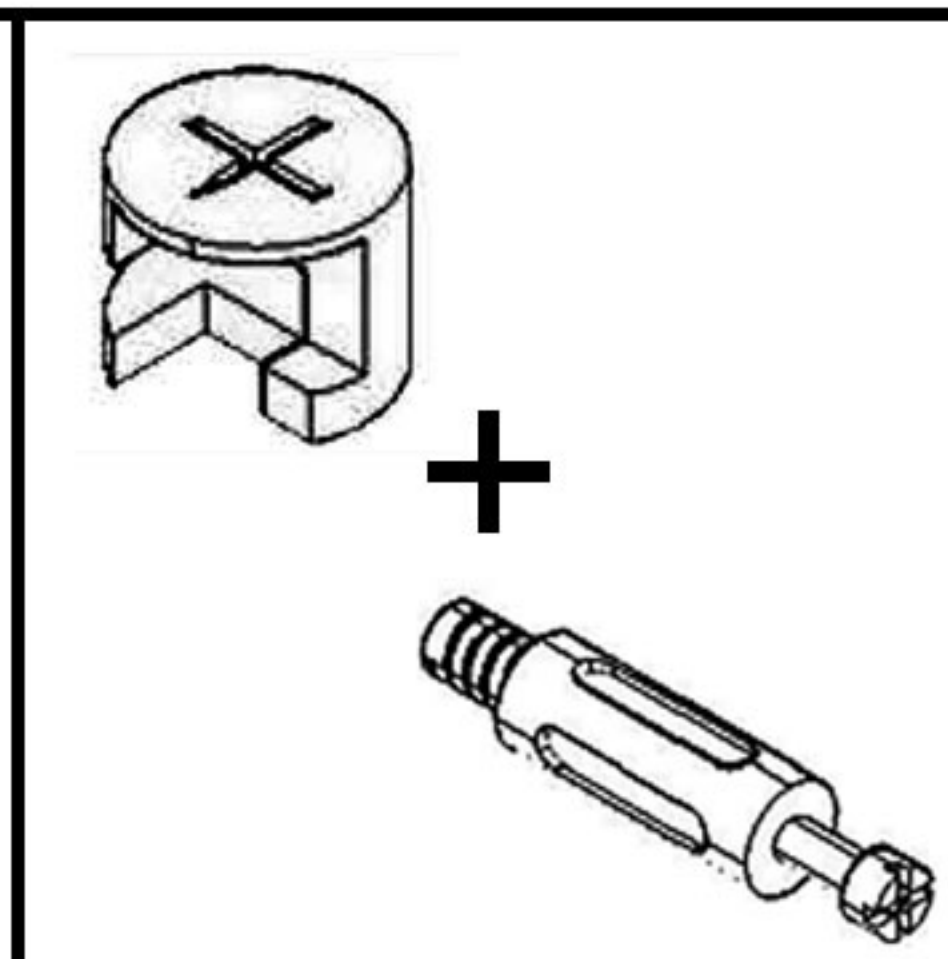

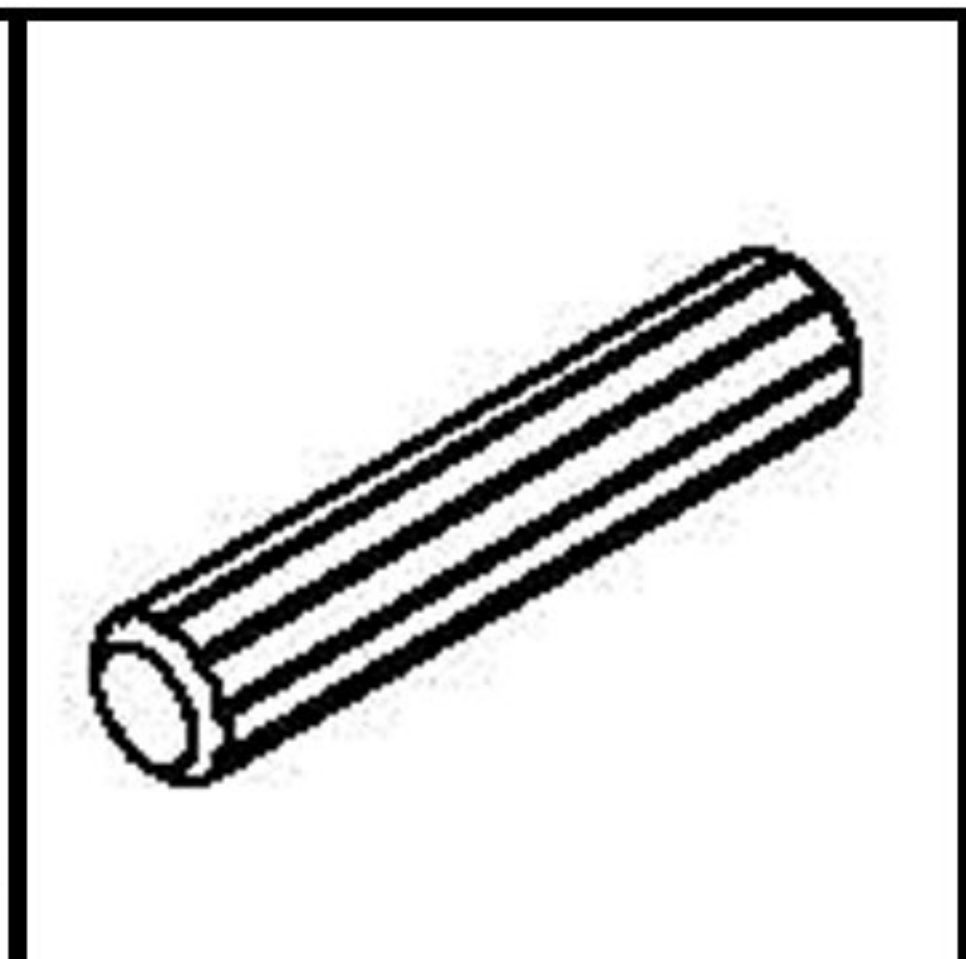

C

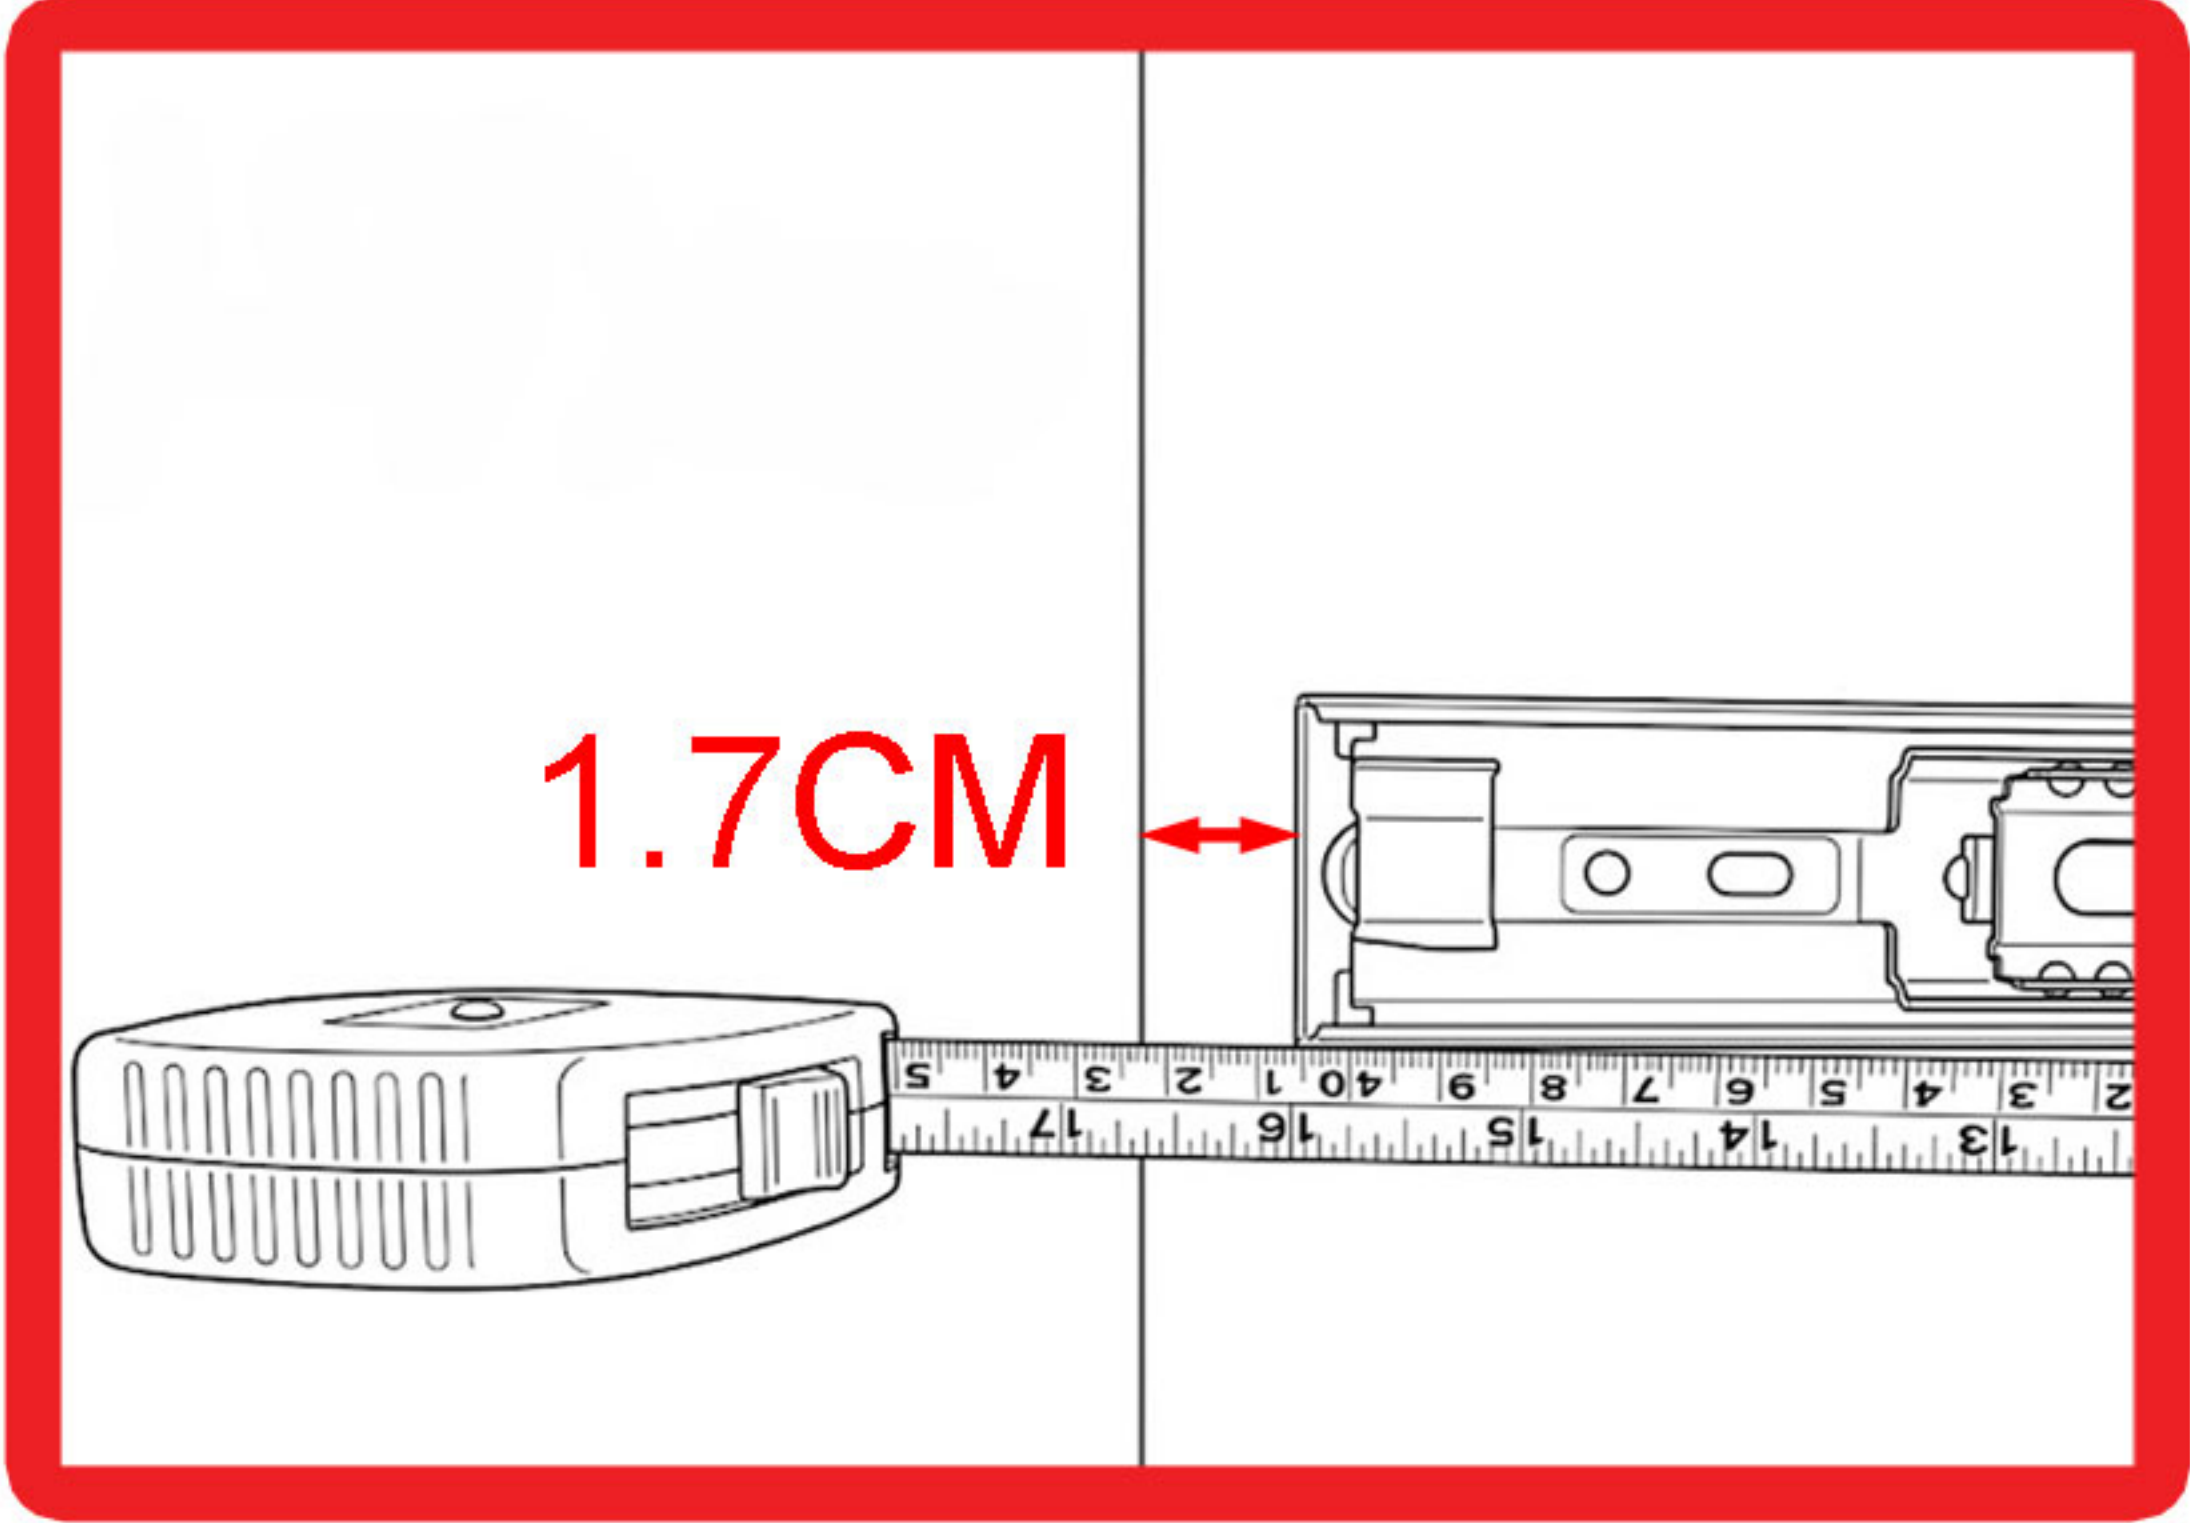

Step 13:

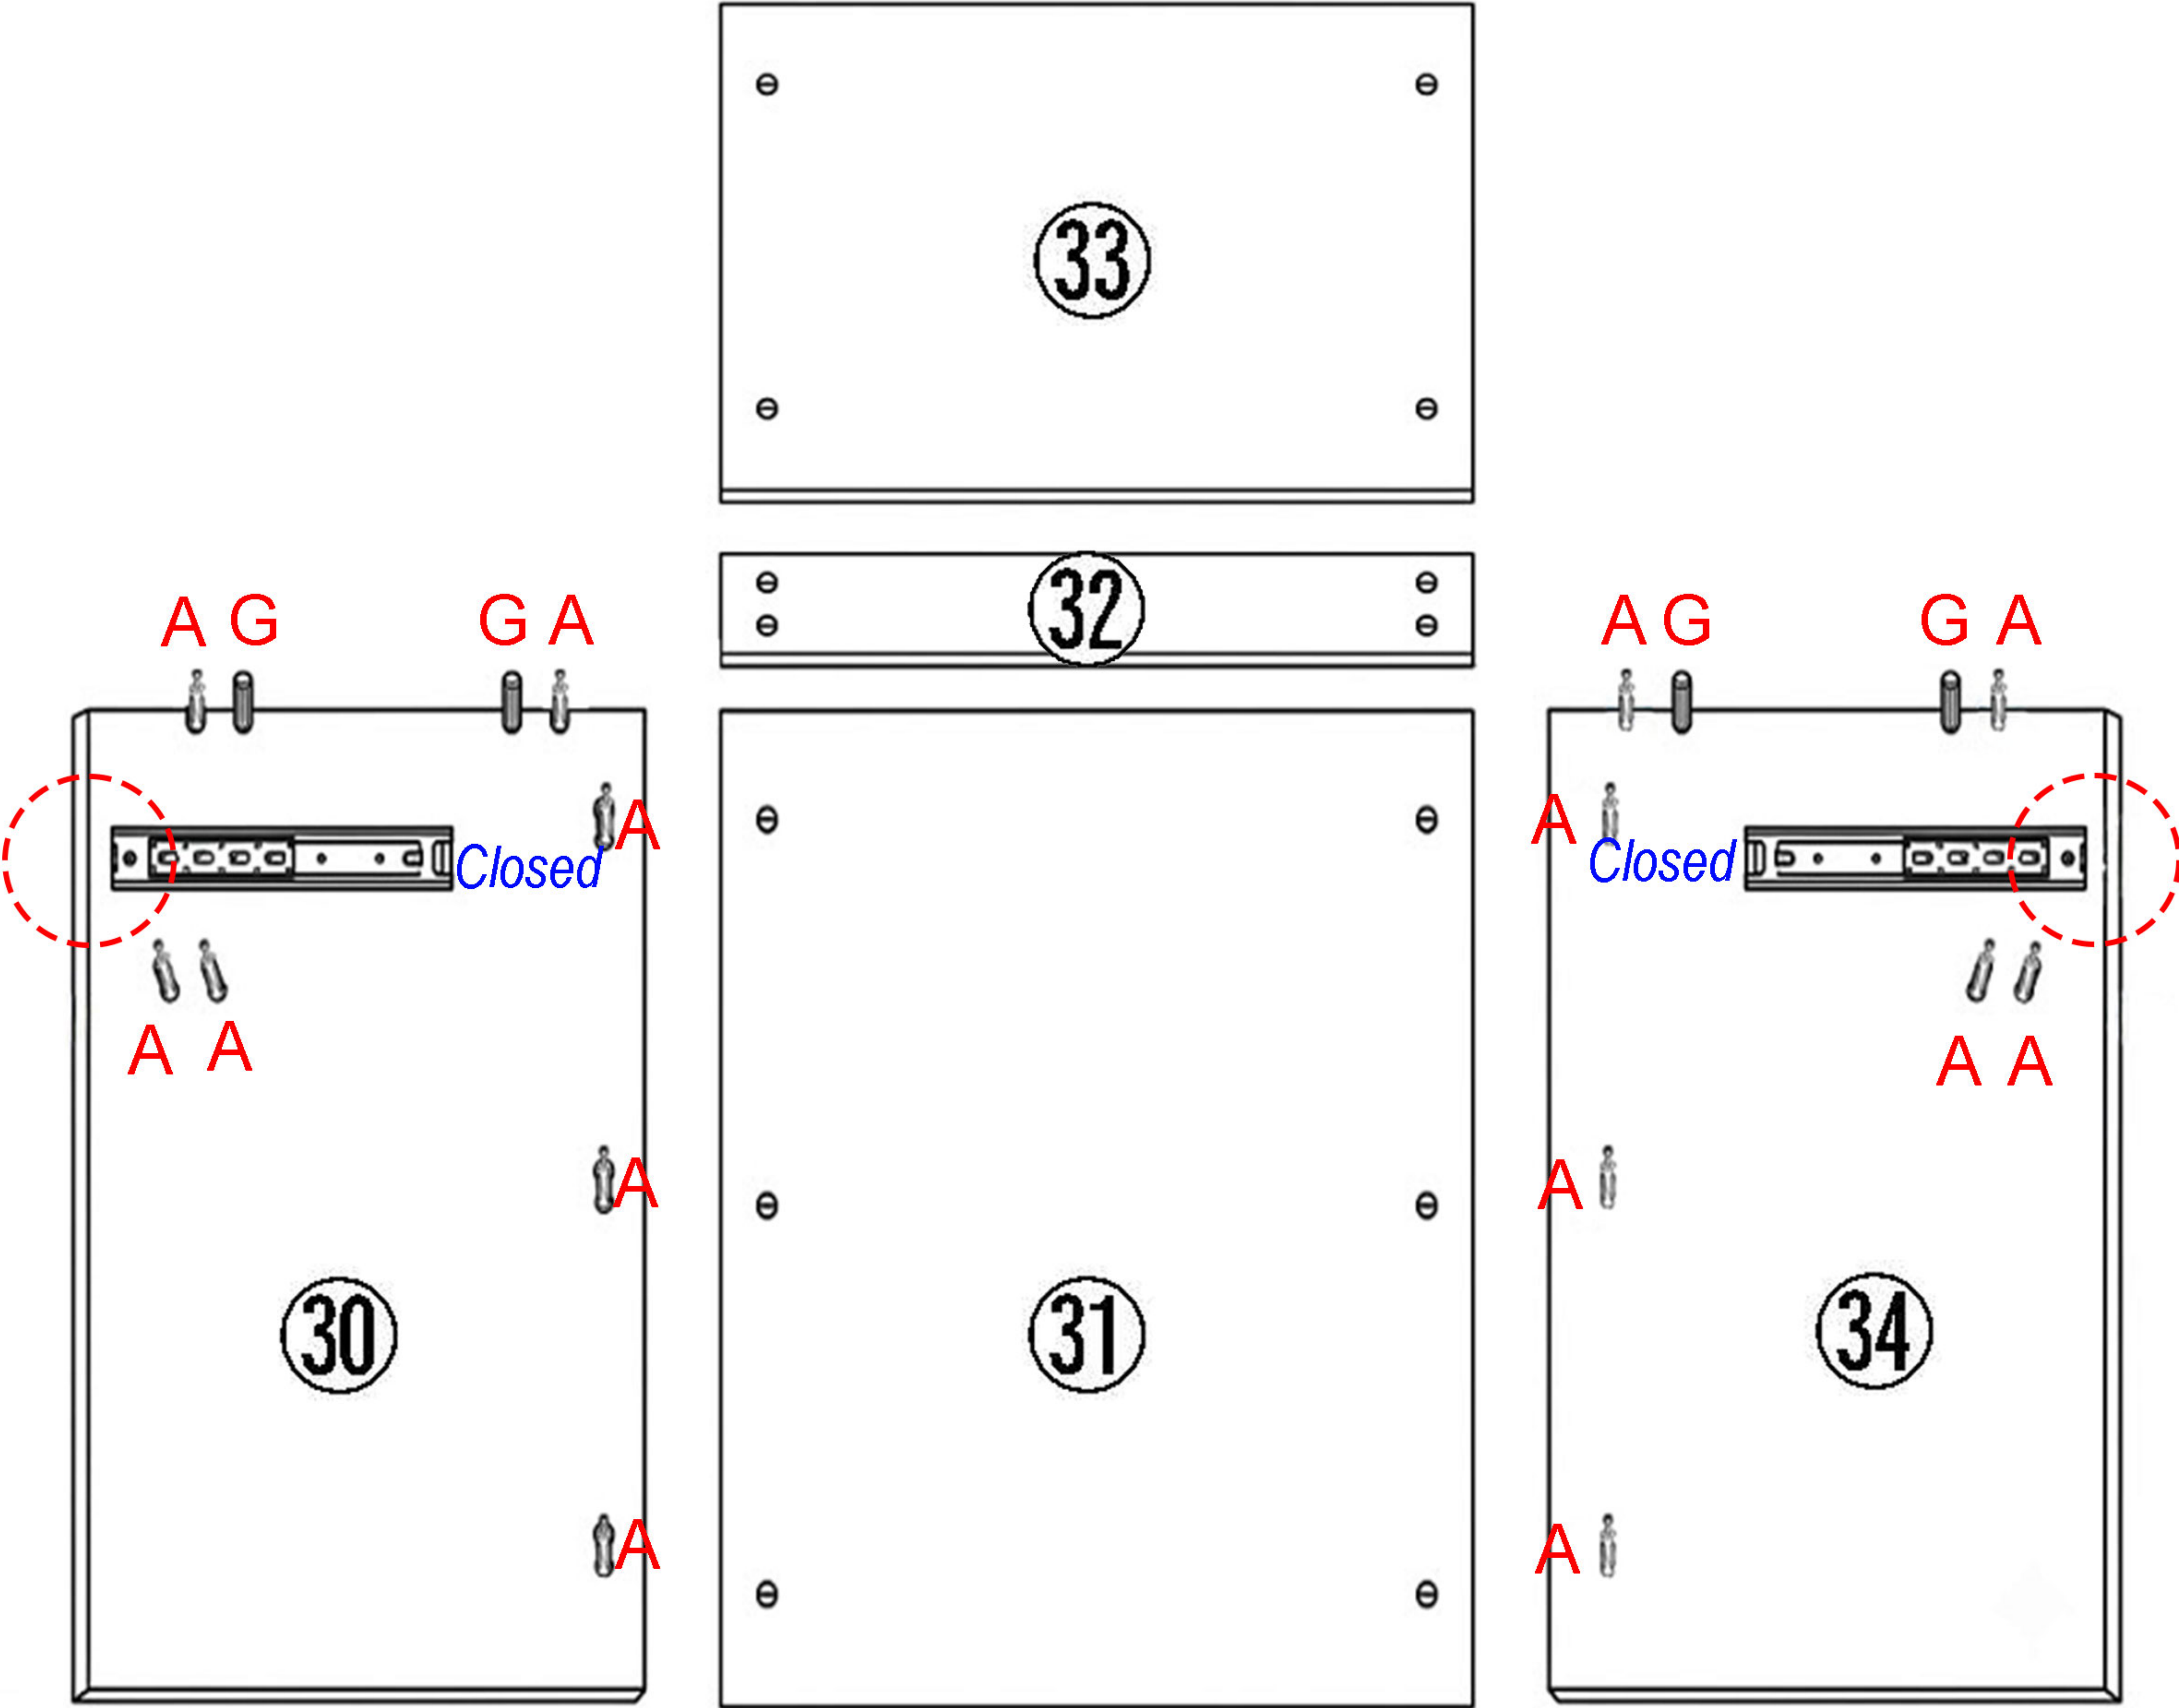

Step 14:

 The main body part I	 D	 A	 G
---	--	--	--

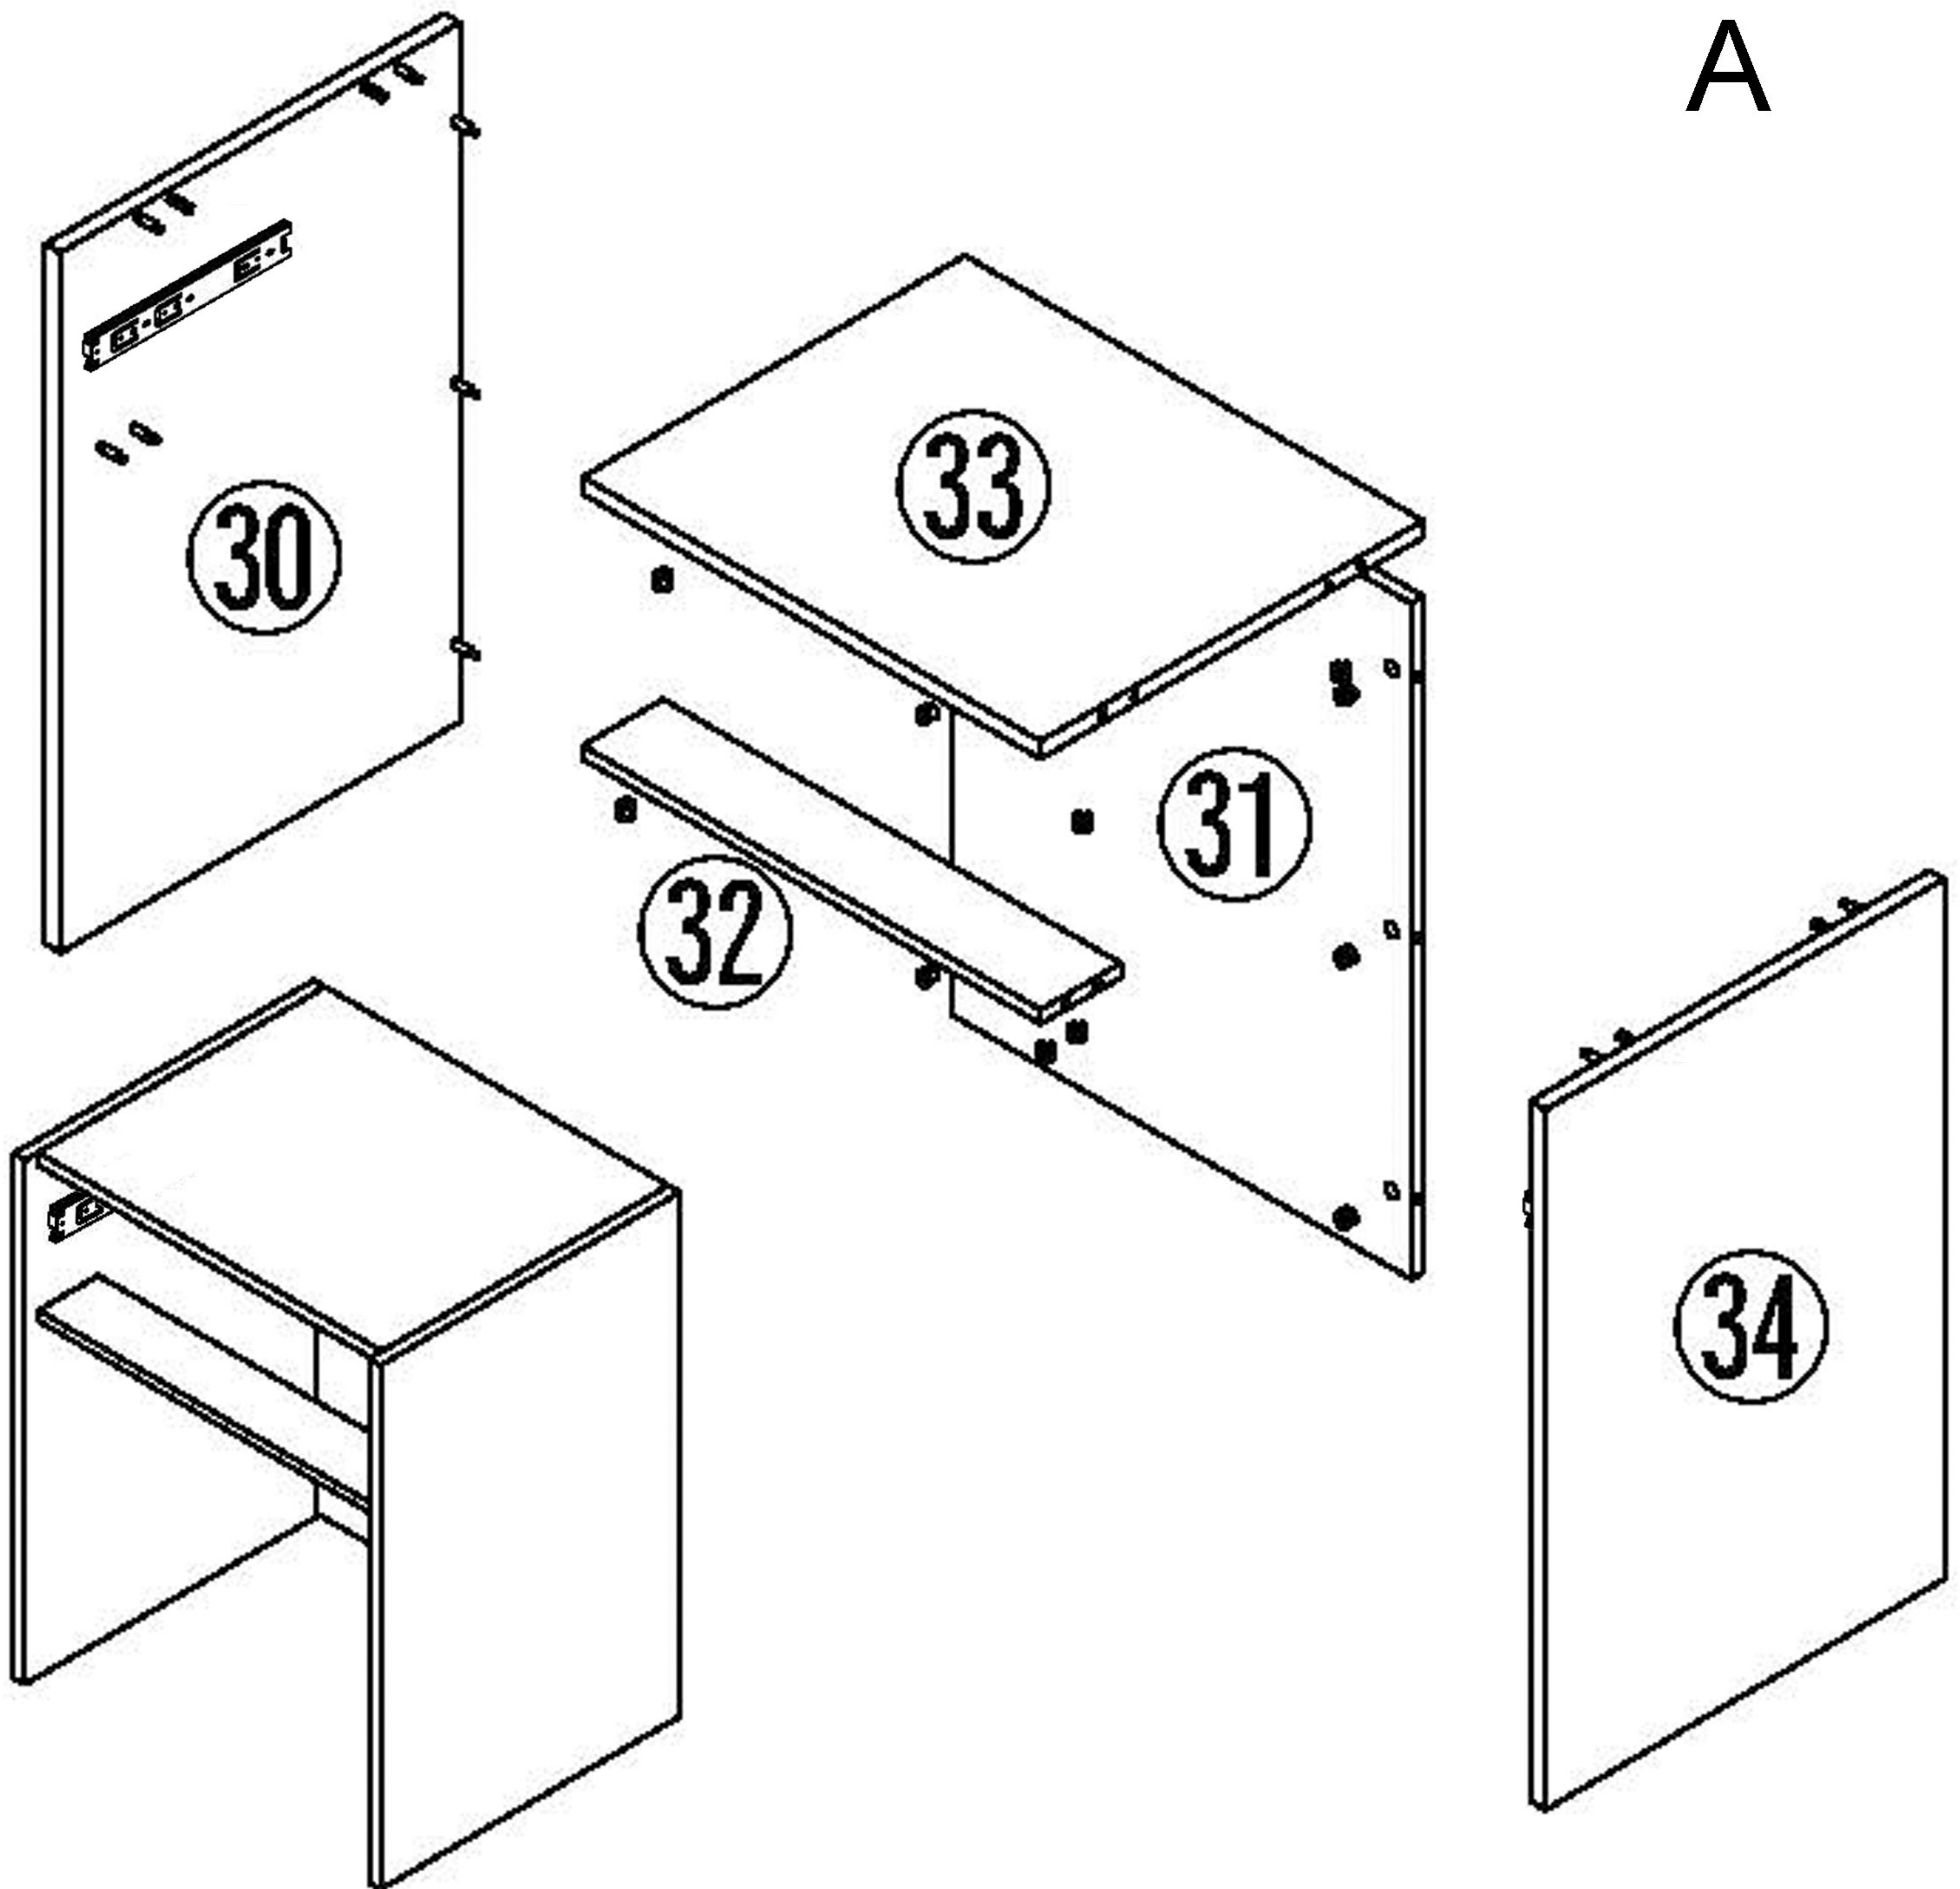

Install the I main body parts, leaving a 1.7cm gap from the edge.

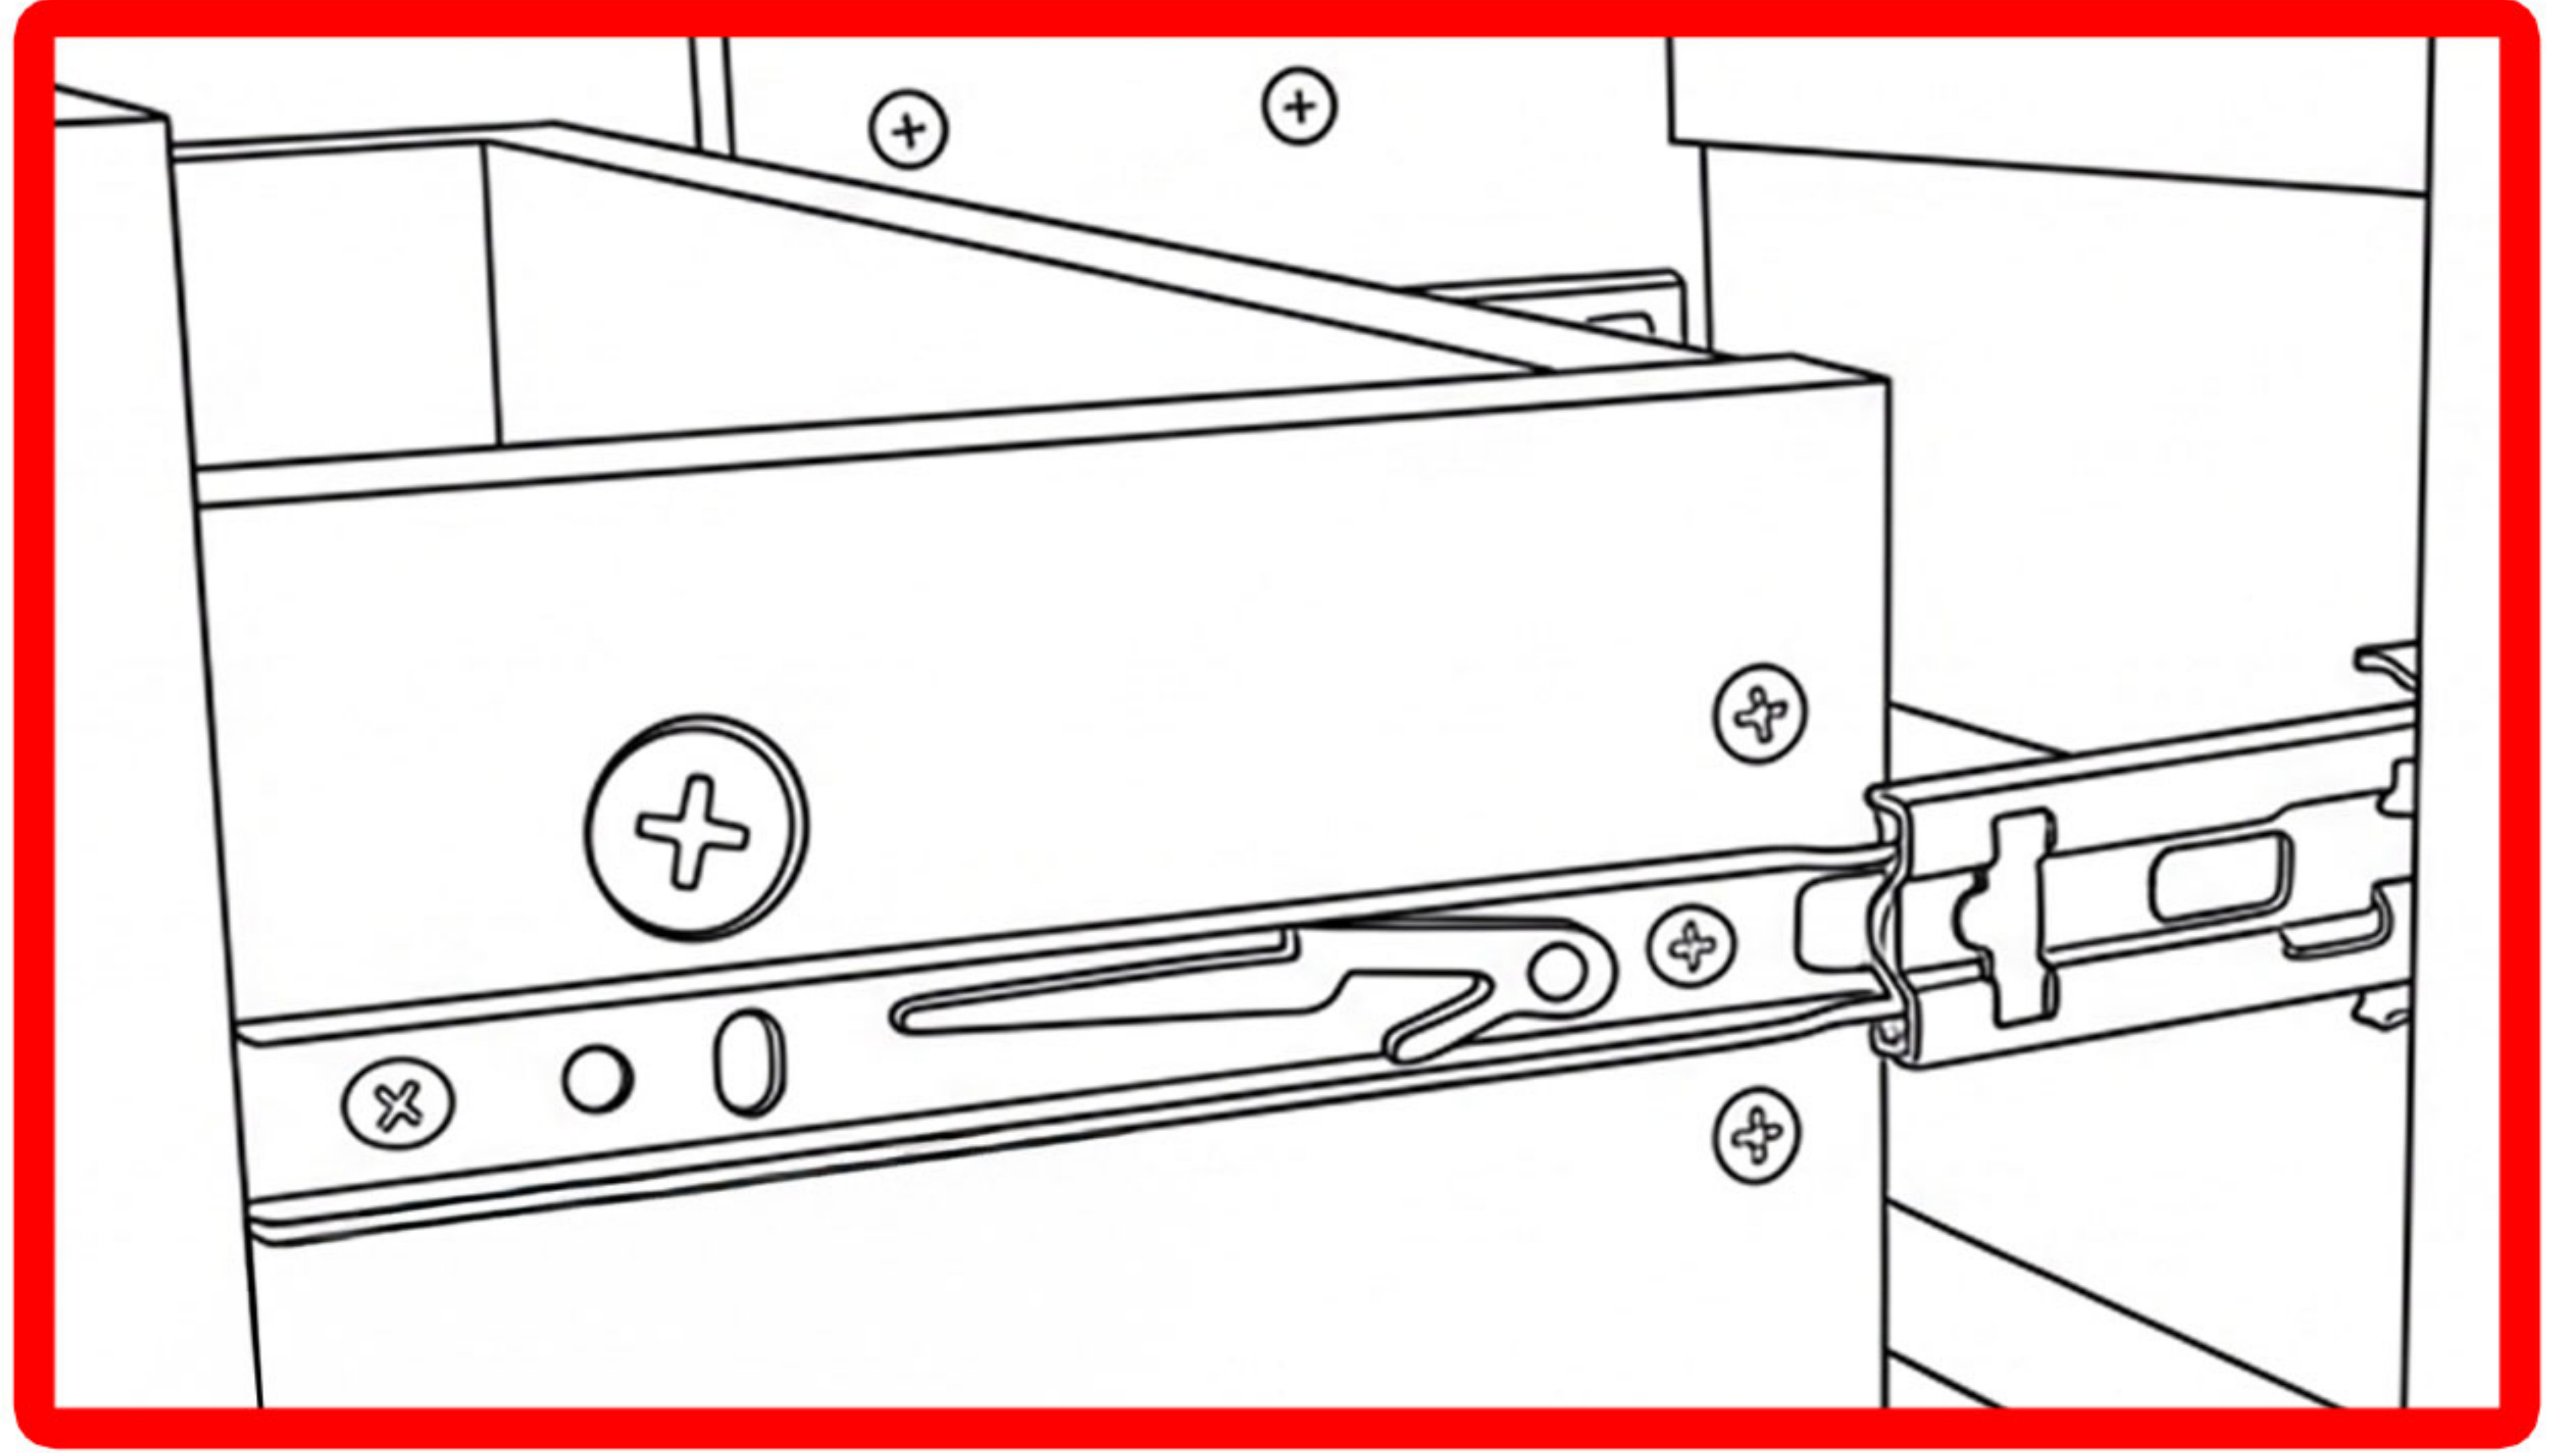

Step 15:

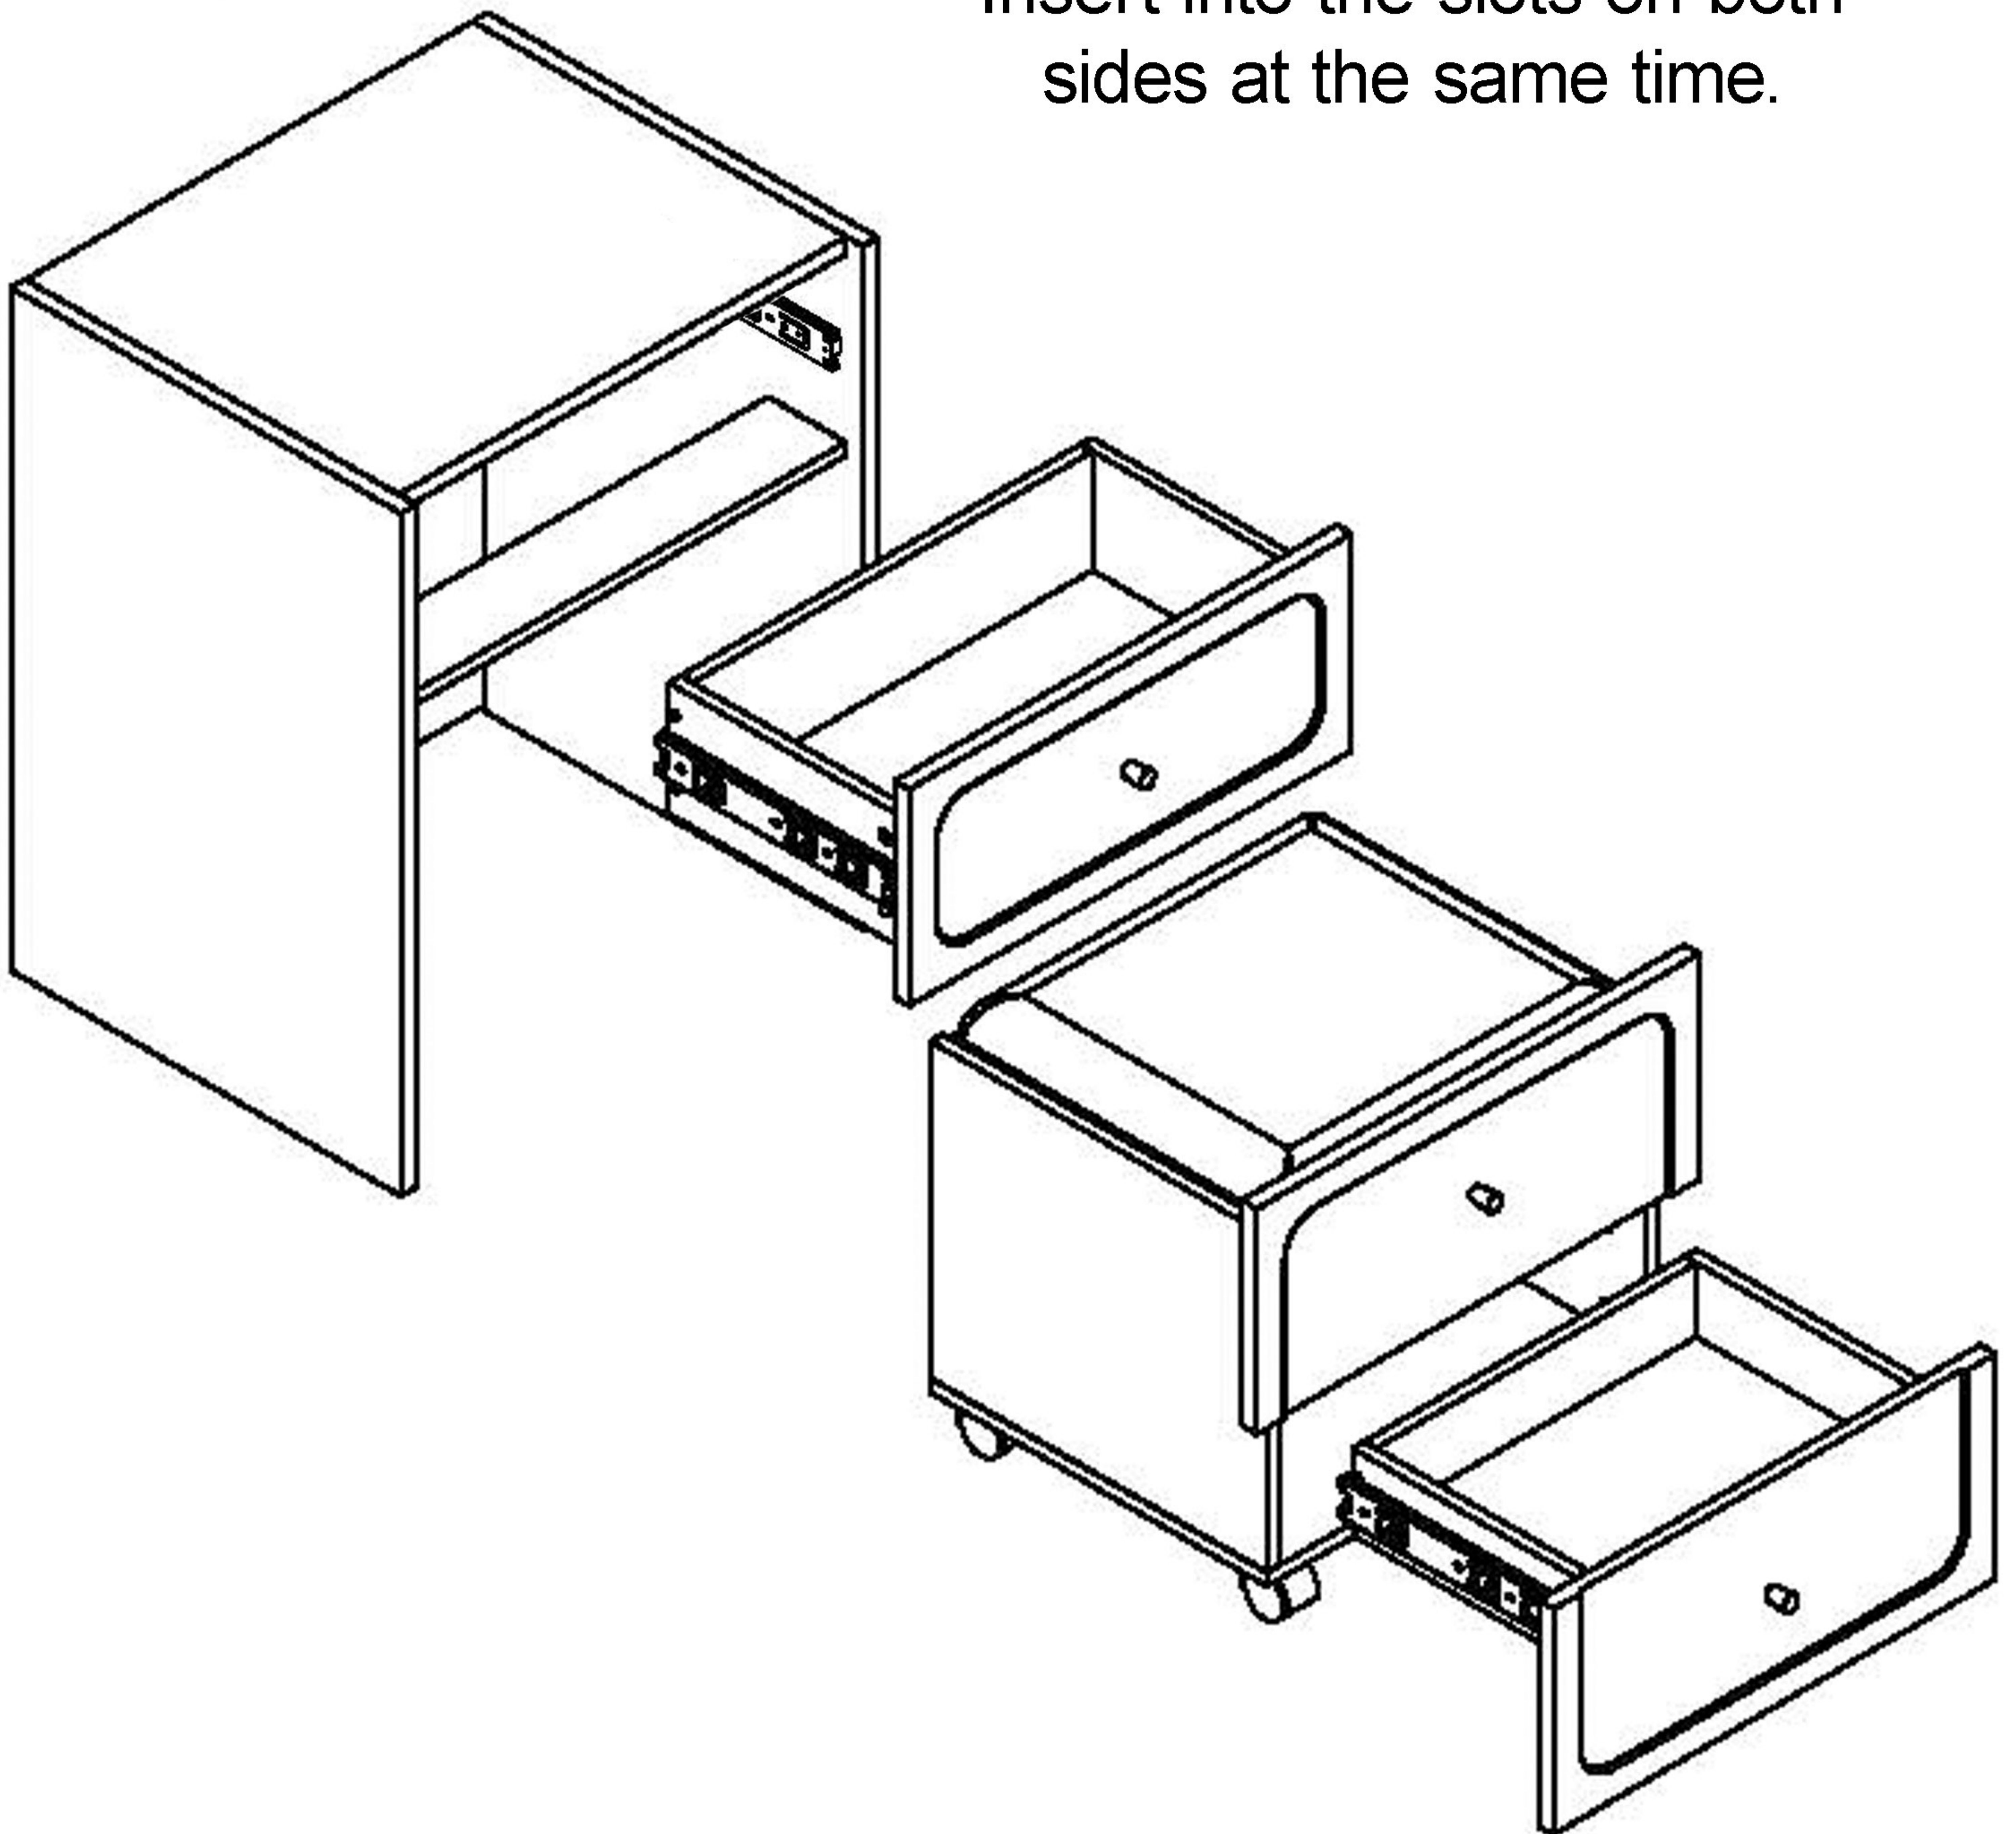

A

Step 16:

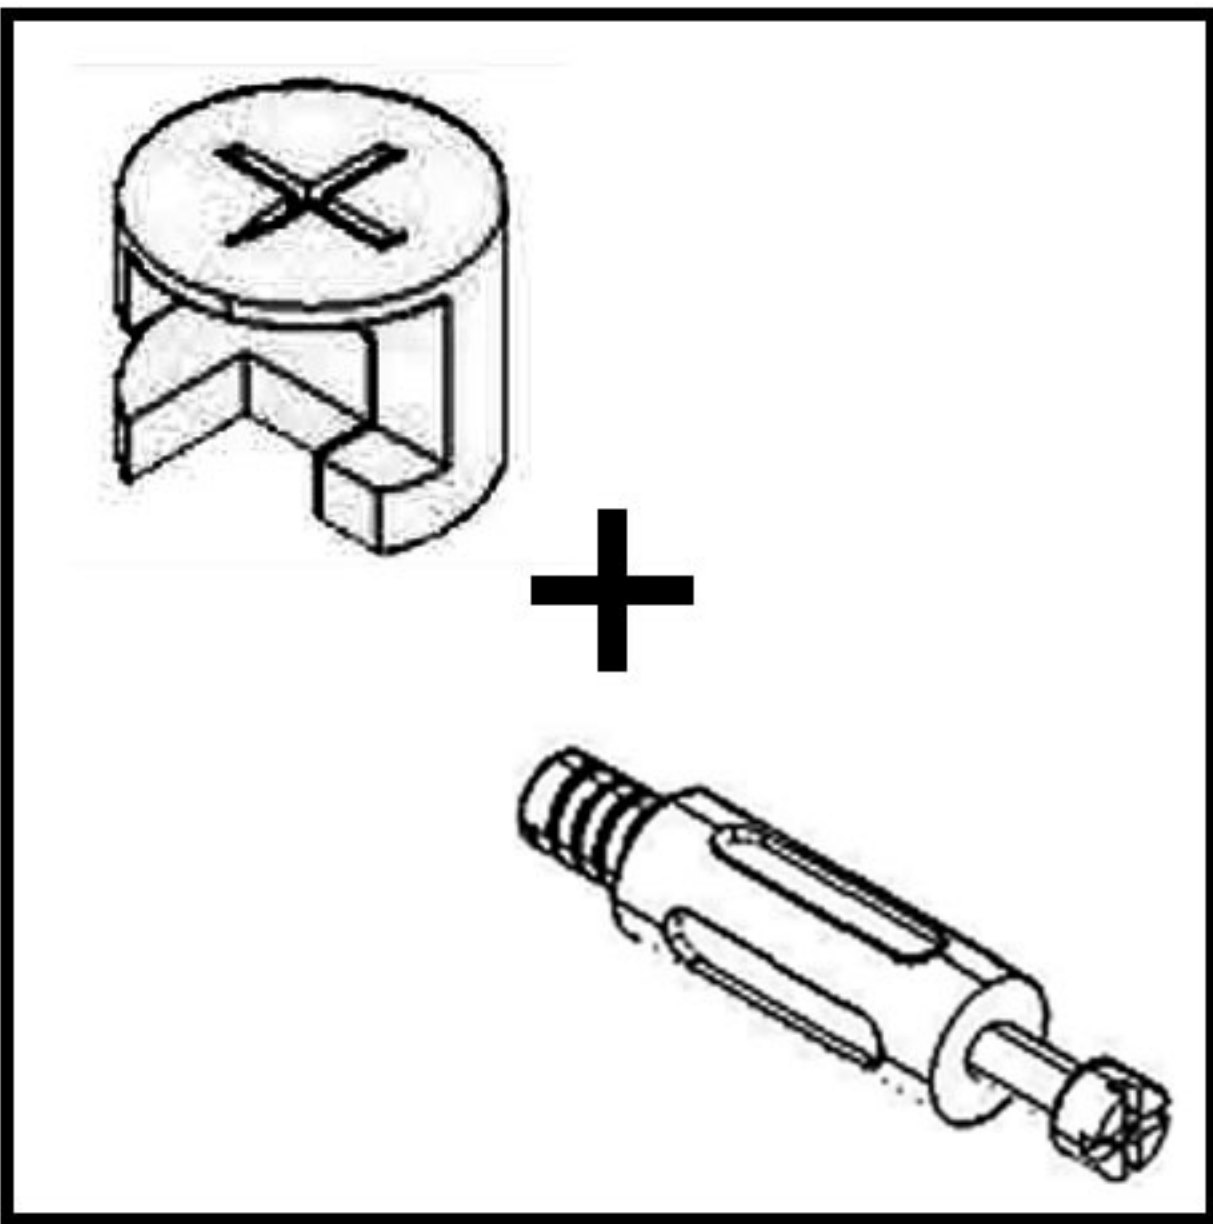

Insert into the slots on both sides at the same time.

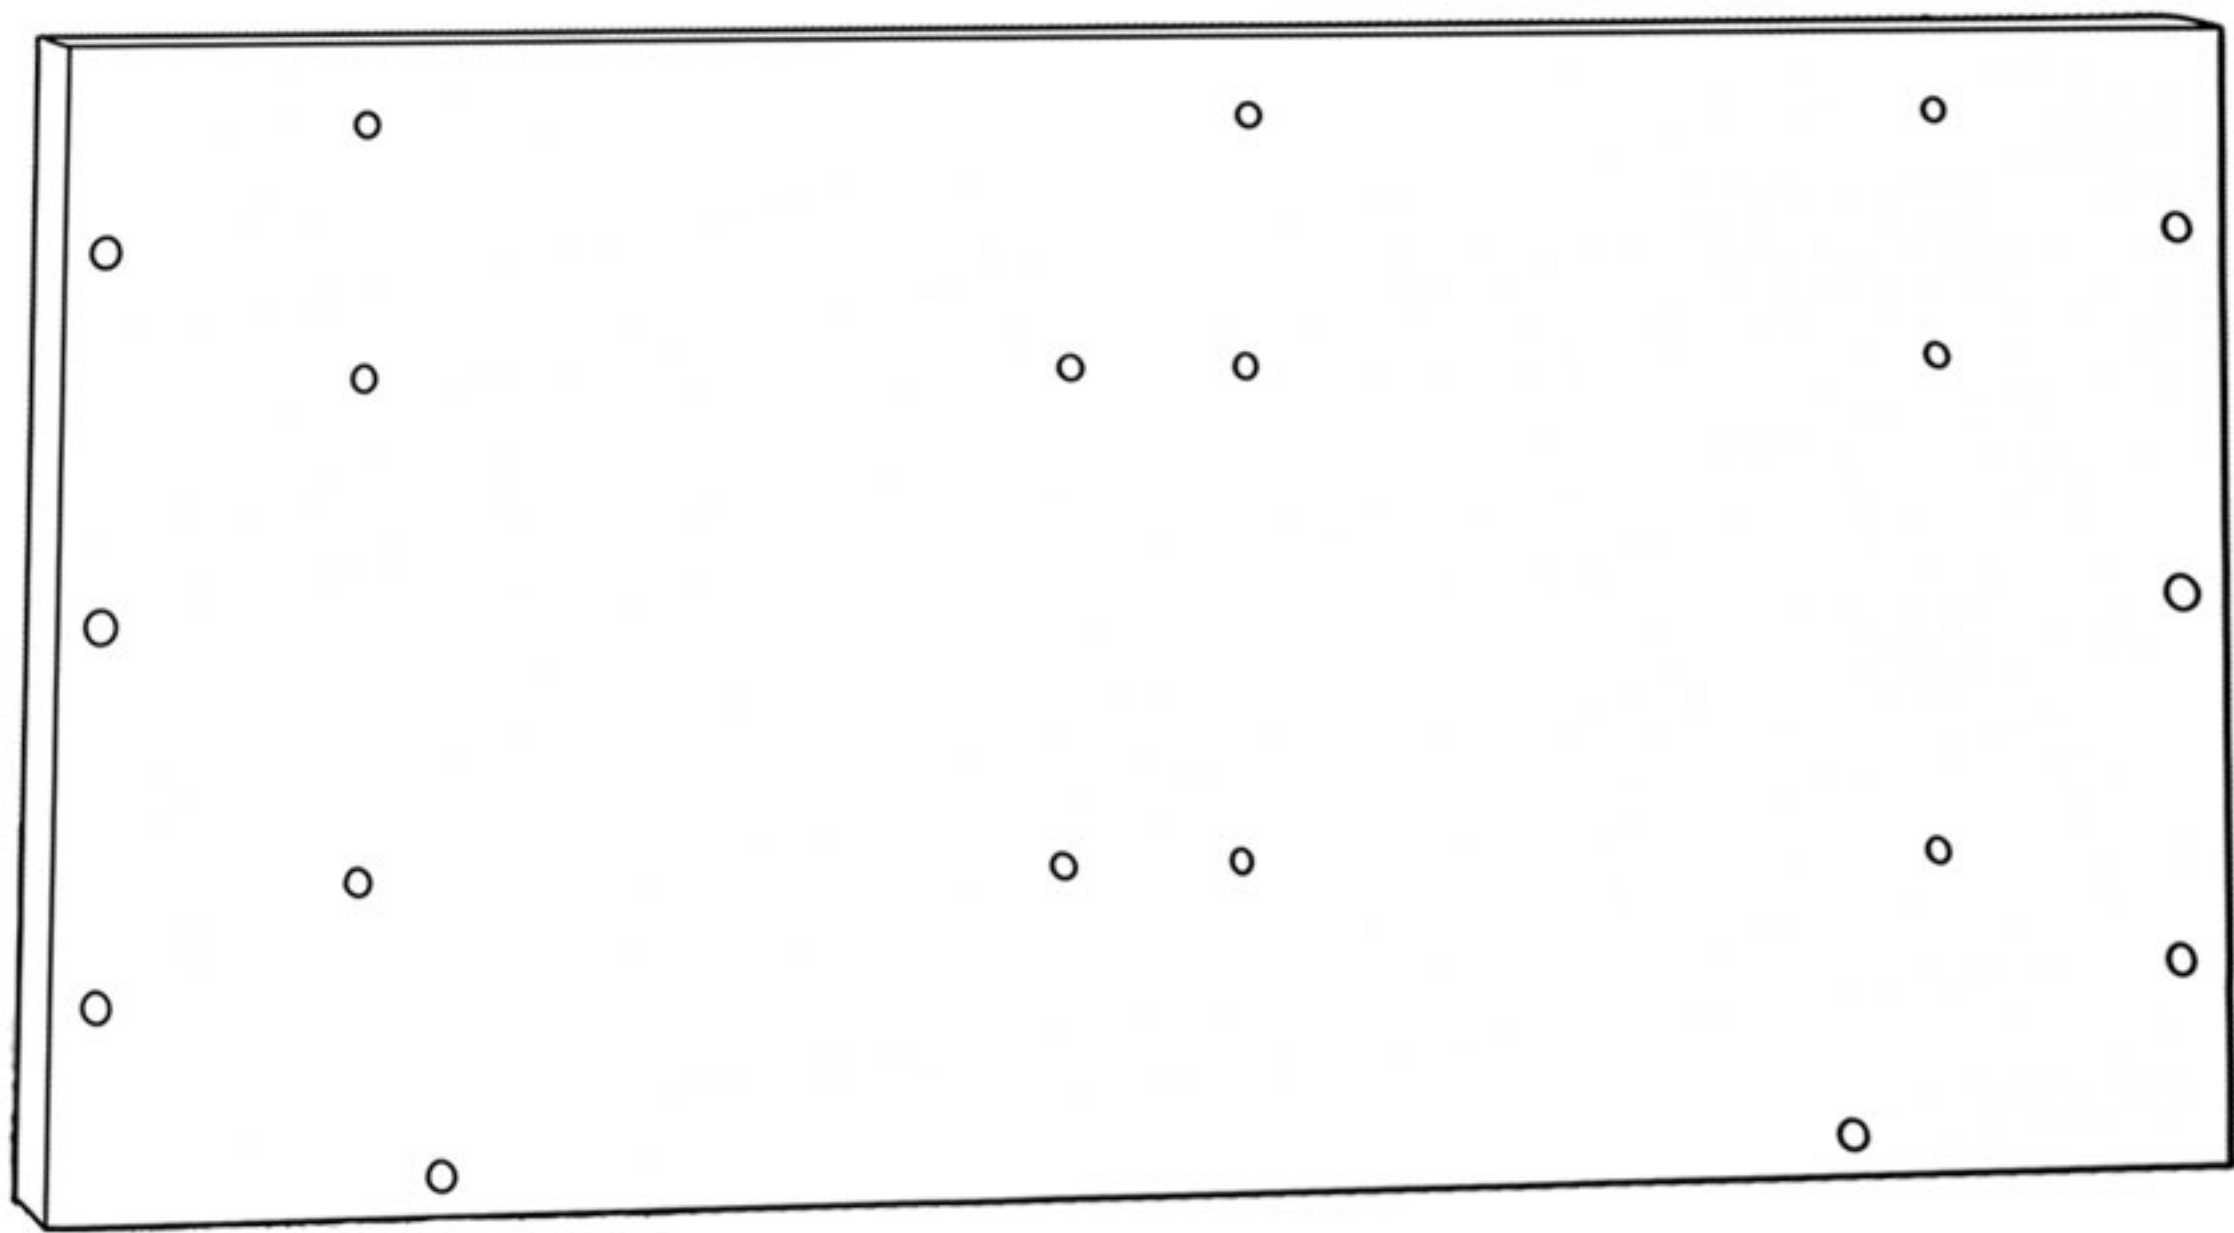

Combine Steps 7, 13 and 15.

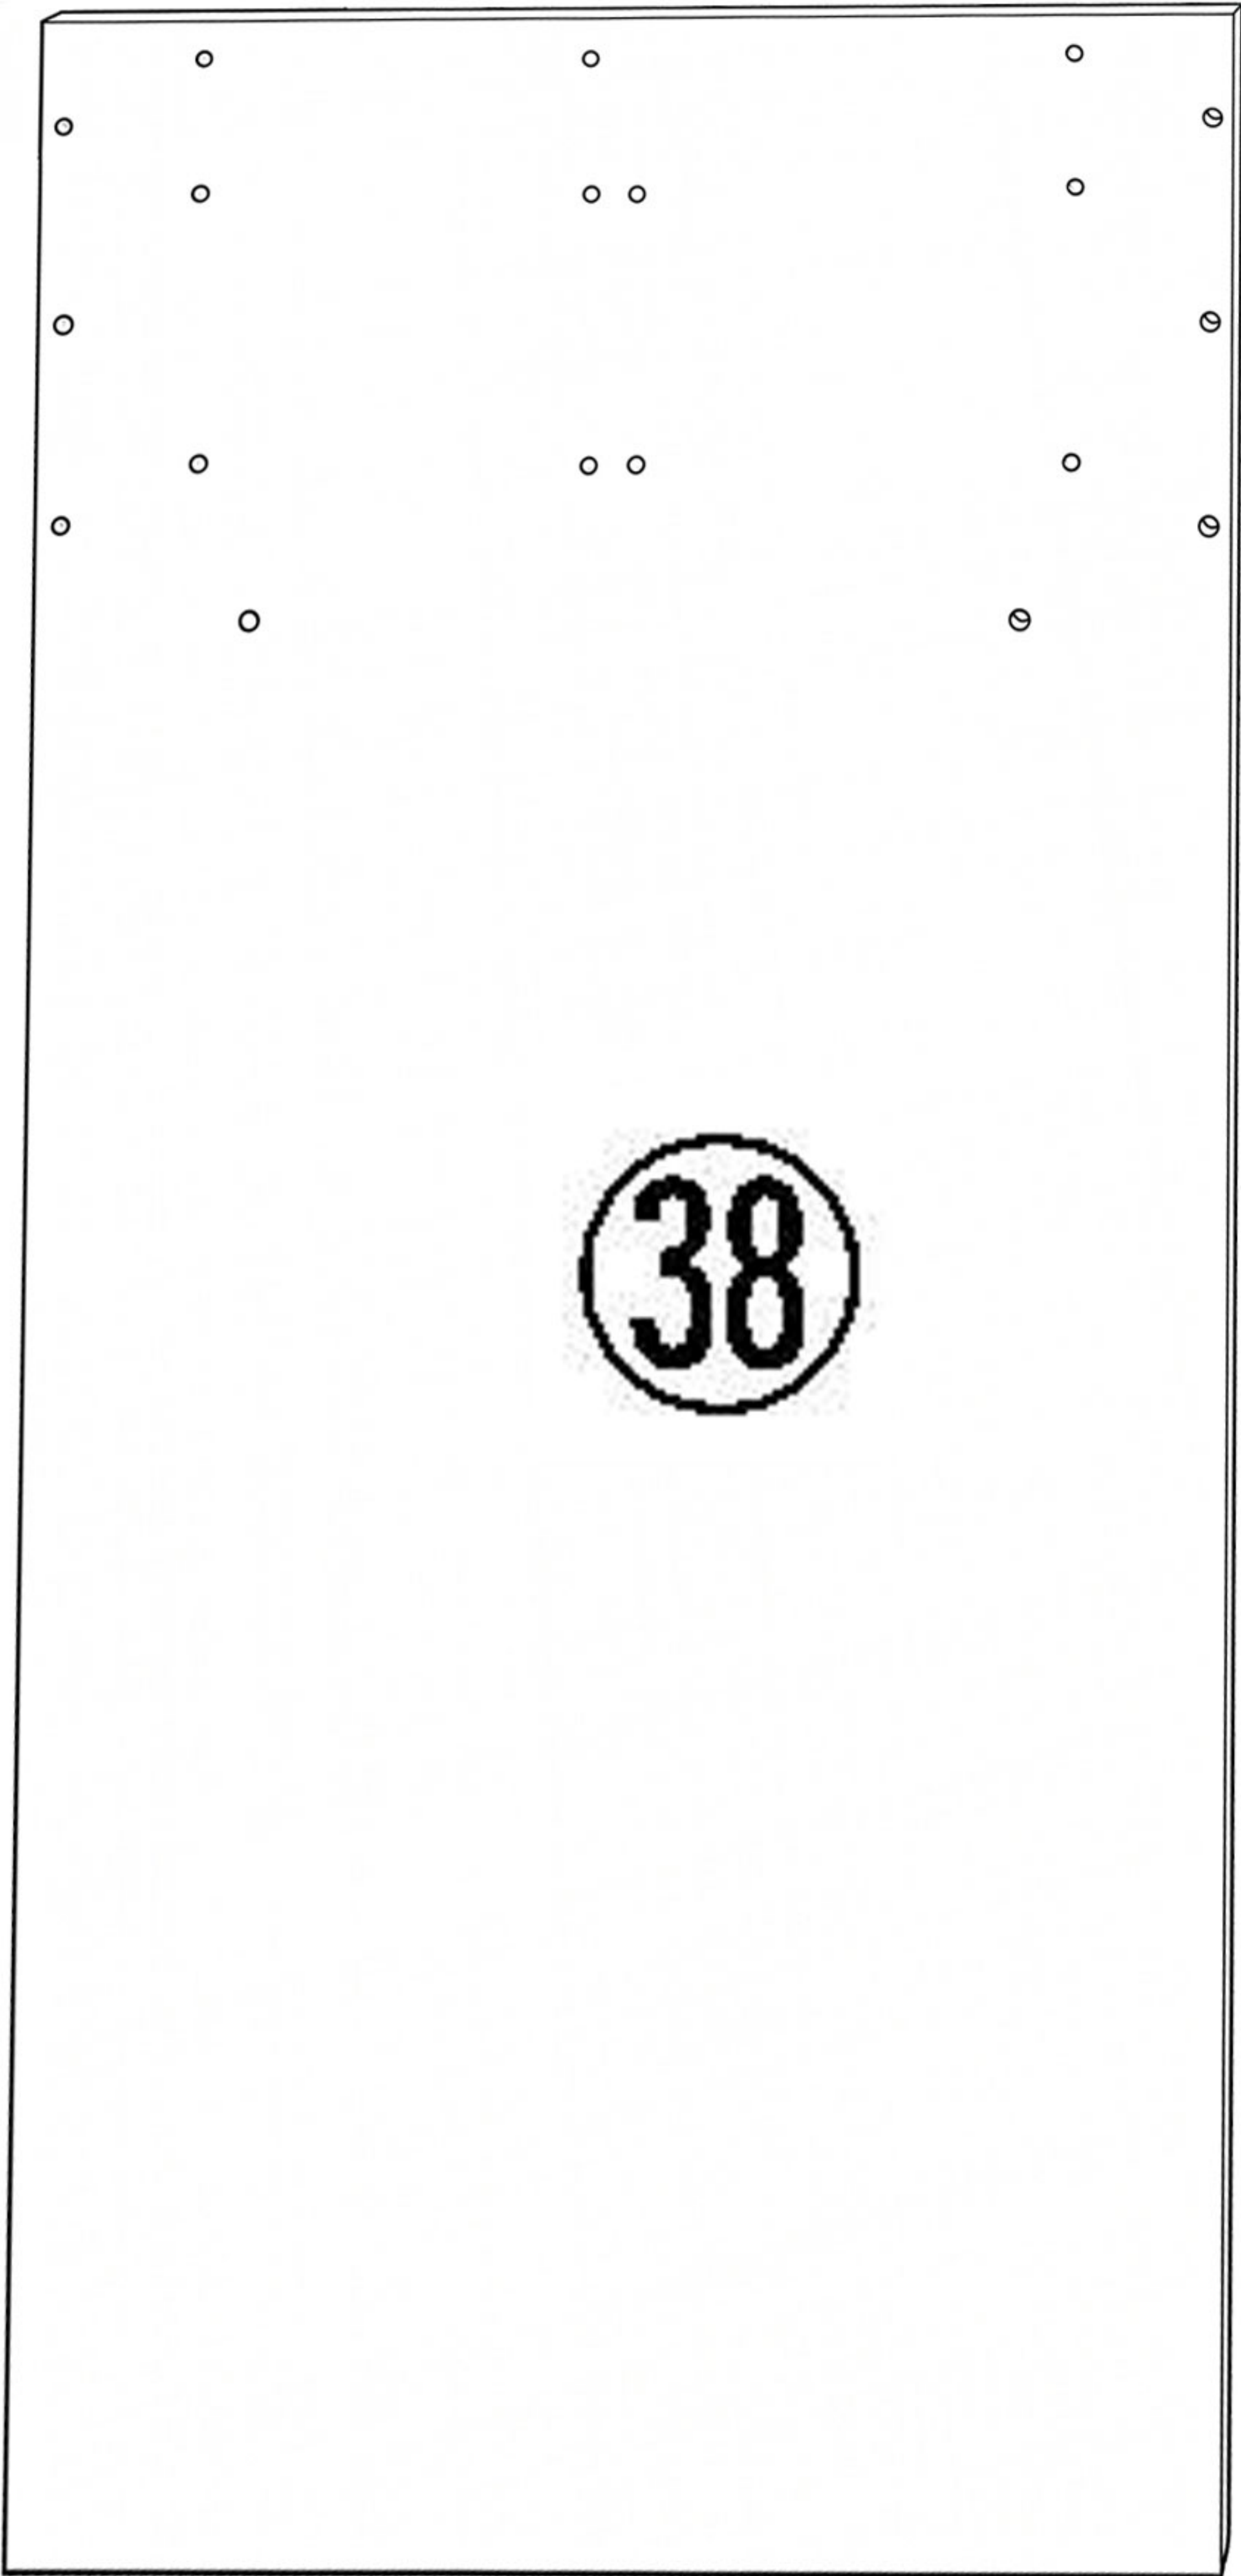

Step 17:

A

35

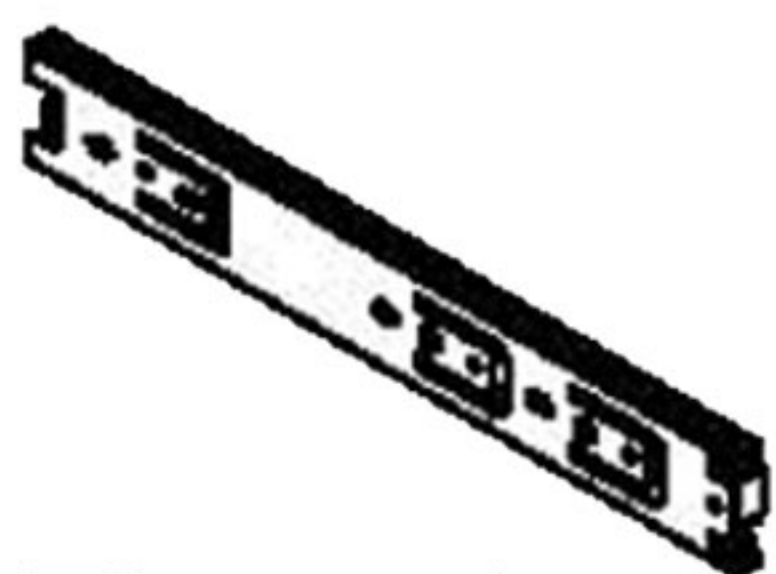

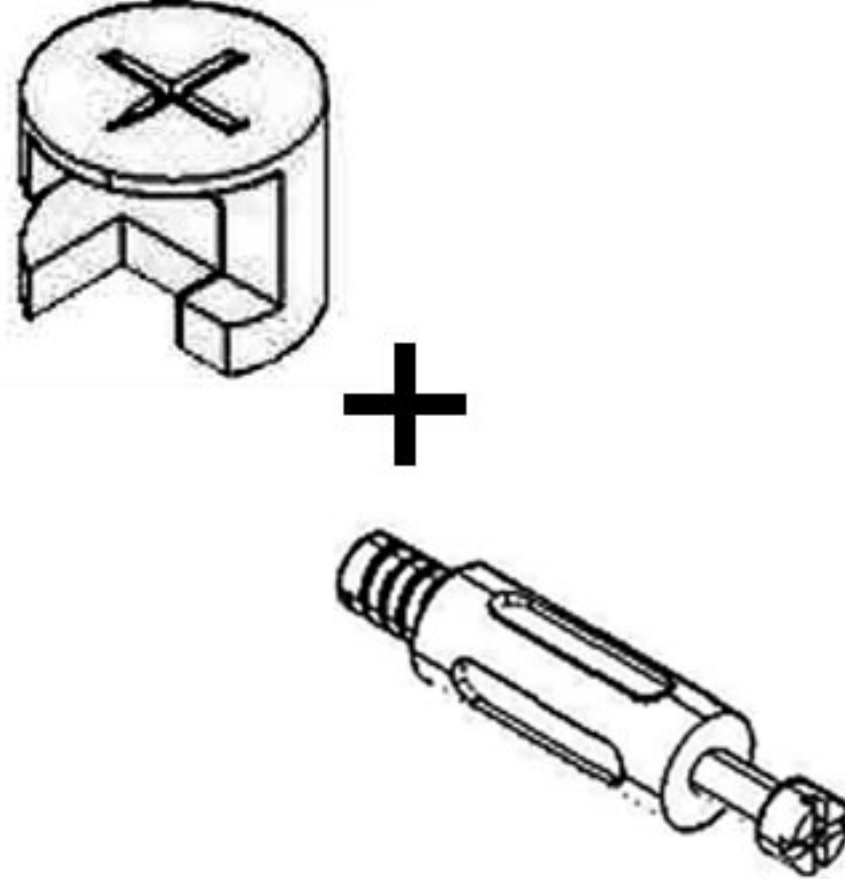

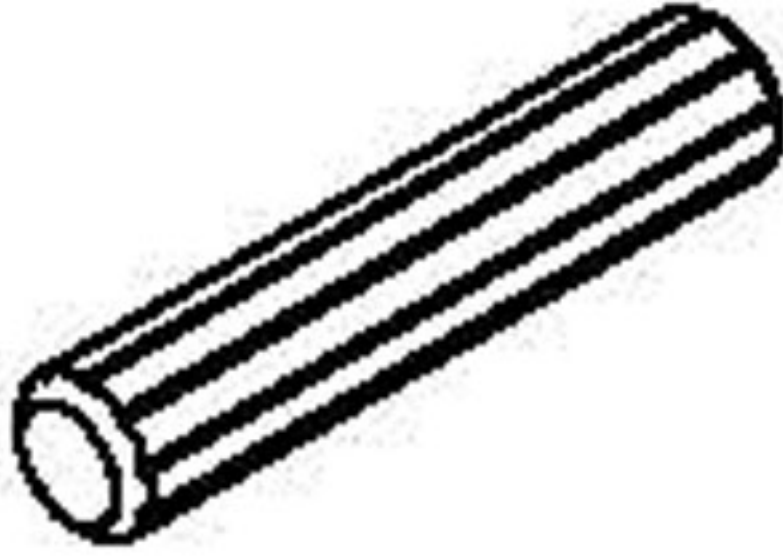

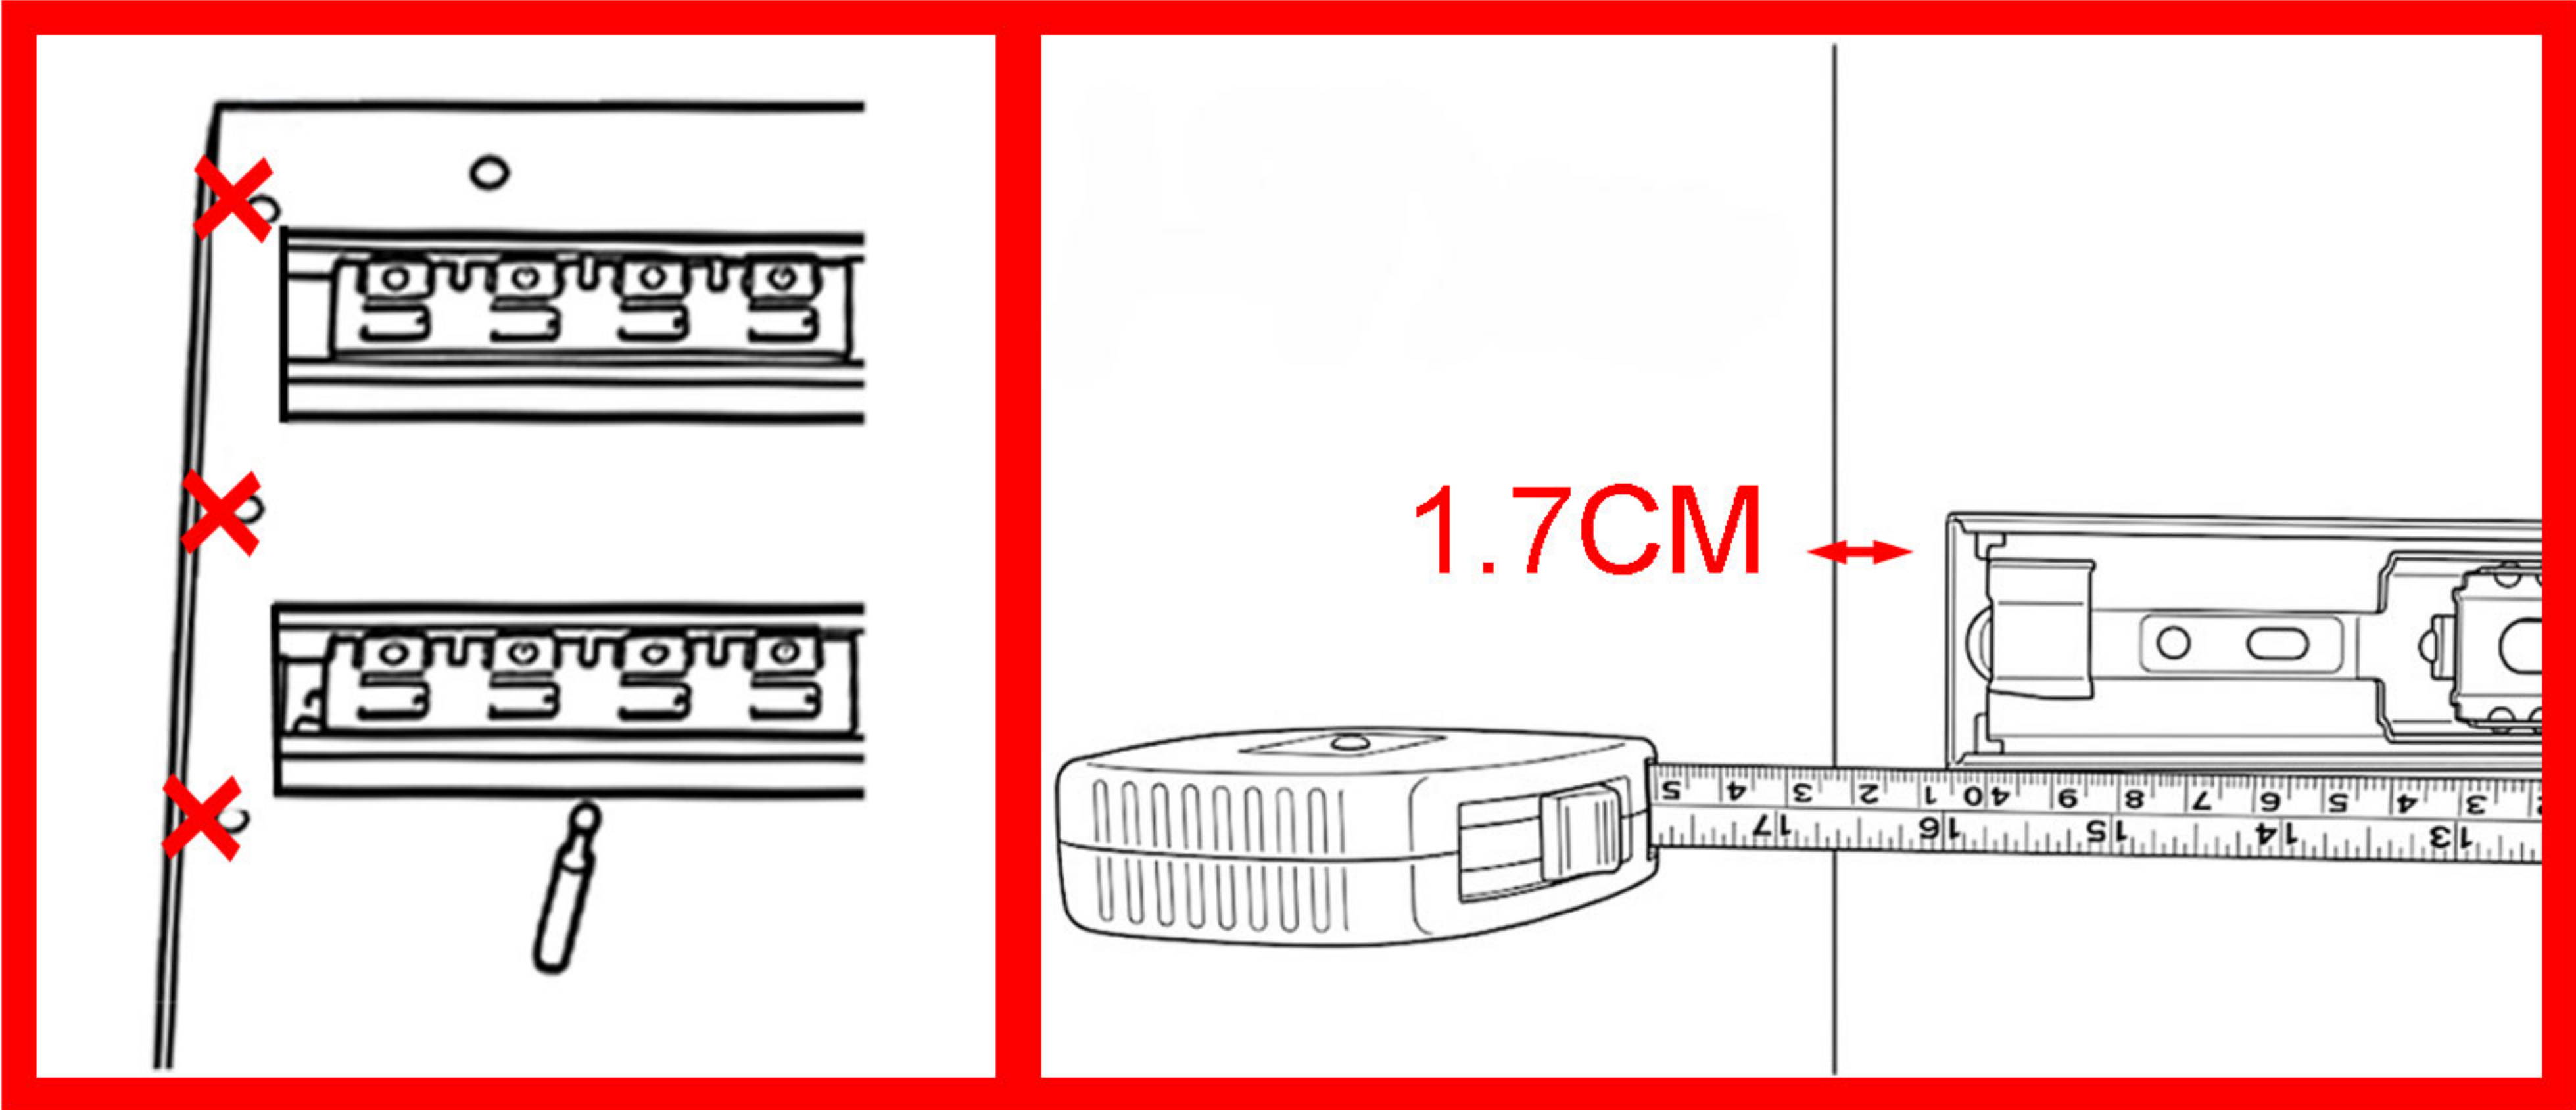

38

Note: these two panels have symmetrical cutouts, so the left and right positions are interchangeable.

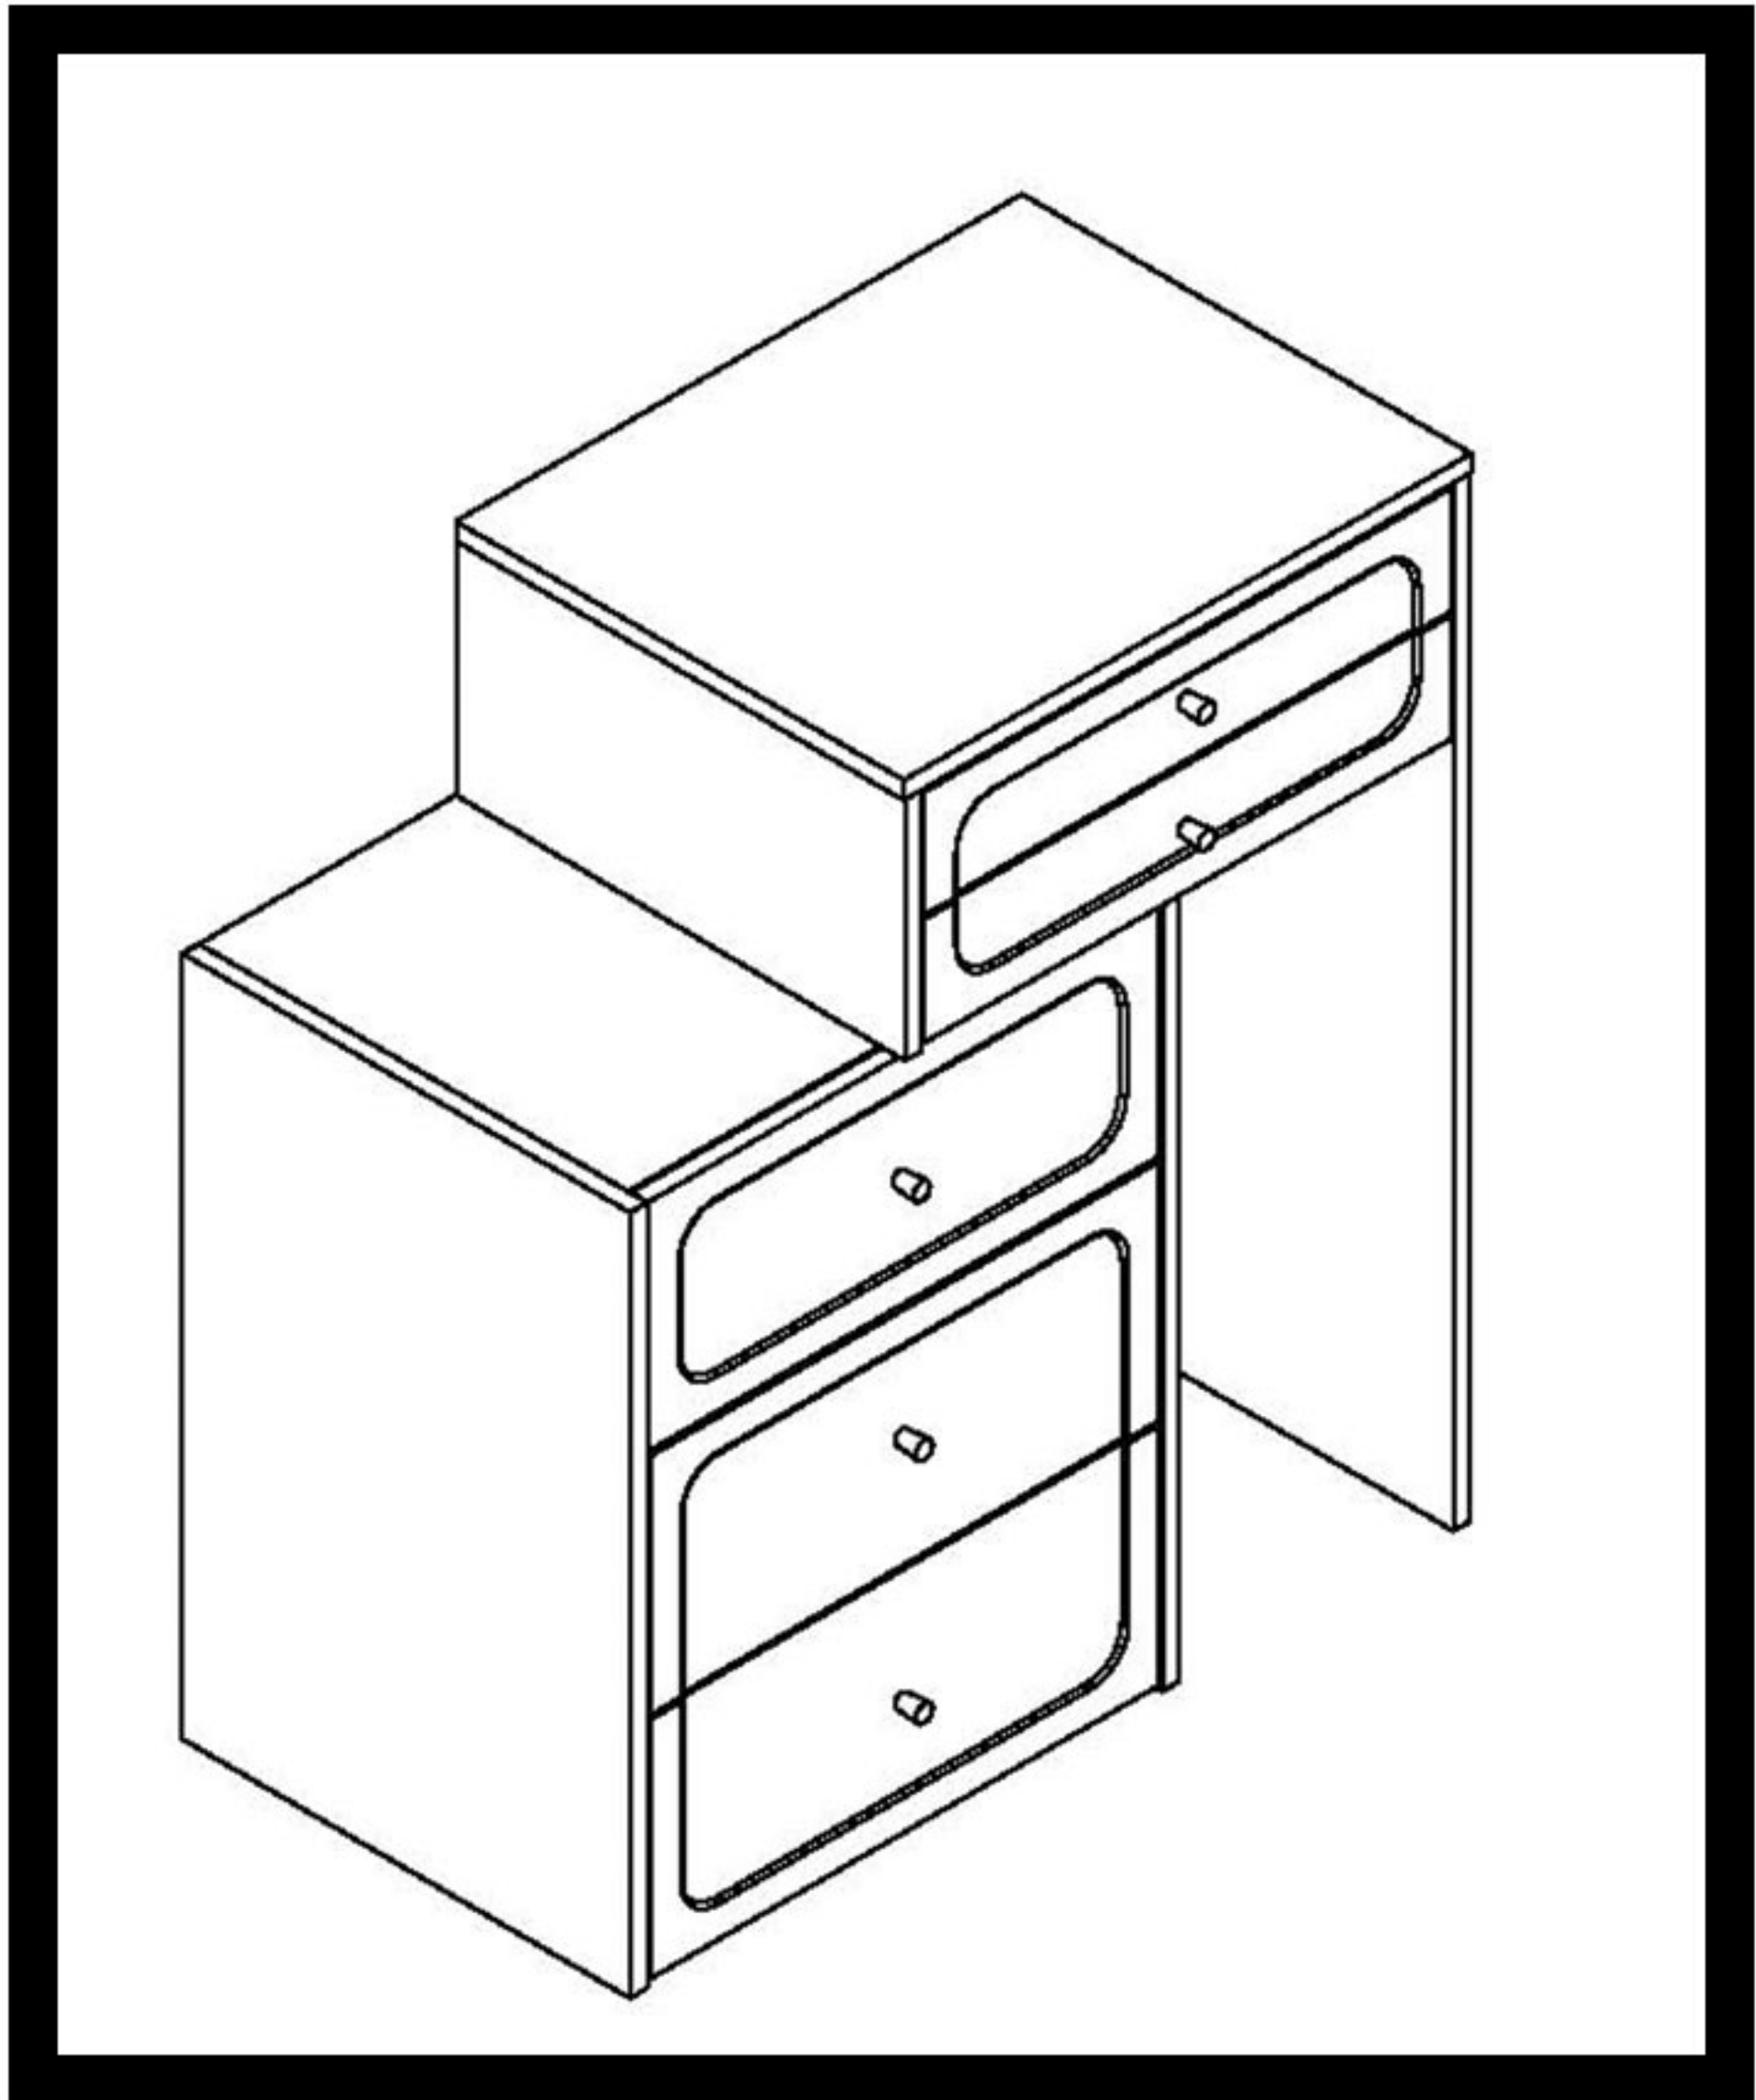

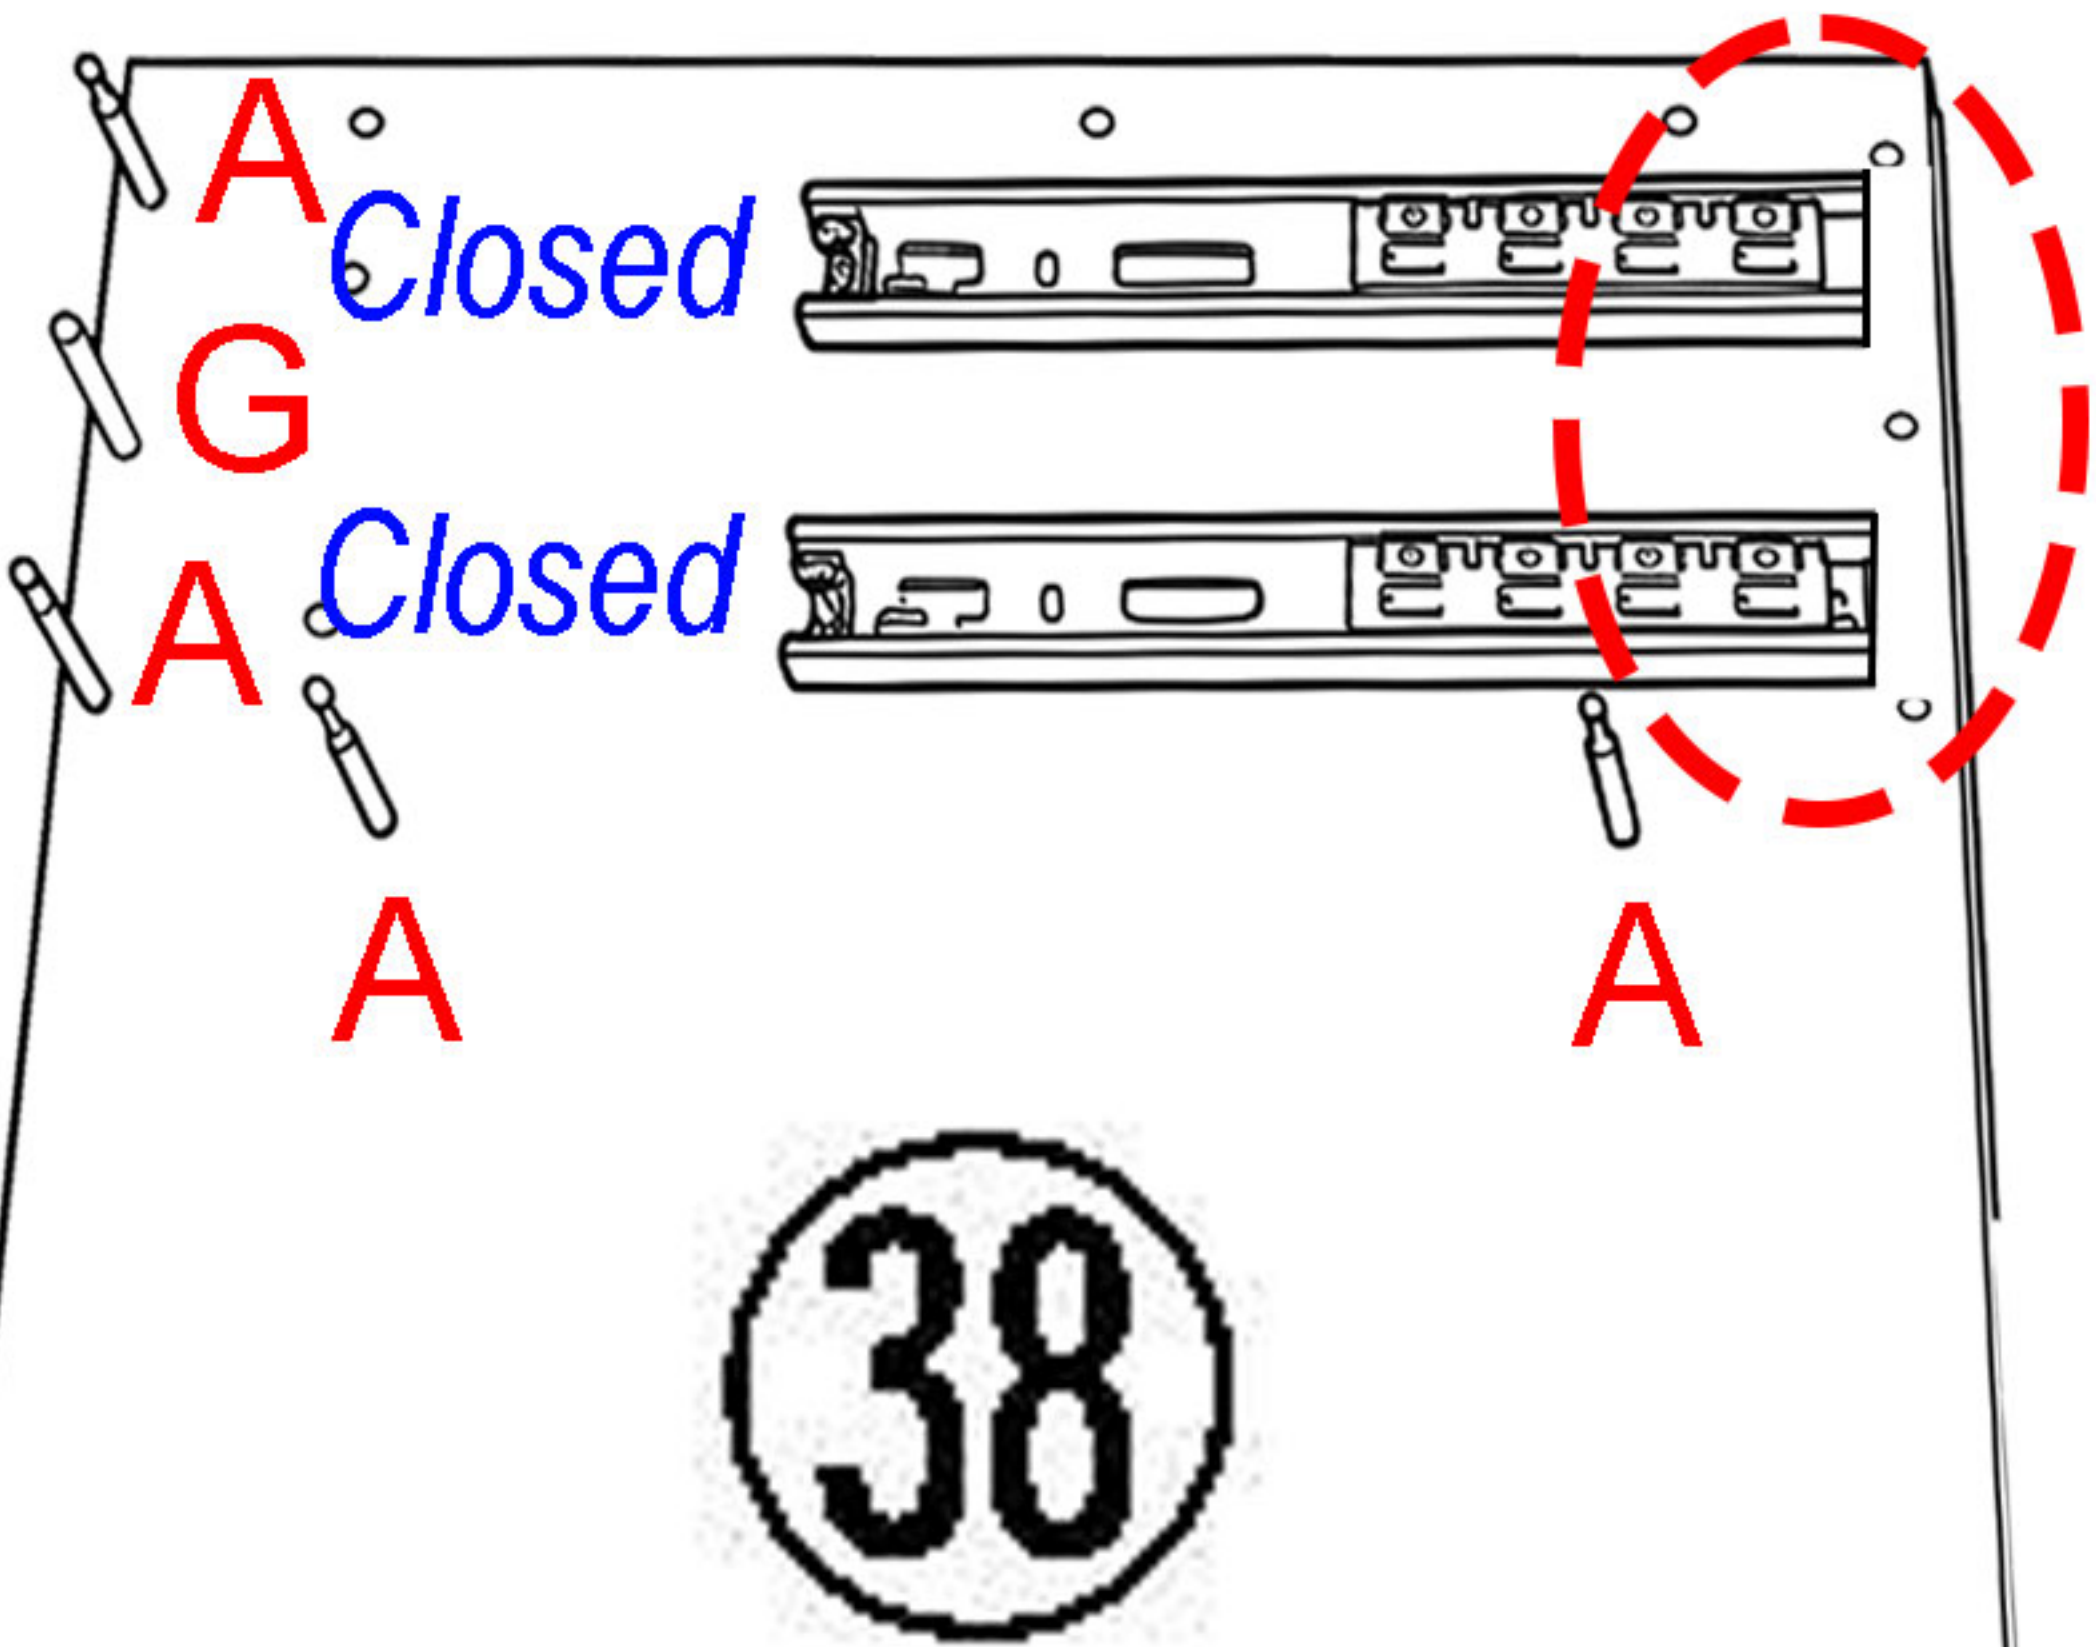

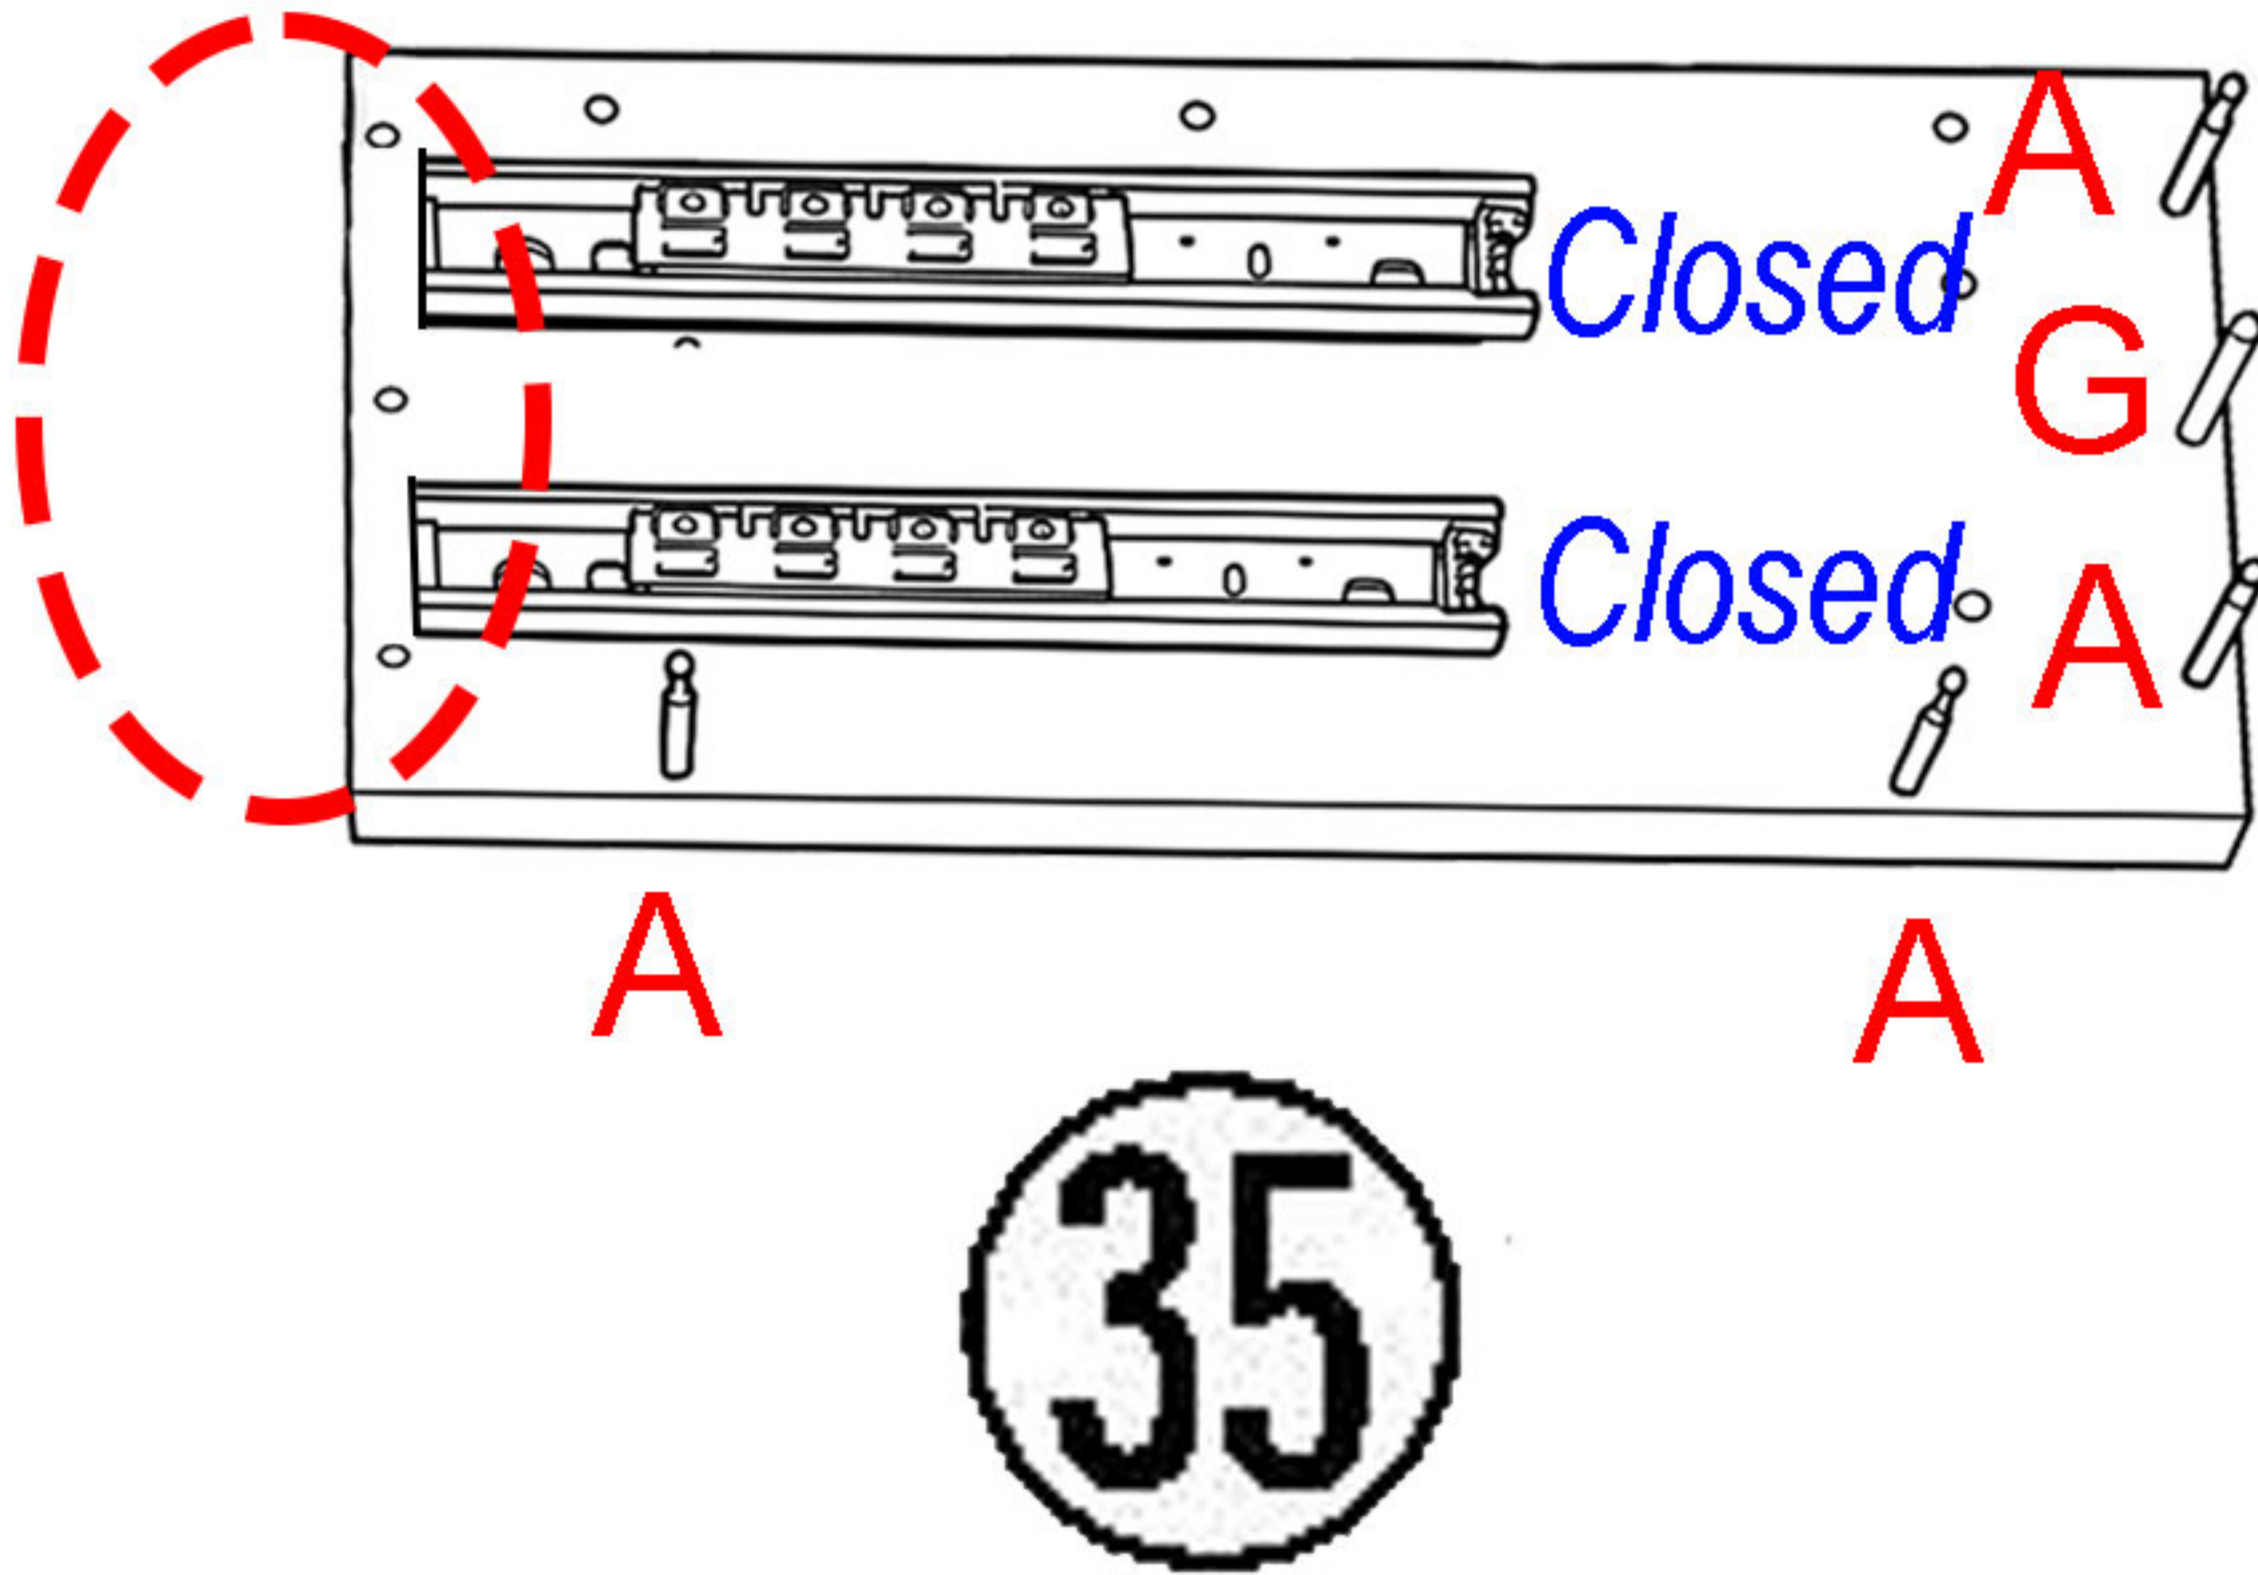

Step 18:

Option 1

 The main body part			
I	D	A	G

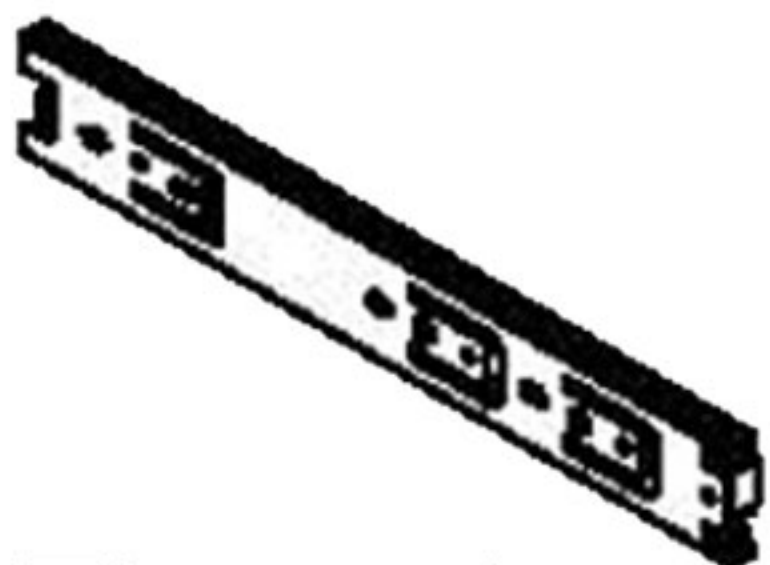

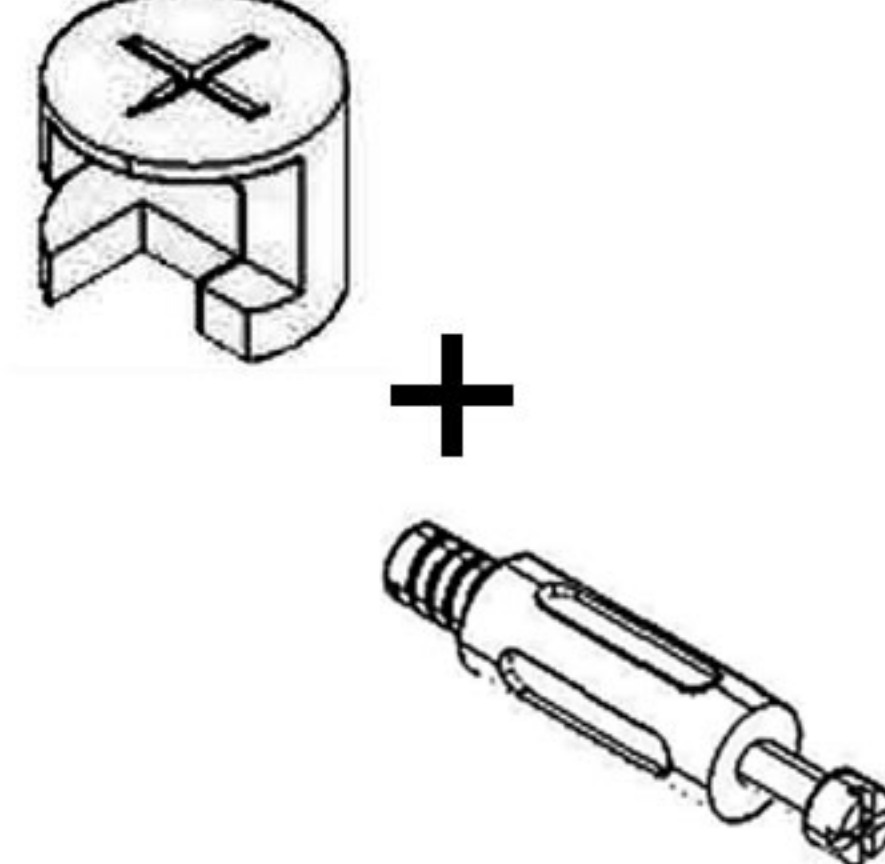

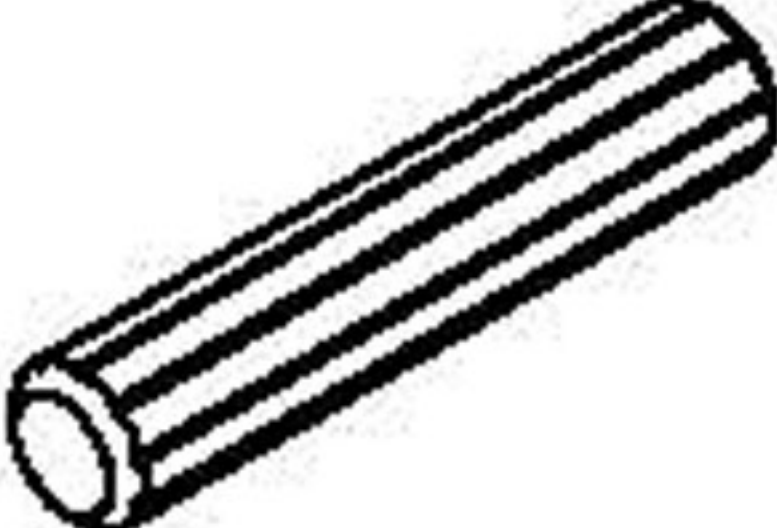

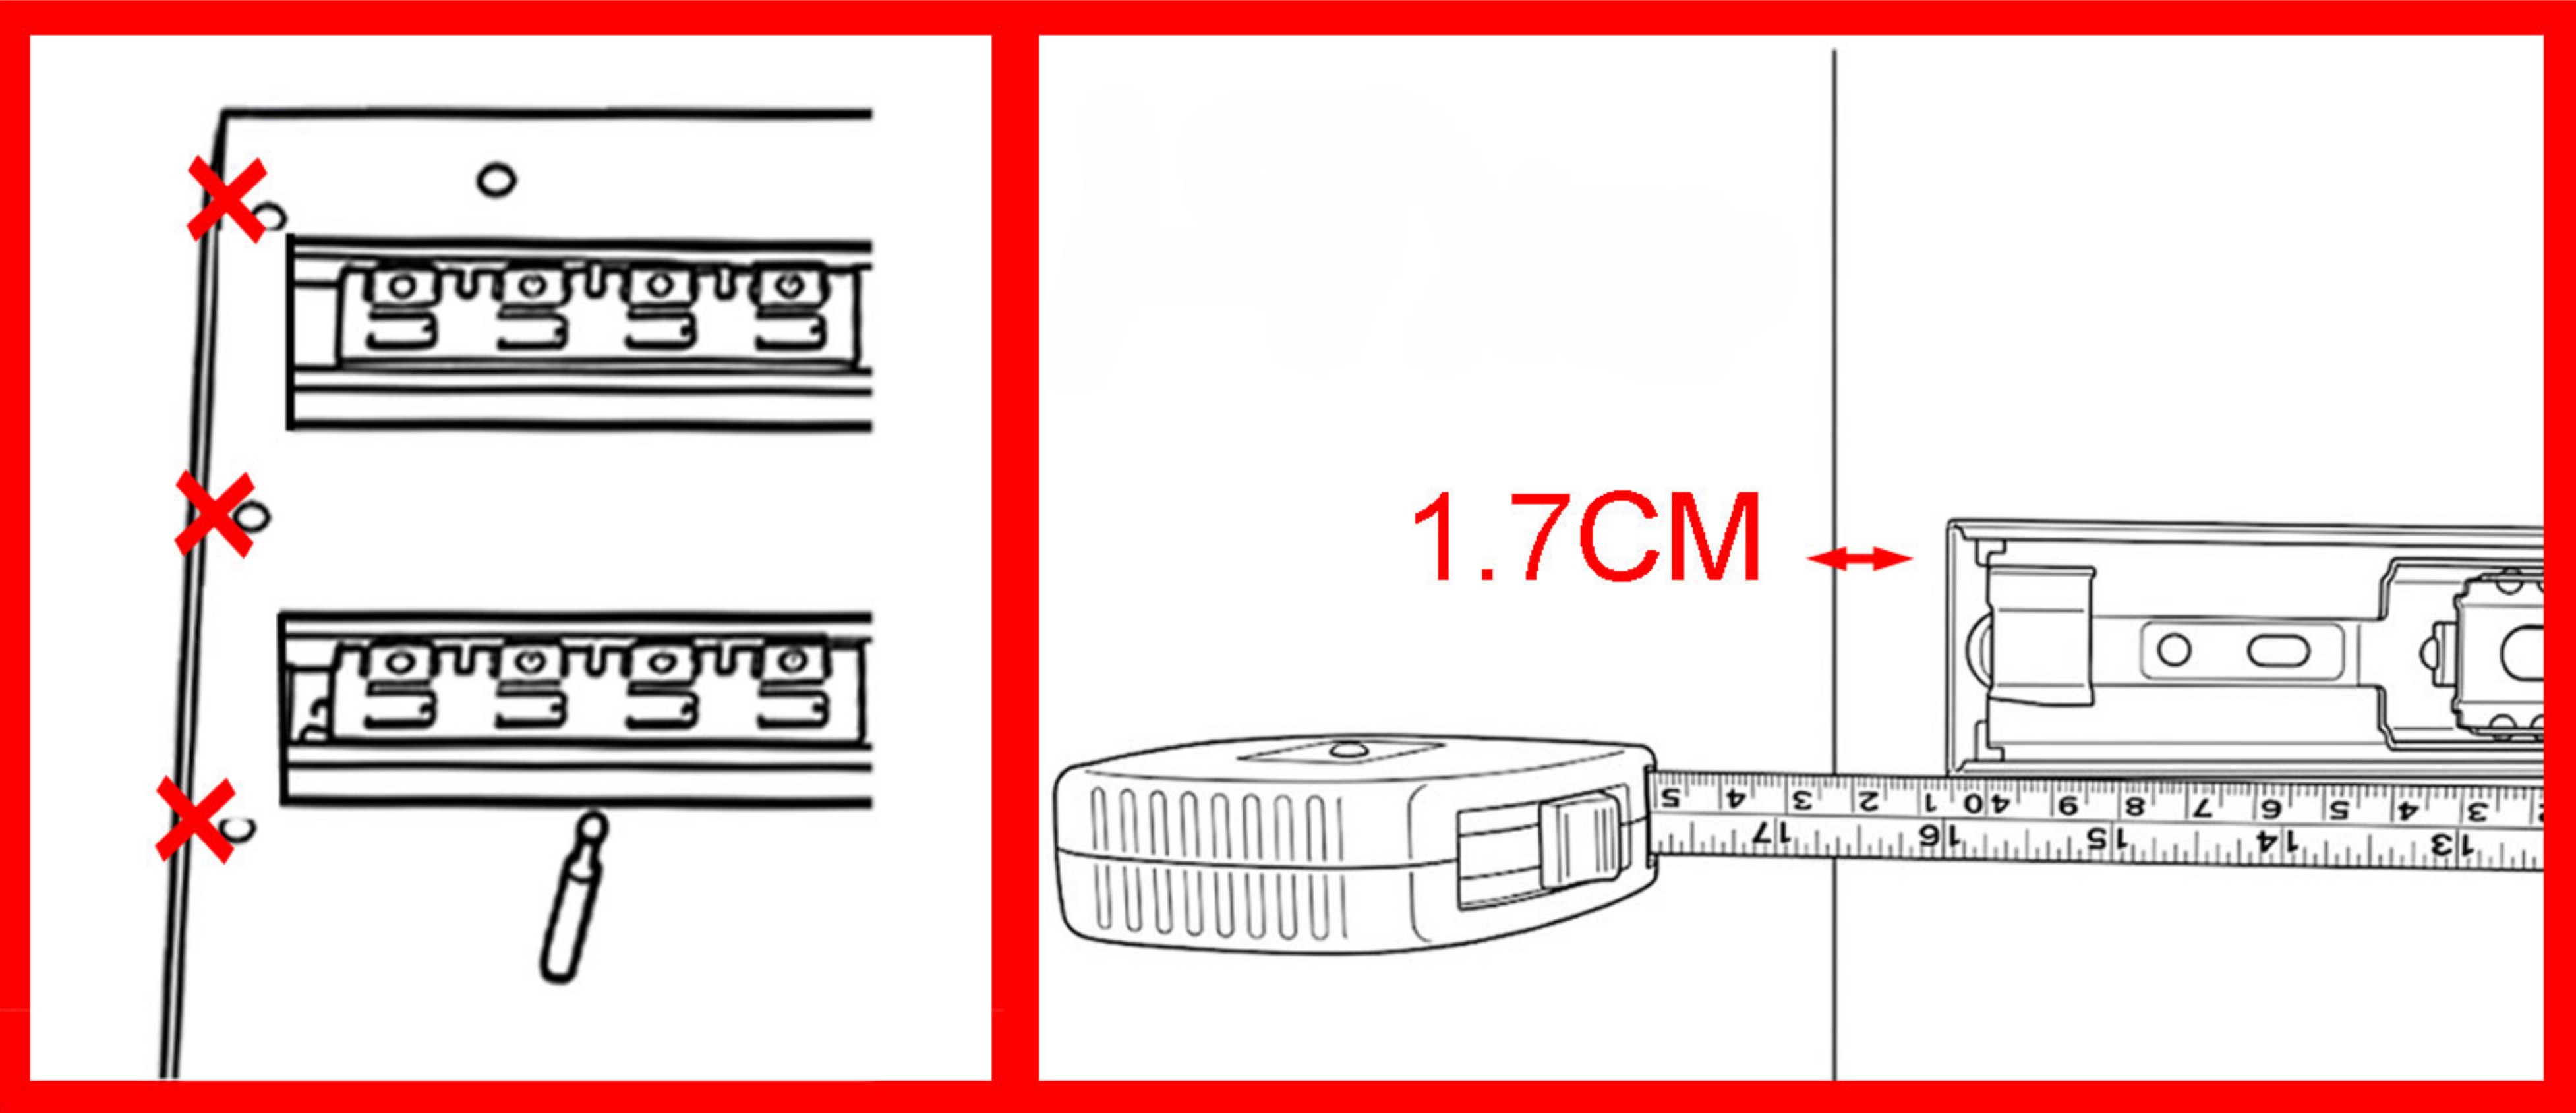

- Leave the holes near the opening empty.
- Leave a 1.7cm gap.

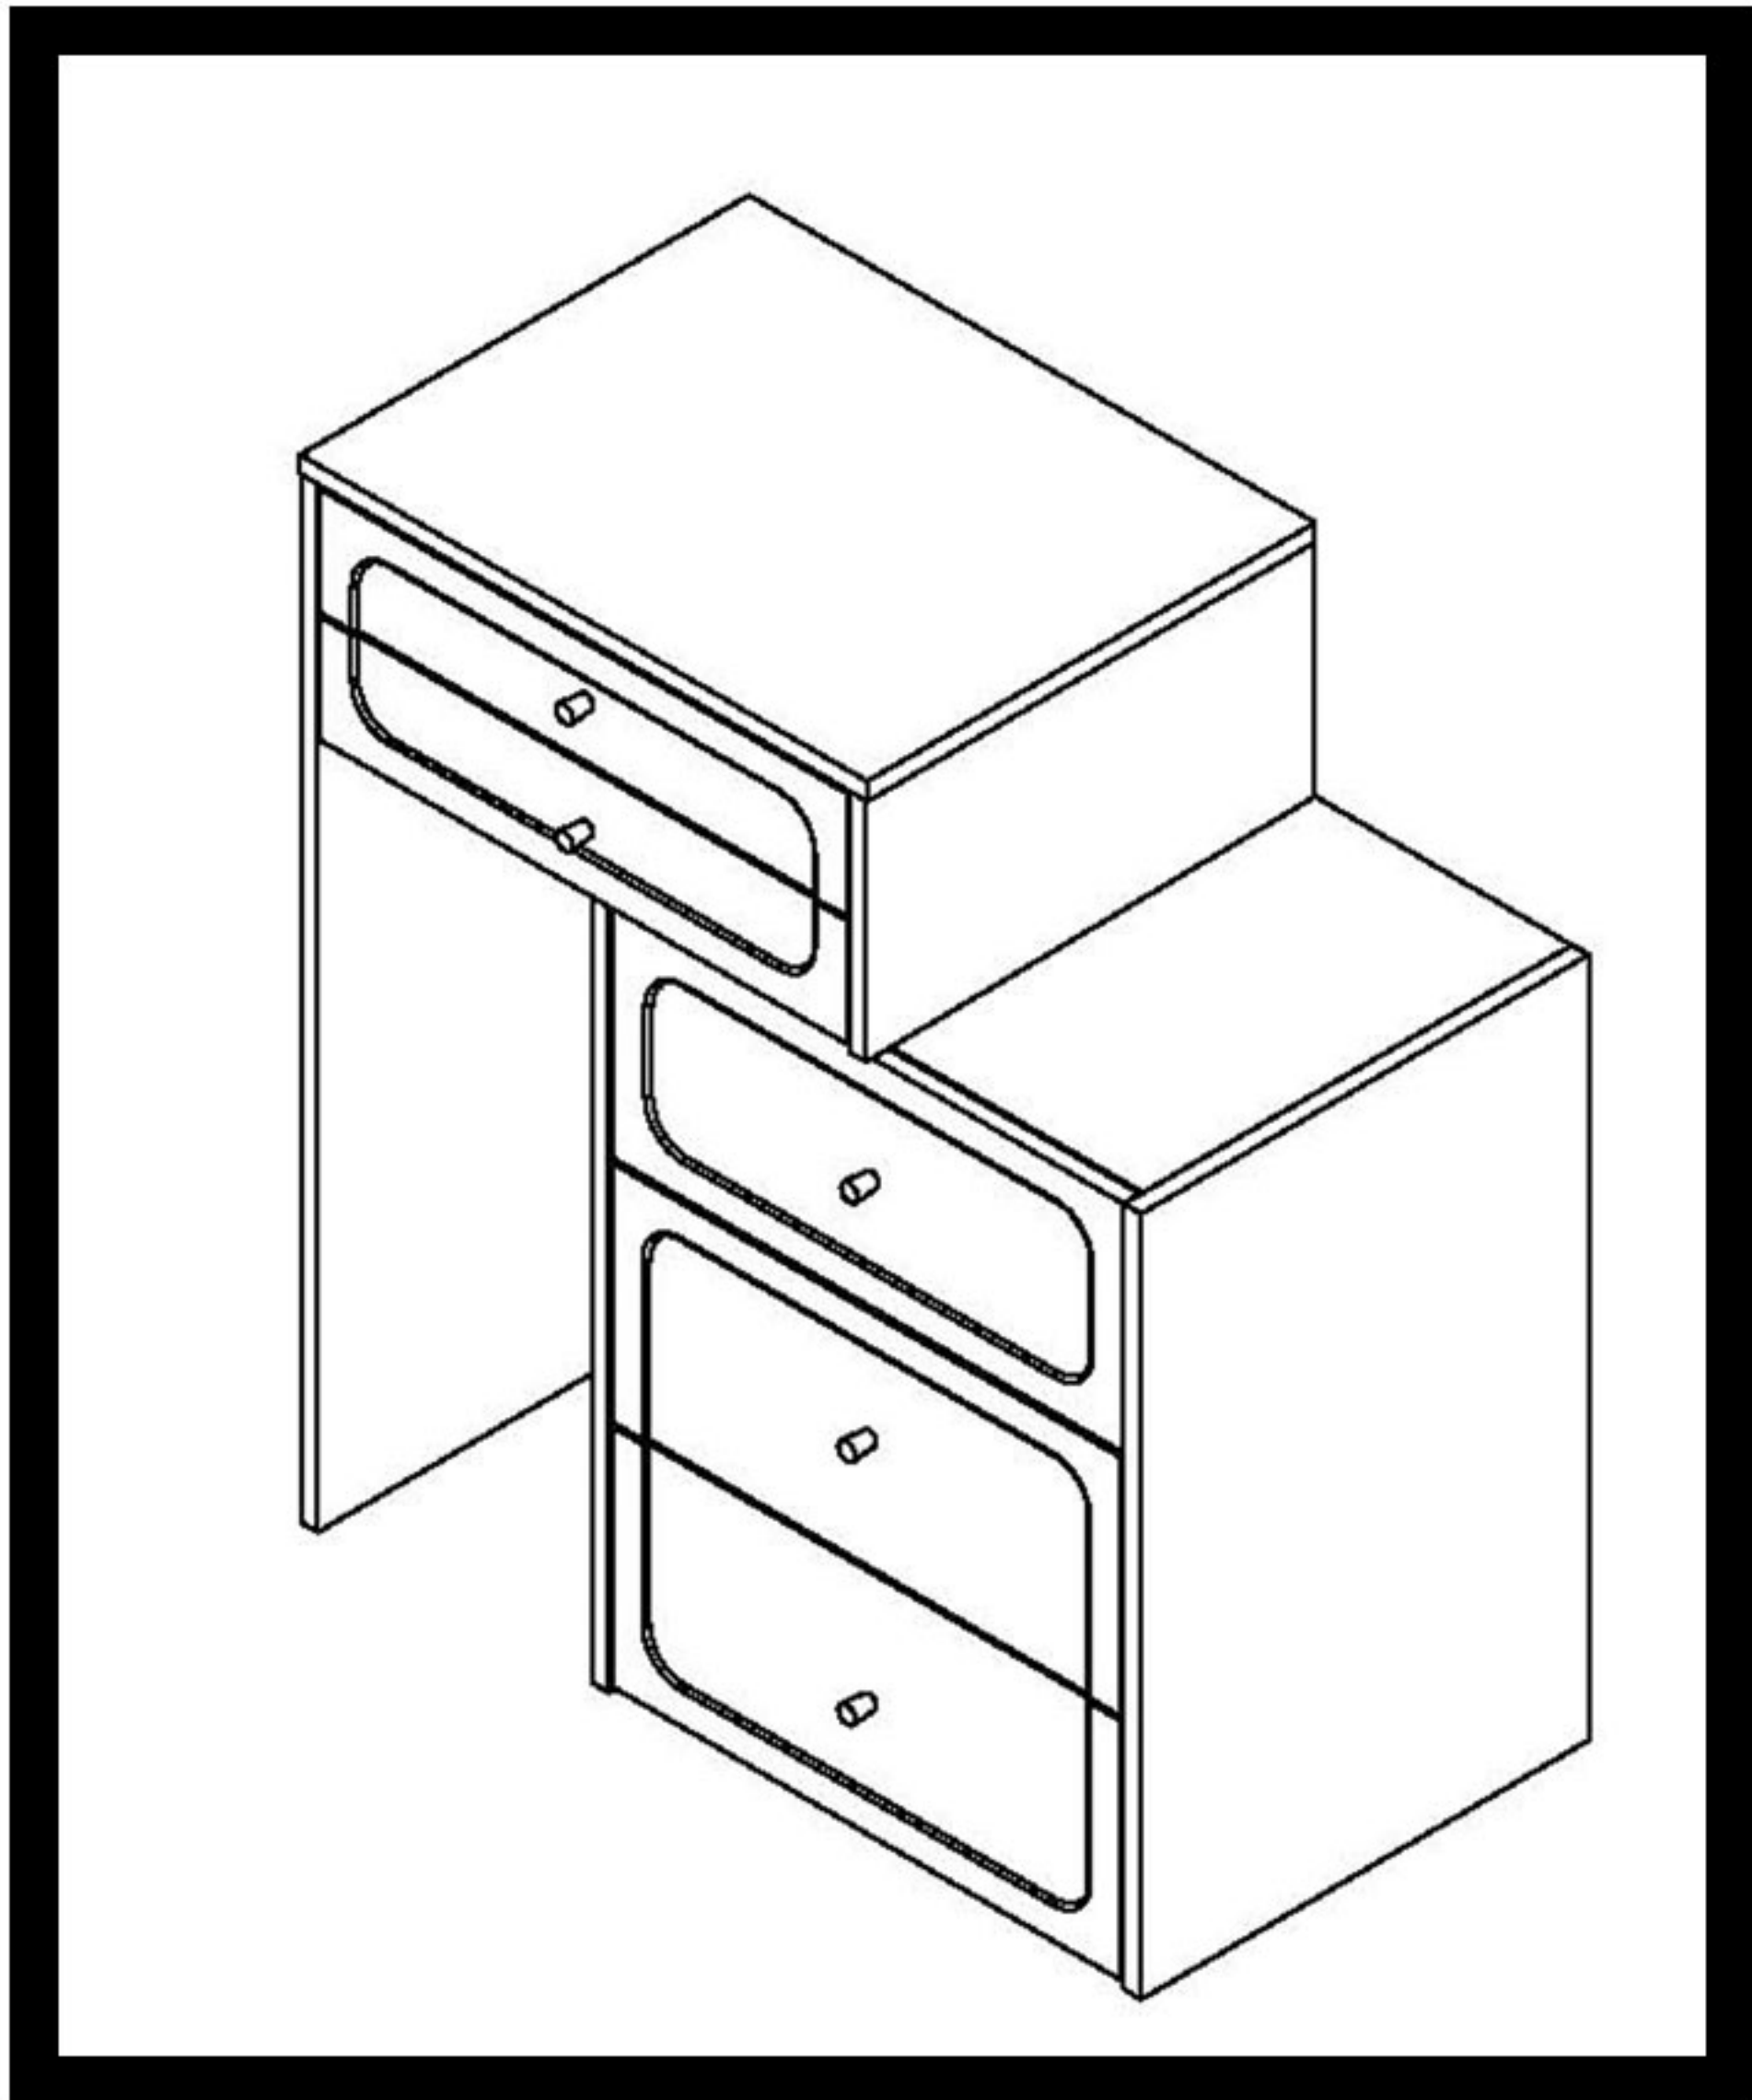

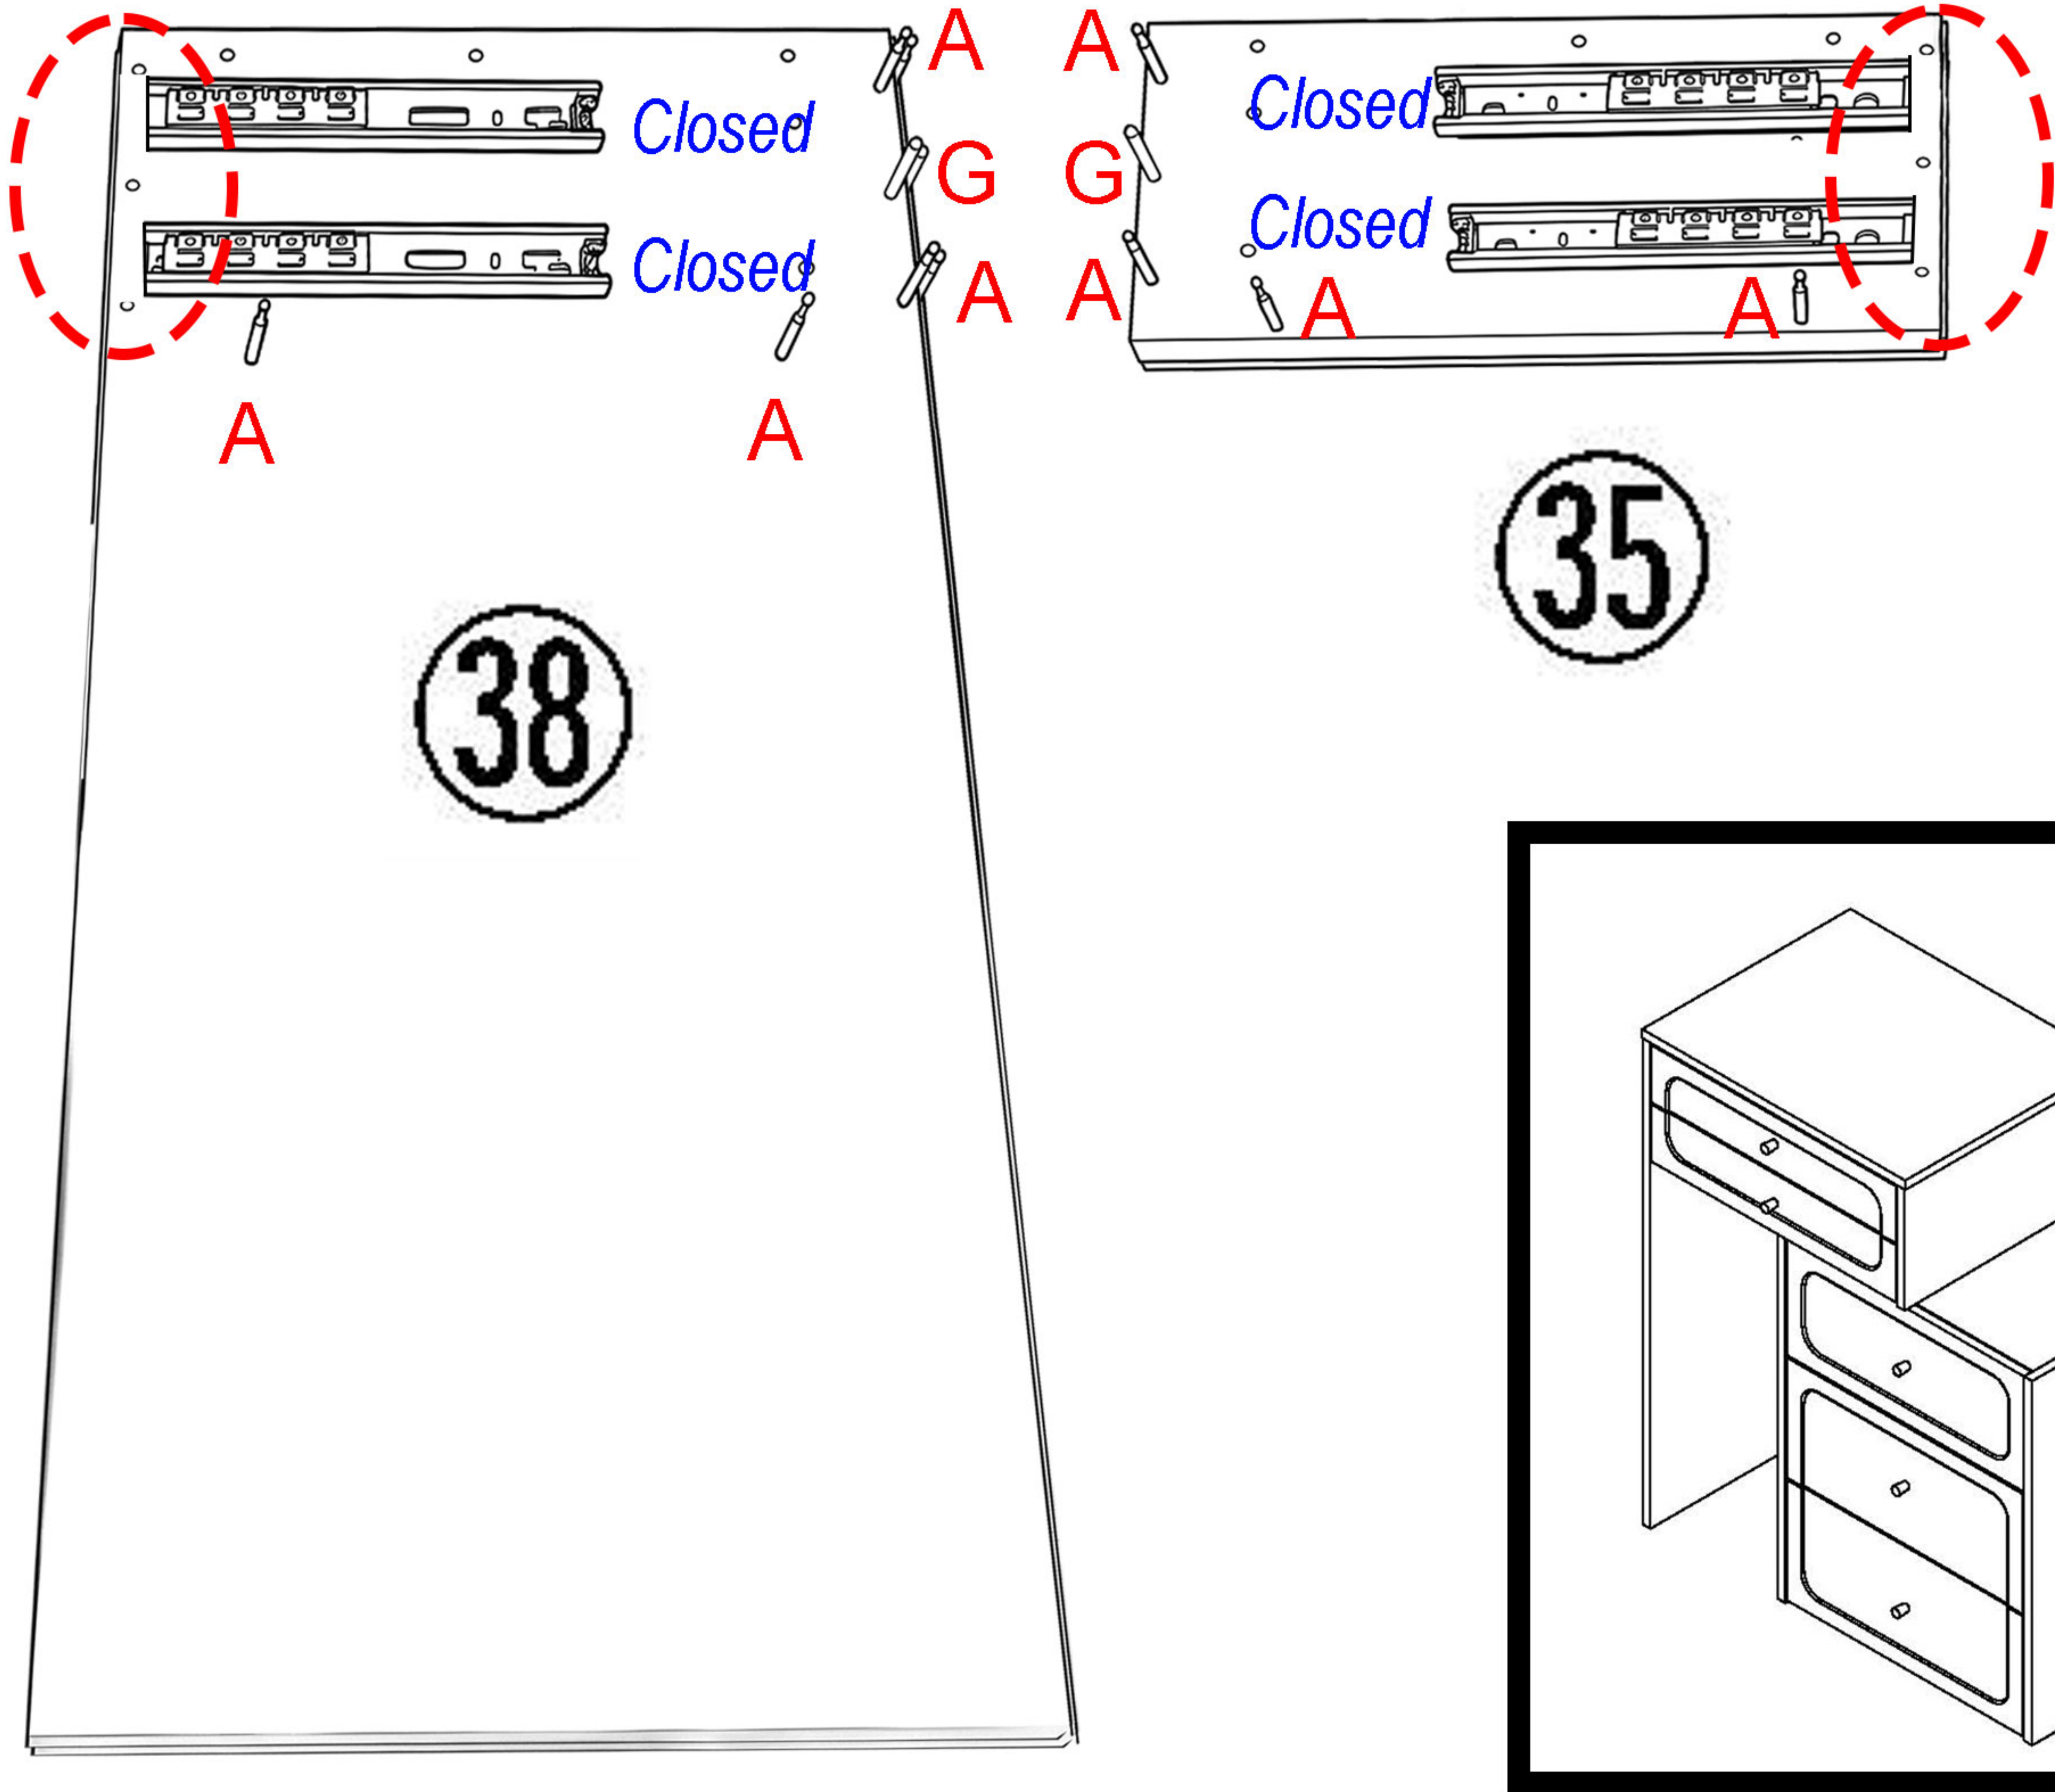

Step 19:

Option 2

 The main body part			
I	D	A	G

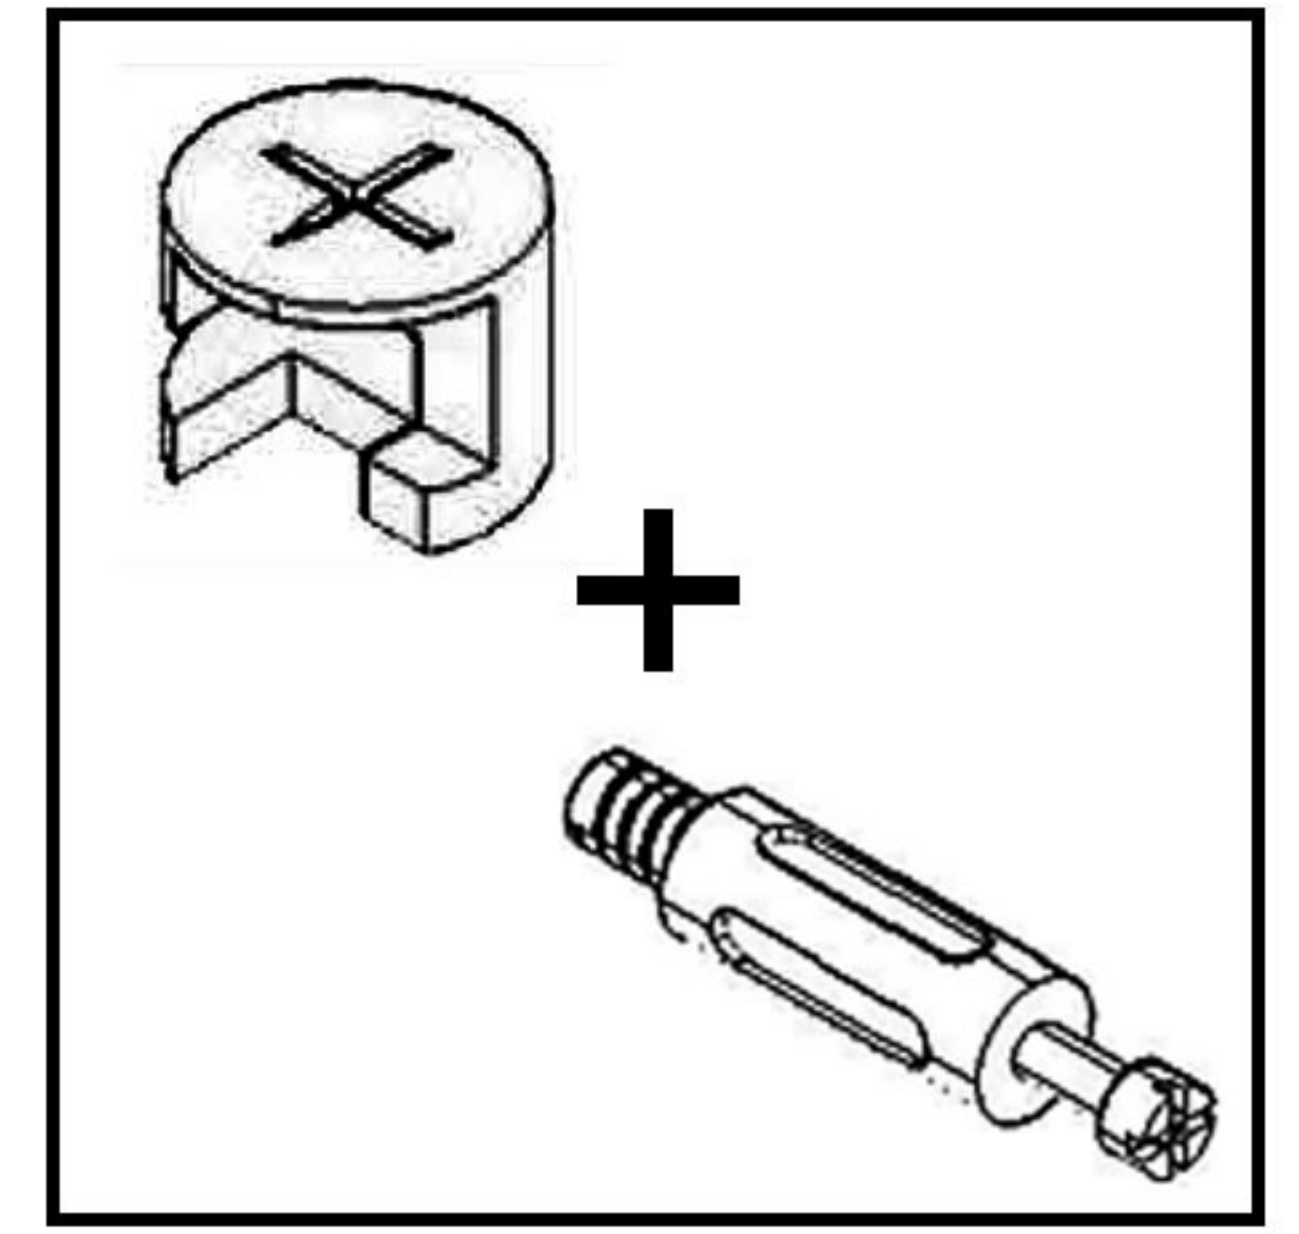

- Leave the holes near the opening empty.
- Leave a 1.7cm gap.

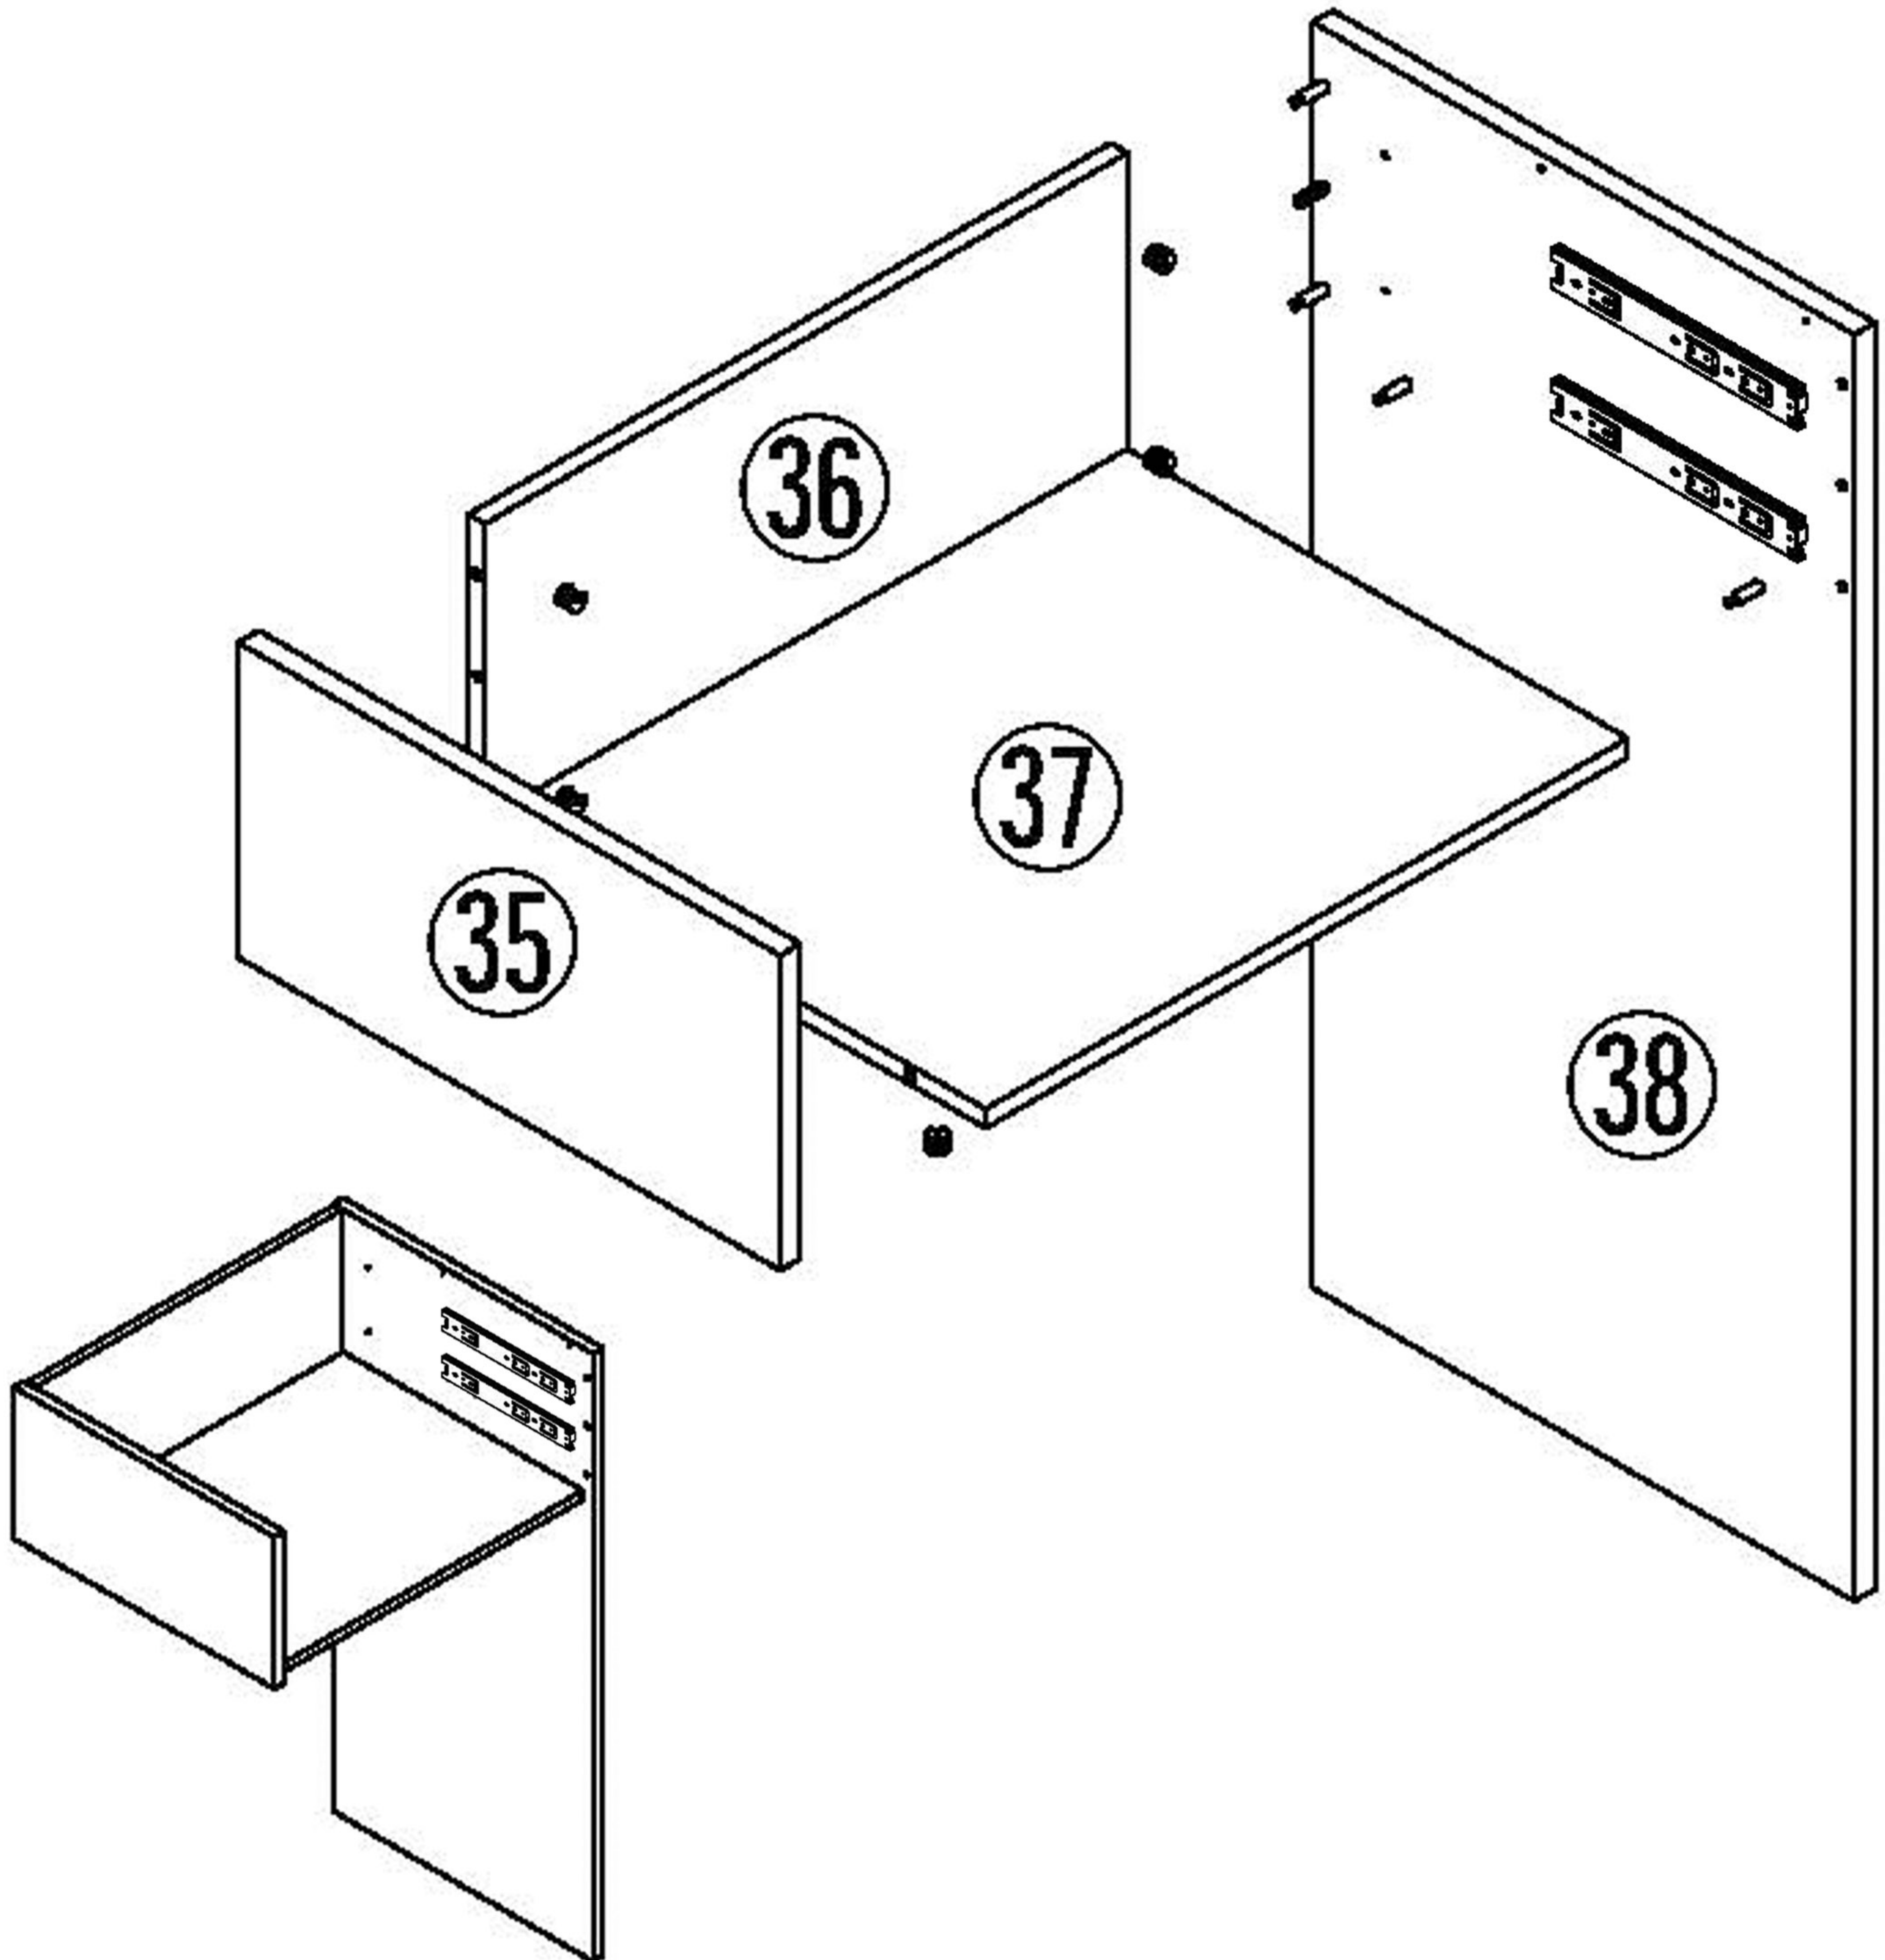

Step 20:

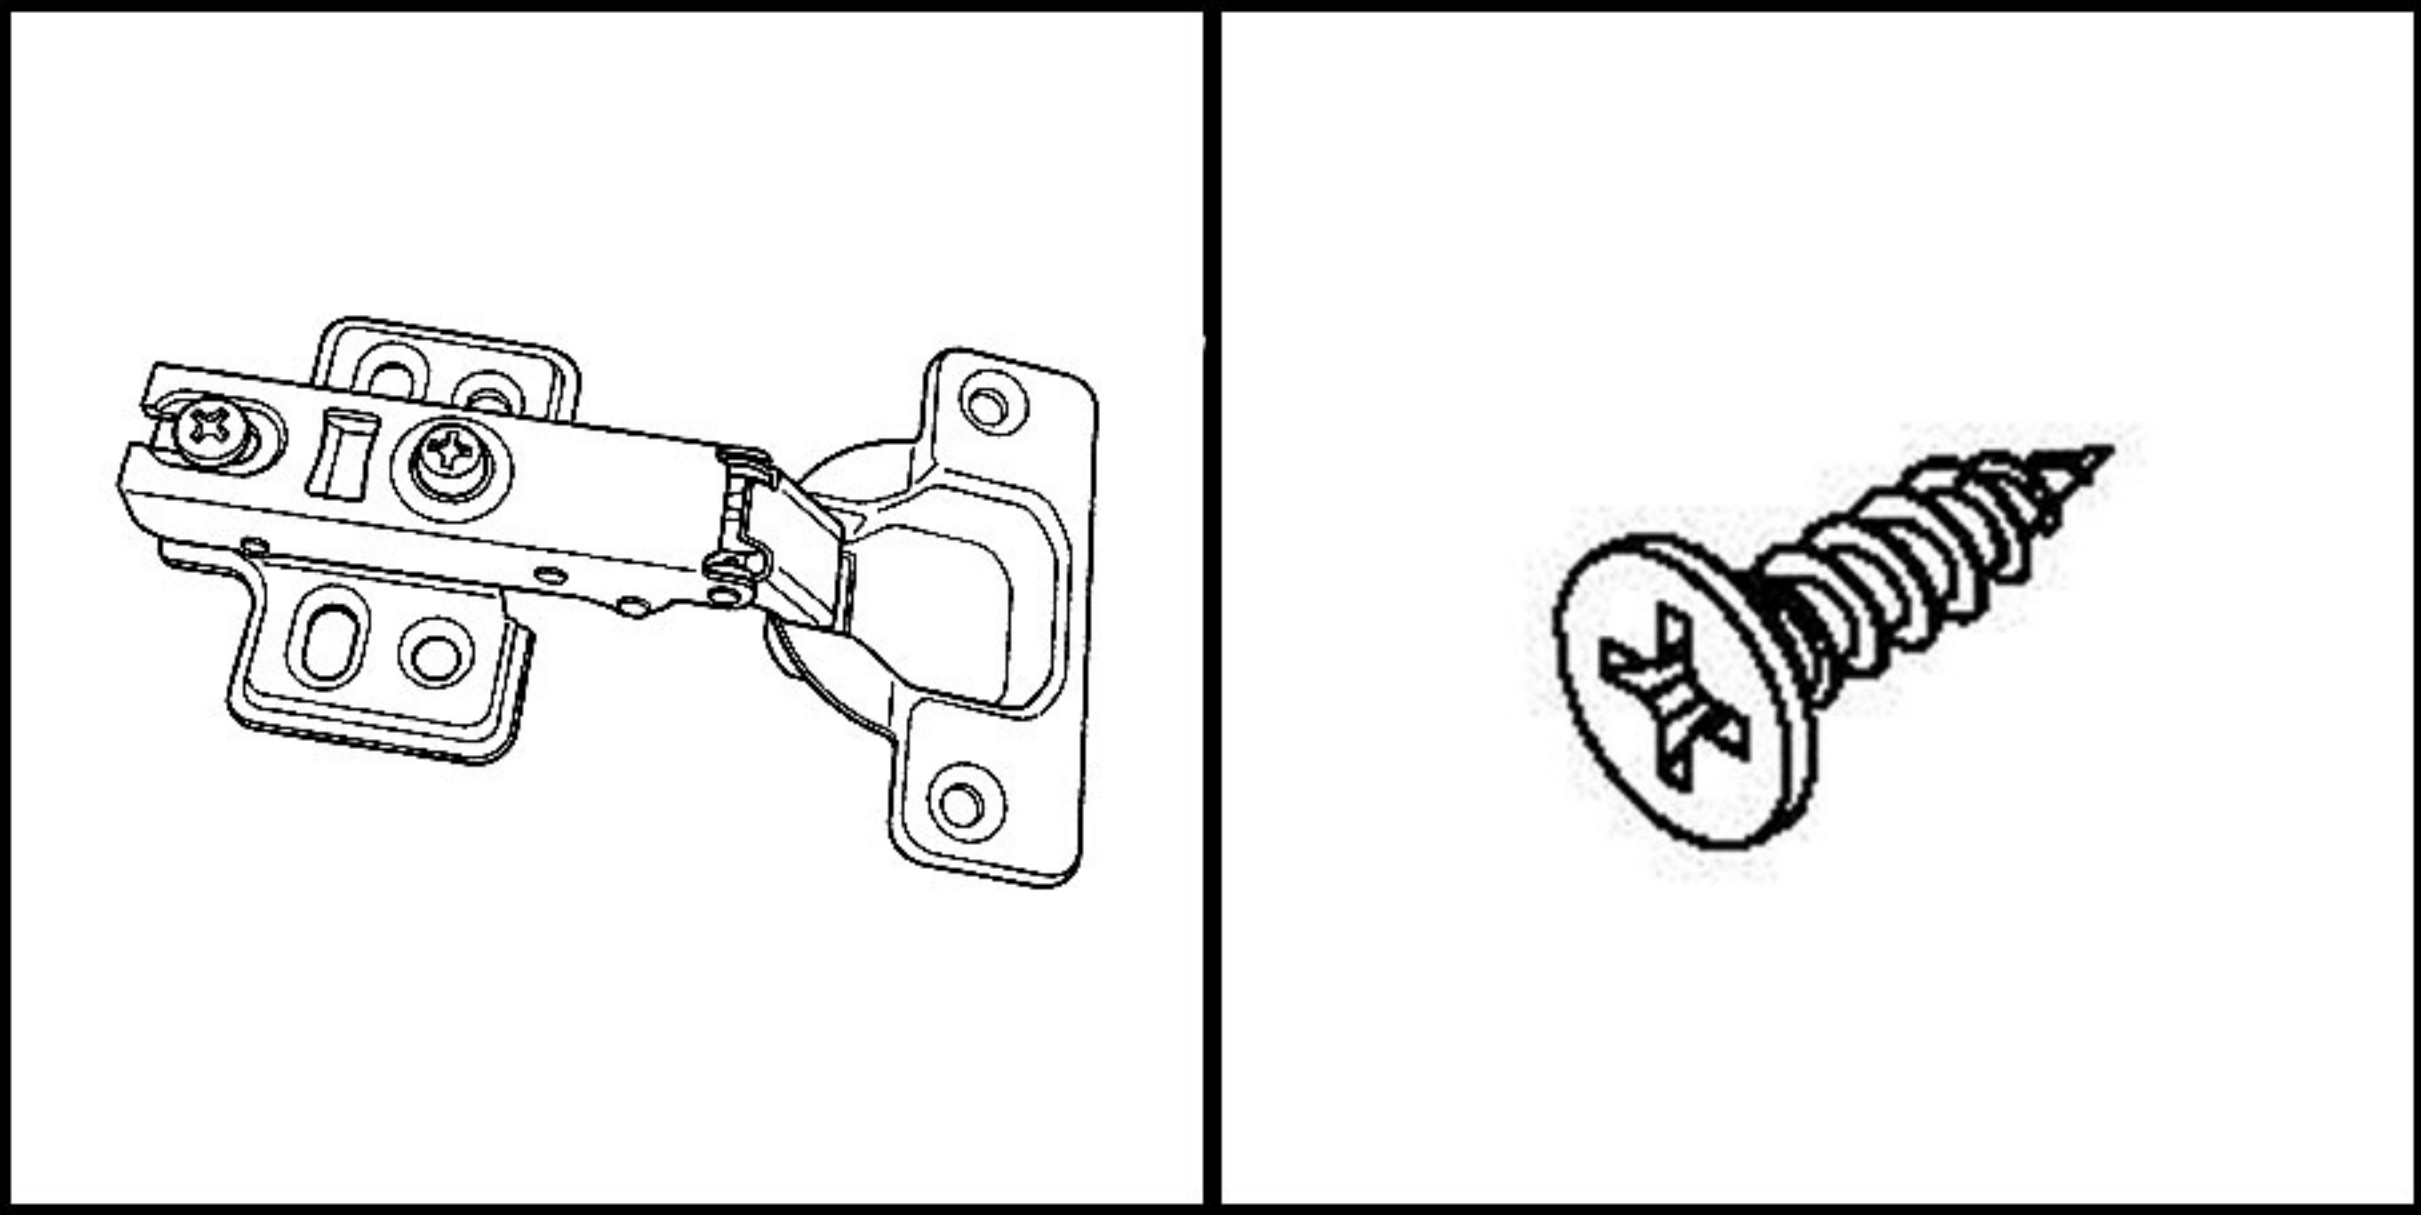

*For the next steps, use **Option 1** orientation as shown. For Option 2, install it as a mirrored (flipped) version.*
